AMEND: 410-141-0520

REPEAL: Temporary 410-141-0520 from DMAP 91-2018

RULE TITLE: Prioritized List of Health Services

NOTICE FILED DATE: 11/02/2018

RULE SUMMARY: The Authority finds that failure to act promptly will result in serious prejudice to the public interest, the Authority, providers, and clients receiving services. These rule changes need to be adopted promptly so that the Authority is in compliance with CMS regulations. This rulemaking action will avoid or mitigate the risks mentioned above by incorporating in rule the interim modifications as made to the Prioritized List of Health Services and ensure the consistent provisions of medically and dentally appropriate services. The OHP program administrative rules govern the Division's payments for services provided to clients. The Authority is permanently adopting temporary changes made to 410-141-0520 on October 1, 2018. This change references the approved Health Evidence Review Commission (HERC) Prioritized List of Health Services, effective January 1, 2018– December 31, 2019, and incorporating interim modifications and annotations approved through August 9, 2018, and not made under a previous rule filing.

RULE TEXT:

(1) The Health Evidence Review Commission (HERC) Prioritized List of Health Services (Prioritized List) is the listing of physical and behavioral health services with "expanded definitions" of practice guidelines and statements of intent as presented to the Oregon Legislative Assembly. The Prioritized List is generated and maintained by HERC. The HERC maintains the most current list on their website: <https://www.oregon.gov/oha/HPA/DSI-HERC/Pages/Prioritized-List.aspx>. For a hard copy, contact the Division within the Oregon Health Authority (Authority).

(2) This rule, effective October 1, 2018, incorporates by reference new interim modifications to the Centers for Medicare and Medicaid Services' (CMS) approved biennial January 1, 2018–December 31, 2019, Prioritized List funded through line 469. This amended Prioritized List includes revised line items and new/revised guideline notes, statements of intent, coding specifications, and annotations that supersede those found in the April 1, 2018, Prioritized List as amended on July 3, 2018.
