NEED FOR THE RULE(S):

The OHP program administrative rules govern the Division's payments for services provided to clients. The Authority needs to temporarily amend OAR 410-141-3830. This change will reference the approved Health Evidence Review Commission (HERC) Prioritized List of Health Services, effective January 1, 2022– September 30, 2022, and incorporating interim modifications annotations. The changes will be effective January 1, 2022.

JUSTIFICATION OF TEMPORARY FILING:

The Authority finds that failure to act promptly will result in serious prejudice to the public interest, the Authority, providers and recipients of Medicaid benefits. The Division needs to amend this rule to reflect the correct changes to the Covered and Non-Covered Services, January 1, 2022, and align rule text with the designated benefit package on the Prioritized List.
