410-129-0020 – Therapy Plan of Care, Goals/Outcomes and Record Requirements (T)

(1) Therapy shall be based on a prescribing practitioner’s written order and therapy treatment plan with goals and objectives developed from an evaluation or re-evaluation. The limits, authorization, and plan of treatment criteria apply to both rehabilitative and habilitative therapy. The definition for both is the following:

(a) “Rehabilitative Services” means health care services that help keep, get back, or improve skills and functioning for daily living that have been lost or impaired due to being sick, hurt, or disabled;

(b) “Habilitative Services” means health care services that help keep, learn, or improve skills and functioning for daily living. Examples include therapy for a child who isn’t walking or talking at the expected age.

(2) The therapy regimen shall be taught to individuals, including the patient, family members, foster parents, and caregivers who can assist in the achievement of the goals and objectives. The Division shall not authorize extra treatments for teaching.

(3) All speech-language pathology (SLP) treatment services require a therapy plan of care that is required for prior authorization (PA) for payment.

(4) The Division shall authorize for the level of care or type of service that meets the client’s medical need consistent with the Health Evidence Review Commission’s (HERC) Prioritized List of Health Services (Prioritized List) and guideline notes, dated October 1, 2016.

(5) The SLP therapy plan of care shall include:

(a) Client’s name and diagnosis;

(b) The type, amount, frequency, and duration of the proposed therapy;

(c) Individualized, measurably objective, short-term and long-term functional goals;

(d) Dated signature of the therapist or the prescribing practitioner establishing the therapy plan of care; and

(e) Evidence of certification of the therapy plan of care by the prescribing practitioner.

(6) SLP therapy records shall include:

(a) Documentation of each session;
(b) Therapy provided;

(c) Duration of therapy; and

(d) Signature of the speech-language pathologist.

Stat. Auth.: ORS 413.042

Stats. Implemented: ORS 414.025, 414.065 & 681.205
410-129-0040 – Maintenance (T)

(1) Determination of when maintenance therapy is reached is made through comparison of written documentation of evaluation of the last several functional evaluations related to initial baseline measurements.

(2) Therapy becomes maintenance when any one of the following occur:

(a) The therapy treatment plan goals and objectives are reached and no further goals are needed; or

(b) There is no progress toward the rehabilitative or habilitative treatment plan goals and objectives; or

(c) The therapy treatment plan does not require the skills of a therapist; or

(d) The client, family, foster parents, or caregiver have been taught the therapy regimen and can carry out the maintenance therapy.

(3) Therapy that becomes maintenance is not a covered service.

(4) Re-evaluation to change the therapy plan of care and up to two treatments for brief retraining of the client, family, foster parents, or caregiver are not considered maintenance therapy and are reimbursable.

(5) Providers shall maintain adequate documentation as outlined in OAR 410-120-1360 Requirements for Financial, Clinical and Other Records.

Stat. Auth.: ORS 413.042

Stats. Implemented: ORS 414.065 & 688.135
410-129-0060 – Prescription Required

(1) The prescription is the written order by the prescribing practitioner pursuant to state law governing speech-language pathology, audiology and hearing aid services. Prescription shall specify the ICD-10-CM diagnosis code for all speech-language pathology, audiology and hearing aid services that require payment/prior authorization.

(2) The provision of speech therapy services shall be supported by a written order and a therapy treatment plan signed by the prescribing practitioner. A practitioner means an individual licensed pursuant to state law to engage in the provision of health care services within the scope of the practitioner's license or certification.

(3) A written order:
   (a) Is required for the initial evaluation;
   (b) For therapy, shall specify the ICD-10-CM diagnosis code, service, amount, and duration required.

(4) Written orders shall be submitted with the payment PA request and a copy shall be on file in the provider’s therapy record. The written order and the treatment plan shall be reviewed and signed by the prescribing practitioner every six months.

(5) Authorization of payment to an audiologist or hearing aid dealer for a hearing aid will be considered only after examination for ear pathology and written prescription for a hearing aid by an ear, nose, and throat specialist (ENT) or general practitioner who has training to examine the ear and performs within the scope of his/her practice, i.e. primary care physician (not appropriate for an orthopedic specialist, chiropractor, gynecologist, etc.).

Stat. Auth.: ORS 413.042

Stats. Implemented: ORS 414.025 & 414.065
Speech-Language Pathology, Audiology and Hearing Aid Services

410-129-0065 – Licensing Requirements

(1) The Division enrolls only the following types of providers as performing providers under the Speech-Language Pathology, Audiology and Hearing Aid Services program:

   (a) An individual licensed by the relevant state licensing authority to practice speech-language pathology (SLP);

   (b) An individual licensed by the relevant state licensing authority to practice audiology; and

   (c) An individual licensed by the relevant state licensing authority for “dealing in hearing aids” as defined in Oregon Revised Statute 694.015.

(2) The Oregon Board of Examiners for SLP and Audiology licenses and the Division recognizes services provided by:

   (a) Conditional Speech-Language Pathologists; and

   (b) SLP Assistants.

(3) Services of graduate SLP students, furnished under a Conditional SLP License:

   (a) Shall be provided in compliance with supervision requirements of the state licensing board and the American Speech-Language-Hearing Association;

   (b) Shall be compliant with applicable record and documentation requirements (see also Oregon Administrative Rules in chapter 335, division 010); and

   (c) Are reimbursed to the licensed supervising speech-language pathologist.

(4) The Division shall not reimburse for services of a licensed speech-language pathologist while the pathologist is teaching or supervising students in SLP.

Stat. Auth.: ORS 413.042

Stats. Implemented: ORS 414.025, 414.065
410-129-0070 – Limitations (T)

(1) SLP services:

(a) Shall be provided by a practitioner as described in OAR 410-129-0065(1);

(b) Rehabilitative and habilitative therapy treatment:

(A) May not exceed one hour per day each, either group or individual;

(B) Shall be either group or individual and may not be combined in the authorization period; and

(C) Requires PA.

(c) The following SLP services do not require payment authorization but are limited to:

(A) Two SLP evaluations in a 12-month period;

(B) Two evaluations for dysphagia in a 12-month period;

(C) Up to four re-evaluations in a 12-month period;

(D) One evaluation for speech-generating/augmentative communication system or device and shall be reimbursed per recipient in a 12-month period;

(E) One evaluation for voice prosthesis or artificial larynx and shall be reimbursed in a 12-month period;

(F) Purchase, repair, or modification of electrolarynx;

(G) Supplies for speech therapy and shall be reimbursed up to two times in a 12-month period, not to exceed $5 each;

(d) The purchase, rental, repair, or modification of a speech-generating/augmentative communication system or device requires PA. Rental of a speech-generating/augmentative communication system or device is limited to one month. All rental fees shall be applied to the purchase price.

(2) Audiology and hearing aid services:

(a) All hearing services shall be performed by a licensed physician, audiologist, or hearing aid specialist;

(b) Reimbursement is limited to one (monaural) hearing aid every five years for adults (age 21 and older) who meet the following criteria: Loss of 45 decibel (dB) hearing level
Speech-Language Pathology, Audiology and Hearing Aid Services

or greater in two or more of the following three frequencies: 1000, 2000, and 3000 Hertz (Hz) in the better ear;

(c) Adults who meet the criteria above and, in addition, have vision correctable to no better than 20/200 in the better eye may be authorized for two hearing aids for safety purposes. A vision evaluation shall be submitted with the PA request;

(d) Two (binaural) hearing aids shall be reimbursed no more frequently than every three years for children (birth through age 20) who meet the following criteria:

(A) Pure tone average of 25dB for the frequencies of 500Hz, 1000Hz and 2000Hz; or

(B) High frequency average of 35dB for the frequencies of 3000Hz, 4000Hz and 6000Hz.

(e) An assistive listening device may be authorized for individuals aged 21 or over who are unable to wear or who cannot benefit from a hearing aid. An assistive listening device is defined as a simple amplification device designed to help the individual hear in a particular listening situation. It is restricted to a hand-held amplifier and headphones;

(f) Services that do not require payment authorization:

(A) One basic audiologic assessment in a 12-month period;

(B) One basic comprehensive audiometry (audiologic evaluation) in a 12-month period;

(C) One hearing aid examination and selection in a 12-month period;

(D) One pure tone audiometry (threshold) test; air and bone in a 12-month period;

(E) One electroacoustic evaluation for hearing aid; monaural in a 12-month period;

(F) One electroacoustic evaluation for hearing aid; binaural in a 12-month period;

(G) Hearing aid batteries — maximum of 60 individual batteries in a 12-month period. Clients shall meet the criteria for a hearing aid.

(g) Services that require payment authorization:

(A) Hearing aids;

(B) Repair of hearing aids, including ear mold replacement;

(C) Hearing aid dispensing and fitting fees;

(D) Assistive listening devices;
(E) Cochlear implant batteries.

(h) Services not covered:

(A) FM systems — vibro-tactile aids;

(B) Earplugs;

(C) Adjustment of hearing aids is included in the fitting and dispensing fee and is not reimbursable separately;

(D) Aural rehabilitation therapy is included in the fitting and dispensing fee and is not reimbursable separately;

(E) Tinnitus maskers.

Stats. Implemented: ORS 414.065 & 681.325
Speech-Language Pathology, Audiology and Hearing Aid Services

410-129-0080 – Prior Authorization

(1) Speech-language pathology, audiology and hearing aid providers shall obtain PA for services as specified in rule.

(2) Providers shall request PA as follows (see the Speech-Language Pathology, Audiology and Hearing Aid Services Program Supplemental Information booklet for contact information):

   (a) For Medically Fragile Children’s Unit (MFCU) clients, from the Authority MFCU;

   (b) For clients enrolled in the fee-for-service Medical Case Management program, from the Medical Case Management contractor;

   (c) For clients enrolled in a prepaid health plan, from the prepaid health plan;

   (d) For all other clients, from the Division.

(3) For services requiring authorization, providers shall contact the responsible unit for authorization within five working days following initiation or continuation of services. The FAX or postmark date on the request will be honored as the request date. It is the provider’s responsibility to obtain payment authorization.

[Publications: Publications referenced are available from the agency.]

Stat. Auth.: ORS 413.042

Stats. Implemented: ORS 414.025 & 414.065
410-129-0100 – Medicare/Medicaid Claims

(1) When an individual not in managed care has both Medicare and Medicaid coverage, audiologists shall bill audiometry and all diagnostic testings to Medicare first. Medicare will automatically forward these claims to Medicaid. Refer to OAR 410-120-1210 (General Rules) for information on Division reimbursement. For managed care clients with Medicare, contact the clients Managed Care Organization (MCO).

(2) Audiologists shall bill all hearing aids and related services directly to the Division on an OHP 505. Payment authorization is required on most of these services.

(3) If Medicare transmits incorrect information to the Division, or if an out-of-state Medicare carrier or intermediary was billed, providers shall bill the Division using an OHP 505 form. If any payment is made by the Division, an adjustment request shall be submitted to correct payment, if necessary.

(4) Send all completed OHP 505 forms to the Division.

(5) Hearing aid dealers shall bill all services directly to the Division on a CMS-1500. Payment authorization is required on most services.

(6) When a client not in managed care has both Medicare and Medicaid coverage, speech-language pathologists shall bill services to Medicare first. Medicare will automatically forward these claims to Medicaid. Refer to OAR 410-120-1210 (General Rules) for information on Division reimbursement. For managed care clients with Medicare, contact the client’s Managed Care Organization (MCO).

Stat. Auth.: ORS 413.042

410-129-0180 – Procedure Codes

(1) Procedure codes listed in the Speech-Language Pathology, Audiology and Hearing Aid Services Program rules are intended for use by licensed speech-language pathologists, licensed audiologists, and certified hearing aid dealers.

(2) Physicians and nurse practitioners are subject to the administrative rules contained in the Division Medical-Surgical Services Program rules and shall bill the Division using the processes and procedure codes identified in those rules.

Stat. Auth.: ORS 413.042

Stats. Implemented: ORS 414.025 & 414.065
410-129-0200 – Speech-Language Pathology Procedure Codes

(1) Inclusion of a current procedural terminology (CPT) or healthcare common procedure coding system (HCPCS) code in the following tables does not imply a code is covered. Refer to OARs 410-141-0480, 410-141-0500, and 410-141-0520 for information on coverage.

(2) Speech therapy services codes: Table 129-0200-1.

(3) Other speech services codes: Table 129-0200-2.

Stat. Auth.: ORS 413.042

Stats. Implemented: ORS 414.025, 414.065
Table 129-0200-1 – Speech Therapy Services

92506 – Evaluation of speech, language, voice, communication, and/or auditory processing limited to two per 12-month period

92507 – Treatment of speech/language, voice, communication and/or auditory processing disorder; individual-Prior authorization (PA) required

92508 – Group, two or more individuals-PA required

92526 – Treatment of swallowing dysfunction and/or oral function for feeding-PA required

92610 – Evaluation of oral and pharyngeal swallowing function- limited to two per 12-month period

92611 – Motion fluoroscopic evaluation of swallowing function by cine or video recording-limited to two per 12-month period

S9152 – Speech therapy, re-evaluation-limited to four per 12-month period
### Table 129-0200-2 – Other Speech Services

92597 – Evaluation for use and/or fitting of voice prosthetic device to supplement oral speech

92607 – Evaluation for prescription for speech-generating augmentative and alternative communication device, face-to-face with the patient; first hour

92608 – Each additional 30 minutes (List separately in addition to code for primary procedure)

92609 – Therapeutic services for the use of speech-generating device, including programming and modification

A4649 – Supplies for speech therapy-limited to two per calendar year, not to exceed $4.75 each

E2500 – Speech generating device, digitized speech, using prerecorded messages, less than or equal to 8 minutes recording time-Prior authorization (PA) required

E2502 – Speech generating device, digitized speech, using prerecorded messages, greater than 8 minutes but less than 20 minutes-PA required

E2504 – Speech generating device, digitized speech, using prerecorded messages, greater than 20 minutes but less than 40 minutes-PA required

E2506 – Speech generating device, digitized speech, using prerecorded messages, greater than 40 minutes recording time-PA required

E2508 – Speech generating device, synthesized speech, requiring message formulation by spelling and access by physical contact with the device-PA required

E2510 – Speech generating device, synthesized speech, permitting multiple methods of message formulation and multiple methods of device access-PA required

E2511 – Speech generating software program, for personal computer or personal digital assistant-PA required

E2512 – Accessory for speech generating device, mounting system-PA required

E2599 – Accessory for speech generating device, not otherwise classified-PA required

L7510 – Repair of prosthetic device, repair or replace minor parts-PA required

L7520 – Repair prosthetic device, labor component, per 15 minutes-PA required

L8500 – Artificial larynx, any type
Speech-Language Pathology, Audiology and Hearing Aid Services

L8501 – Tracheostomy speaking valve

L8507 – Tracheo-esophageal voice prosthesis, patient inserted, any type, each

L8509 – Tracheo-esophageal voice prosthesis, inserted by a licensed health provider, any type

L8510 – Voice amplifier-PA required

L8515 – Gelatin capsule, application device for use with tracheoesophageal voice prosthesis, each

L9900 – Orthotic and prosthetic supply necessary or service component of another HCPCS L code

V5336 – Repair/modification of augmentative communication system or device (excludes adaptive hearing aid) PA required
410-129-0220 – Augmentative Communications System or Device

(1) Augmentative Communications System or Device and the necessary attachment equipment to bed or wheelchair are a covered benefit of the Division.

(2) The requested system or device shall be approved, registered, or listed as a medical device with the Food and Drug Administration.

(3) Criteria for coverage: Providers shall meet each of the following components and submit documentation to the Division with the PA request for review:

   (a) A physician’s statement of diagnosis and medical prognosis (not a prescription for an augmentative device) documenting the inability to use speech for effective communication as a result of the diagnosis;

   (b) Reliable cognitive ability and a consistent motor response to communicate that can be measured by standardized or observational tools:

       (A) Object permanence — ability to remember objects and realize they exist when they are not seen; and

       (B) Means end — ability to anticipate events independent of those currently in progress — the ability to associate certain behaviors with actions that will follow;

   (c) The client shall be assessed by a speech-language pathologist and when appropriate an occupational therapist or physical therapist. The evaluation report shall include:

       (A) A completed OHA 3047 form: Augmentative Communication Device Selection Report Summary (page 1) and required elements of the Formal Augmentative/Alternative Communication Evaluation (page 2). Attach additional pages required to complete information requested;

       (B) An explanation of why this particular device is best suited for this client and why the device is the lowest level that will meet basic functional communication needs;

       (C) Evidence of a documented trial of the selected device and a report on the client’s success in using this device; and

       (D) A therapy treatment plan with the identification of the individual responsible to program the device and monitor and reevaluate on a periodic basis;

   (d) Providers send requests for augmentative communications systems or devices to the Division; and
Speech-Language Pathology, Audiology and Hearing Aid Services

(e) The manufacturer’s MSRP and the vendor’s acquisition cost quotations for the device shall accompany each request including where the device is to be shipped.

(4) The Division shall reimburse for the lowest level of service that meets the medical need.

Stat. Auth.: ORS 413.042

Stats. Implemented: ORS 413.042 & 414.065
410-129-0240 – Audiologist and Hearing Aid Procedure Codes

(1) Inclusion of a CPT/HCPCS code on the following tables does not imply that a code is covered. Refer to OARs 410-141-0480, 410-141-0500, and 410-141-0520 for information on coverage.

(2) Audiologist and hearing aid procedure codes: Table 0240-1.

(3) Special Otorhinolaryngologic services codes: Table 0240-2. These codes only apply to services for cochlear implants. These services include medical diagnosis evaluation by the otology physician.

Stat. Auth.: ORS 413.042

Stats. Implemented: ORS 414.025, 414.065 & 681.605

410-129-0260 – Hearing Aids and Hearing Aid Technical Service and Repair

(1) Hearing aids shall be billed to the Division at the provider’s acquisition cost and shall be reimbursed at such rate. For purposes of this rule, acquisition cost is defined as the actual dollar amount paid by the provider to purchase the item directly from the manufacturer (or supplier) plus any shipping or postage for the item.

(2) Submit history of hearing aid use and an audiogram when requesting payment authorization for hearing aids.

(3) Procedure codes: Table 129-0260.

Table 129 0280 – Hearing Testing

92541 – Spontaneous nystagmus test, including gaze and fixation nystagmus, with recording

92542 – Positional nystagmus test, minimum of four positions, with recording

92543 – Caloric vestibular test, each irrigation (binaural, bithermal stimulation constitutes four tests) with recording

92544 – Optokinetic nystagmus test, bidirectional, foveal or peripheral stimulation, with recording

92545 – Oscillating tracking test, with recording

92546 – Sinussoidal vertical axis rotational testing

92547 – Use of vertical electrodes in any or all of above tests counts as one additional test

92551 – Screening test, pure tone, air only

92552 – Pure tone audiometry (threshold); air only

92555 – Speech audiometry; threshold only

92556 – With speech recognition

92562 – Loudness balance test, alternate binaural or monaural

92563 – Tone decay test

92564 – Short increment sensitivity index (SISI)

92565 – Stenger test, pure tone

92567 – Tympanometry

92568 – Acoustic reflex testing; threshold

92569 – Acoustic reflex testing; decay

92571 – Filtered speech tests

92572 – Staggered spondaic word test
Speech-Language Pathology, Audiology and Hearing Aid Services

92576 – Synthetic sentence identification test

92577 – Stenger test, speech

92579 – Visual reinforcement audiometry (VRA)

92582 – Conditioning play audiometry

92583 – Select picture audiometry

92585 – Auditory evoked potentials for evoked response audiometry and/or testing of the central nervous system; comprehensive

92586 – Auditory evoked potentials for evoked response audiometry and/or testing of the central nervous system; limited

92587 – Evoked Otoacoustic Emissions - limited (single stimulus level, either transient or distortion products)

92588 – Evoked Otoacoustic Emissions - comprehensive or diagnostic evaluation (comparison of transient and/or distortion product otoacoustic emissions at multiple levels and frequencies)

92589 Central auditory function test(s) (specify)
410-129-0190 – Client Copayments (Suspended (T))

Copayments may be required for certain services. See OAR 410-120-1230 for specific details.
