

About OHP Bridge

OHP Bridge is a new Oregon Health Plan (OHP) benefit package that covers adults with higher incomes. People who can get OHP Bridge must:

- Be 19 to 65 years old;
- Have an income between **138 percent and 200 percent of the federal poverty level** (FPL);
- Have an eligible citizenship or immigration status to qualify; and,
- Not have access to other affordable health insurance.

OHP Bridge is free to members

Just like OHP Plus, OHP Bridge is free to members. That means no premiums, no co-payments, no coinsurance, and no deductibles. All covered services are free.

What's covered

OHP Bridge is almost the same as OHP Plus. OHP Bridge covers medical, dental and behavioral health care, pharmacy care, and more. There are a few things that OHP Bridge does not cover:

OHP Bridge covers

- Medical, dental, behavioral health care, and more > [OHP.Oregon.gov/Benefits](https://www.oregon.gov/Benefits)
- Rides to care > [OHP.Oregon.gov/Rides](https://www.oregon.gov/Rides)

OHP Bridge does not cover

- Long-term services and supports to help with tasks of daily living, such as in-home care or assisted living
- Health Related Social Needs: Climate, Housing and Food supports

Using your benefits

There are three steps to start using your OHP Bridge benefits:

- 1 Get to know your coordinated care organization (CCO). Your CCO can help you get the care you need. They will send you a plastic member ID card and welcome packet.
- 2 Pick a provider. Call your CCO or Use their online provider search to find a local primary care provider and dentist, and any additional care you need.
- 3 Make an appointment.

What is a CCO?

Most OHP Bridge members are part of a coordinated care organization, also known as a CCO. A CCO is a network of health care providers who work together to serve people in their community. You can find a list of all CCOs at [OHP.Oregon.gov/Contacts](https://www.oregon.gov/Health/Programs/Insurance/Options/OHP/OHP.Oregon.gov/Contacts). If you do not know your CCO call 1-800-273-0057.

Keeping your coverage

- Most people will need to renew OHP Bridge after 12 months. People on OHP Bridge will be able to keep coverage between renewals even if their income changes.
- **Report changes:** You must report changes to the information you provided, such as if your address or income changes. You must also report any offers of health insurance through an employer. OHP Bridge may end if you have other affordable coverage available to you. Learn more about the ways to report changes or how you can get help at [Benefits.Oregon.gov](https://www.oregon.gov/Health/Programs/Insurance/Options/OHP/OHP.Oregon.gov/Benefits).
