NEED FOR THE RULE(S):

The Division needs to amend OAR 410-050-0861, effective October 1, 2020, to change the Type A/B hospital assessment rate from 5.5 percent to 6.0 percent. According to statute, the director of the Oregon Health Authority is authorized to impose an assessment rate that is the best estimate to generate the revenue needed to cover authorized Oregon Health Plan expenditures for the 2019-21 biennium. The Oregon Health Authority has consulted with hospital representatives on this assessment rate change, and they support the increase. This temporary rule is being filed in order to implement the rate change until a permanent rule can be filed.

JUSTIFICATION OF TEMPORARY FILING:

The temporary rulemaking process is required to ensure that assessment collections beginning October 1, 2020, generate the appropriate amount of revenue needed to fund projected health services. The Oregon Health Authority finds that failure to act promptly will result in serious prejudice to the public interest, the Authority, and clients. The permanent administrative rule process requires more time to complete than available in this instance.

DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE:

The Oregon Health Authority uses caseload forecast and budget projections to model the hospital assessment revenue need for health services. Please contact Roger Staples at roger.staples@dhsosha.state.or.us for copies of these budget documents.
