

Requesting medical review of CCO disenrollment requests

Coordinated care organization (CCO) members can now ask for temporary fee-for-service (FFS) coverage for continuity of care reasons using the *Member Request for Temporary Fee-for-Service Health Care* (OHP 0416) form. The process begins with members giving the completed form to their primary care provider (PCP).

When a PCP receives a completed form, they must use the Oregon Health Authority (OHA) prior authorization process to request medical review of the patient’s request for FFS coverage.

This document explains how to request these reviews and what notices OHA will send.

Completing a Provider Web Portal request

If using the Prior Authorization panel to submit your request, complete these fields and submit to OHA. For details about sending Web PA requests, read the [Prior Authorization Handbook](#).
