RULE SUMMARY

The rule revisions and new rule are intended to meet the current federal Medicaid regulations. Medicaid regulations at 42 CFR 440.70 were revised consistent with section 6407 of the Affordable Care Act of 2010 and section 504 of the Medicare Access and CHIP Reauthorization Act of 2015 to add requirements that, for home health services and certain medical equipment, a face-to-face encounter with the OHP fee-for-service client must be conducted within established timeframes. This aligns timeframes with similar regulatory requirements for Medicare home health services. Repealing OAR 410-127-0050 as copayments are no longer required.
