

# Healthier Oregon & OHP Open Card

**On January 1, 2027, your health plan will change to OHP Open Card.**

**Your OHP health coverage is not ending.** You will still have OHP and the same OHP benefits. But your doctors or other health care providers might not take OHP Open Card. You may need to visit a different provider.

This change affects:

- adults with **nonimmigrant visas, refugee or asylum status**
- most adults with **permanent resident status for less than 5 years**
- adults and children who **do not have an immigration status that qualifies for other OHP programs.**

If this affects you, you will get a notice in **October and in December.**

## What do I need to do?

Ask your doctor, dentist, and other health care providers if they take OHP Open Card. If they do, you can keep visiting them. If they do not, you may need to find a new provider. Go to **OHPOpenCard.org** to find providers that take OHP Open Card.

**Starting January 1:** You can also call 800-562-4620 for help finding a provider that takes OHP Open Card.

**What happens next?** You will get more information from OHP in October and December. Read these notices. They will tell you about this change and what you need to do.

To learn more, visit **Oregon.gov/HealthierOregon** or call OHP Client Services at 800-273-0557.

**Other formats and languages** You can get this document in other languages, large print, braille or a format you prefer free of charge. Contact OHP at **Ask.OHP@odhsosha.oregon.gov** or 800-273-0557 (voice). All relay calls welcome.
