# Cost and Information Survey

---

## Scope

The Oregon Health Authority (OHA) is conducting a rate study to evaluate staffing and other program costs incurred for providers licensed to perform Behavior Rehabilitation Services (BRS).

*The cost survey was developed to collect provider cost data and other pertinent data elements to establish reimbursement rates for BRS services. The survey should be prepared utilizing provider's accounting books and records.*

---

# GOALS

- Gather recent cost data for analysis
- Develop data-driven rate modeling
  - Determine cost of services provided
  - Level wage recommendations
  - Develop specific after-care costs

# Survey walk through

Oregon Health Authority  
Medicaid Division  
Behavior Rehabilitation Services (BRS) Cost and Information Survey

## *Schedule 1 - Title Page*

### **Introduction**

This cost survey was developed to collect provider cost data and other pertinent data elements in order to evaluate program costs for Behavior Rehabilitation Services (BRS). This cost survey should be prepared from the provider's accounting books and records or, as applicable, information from the provider's budget relating to future services.

**Data should be entered in the yellow fields.** Example data, in red italics, has been entered in certain cells throughout the workbook. Please review all tabs prior to submission to ensure that no cells contain errors.

Providers will complete the following schedules. Click on the hyperlinks to be directed to the corresponding schedule tabs.
