

Quick Guide to Income Eligibility (effective March 1, 2025)

Hospitals - Refer to the following table when making Hospital Presumptive Eligibility determinations based on the information required in Part 1 of the [OHP 7260 form](#).

- Determine the family size for each applicant.
- Count the monthly gross income (before taxes) of everyone included in the family size for the specific program.
- If the applicant's income is equal to or under the income limit for a program, the applicant is considered financially eligible for that program.
- Only calculate HPE eligibility based on monthly income. Do not consider annual income amounts.

NOTE: Income standards for HPE are not the same as the income standards for regular OHP eligibility. The 5% disregard is not added, and other distinctions may apply as well. Please use this table exclusively for Hospital Presumptive Eligibility determinations.
