

## National Drug Code Reporting for Medical and Institutional Providers

OHA is required to collect Medicaid drug rebates on medical (CMS-1500) and institutional (UB-04) claims for outpatient drugs that are part of the [Medicaid Drug Rebate Program](#). To meet this requirement you must include National Drug Code (NDC) information and the NDC's correct [Unit of Measure \(UOM\)](#) whenever you bill OHA for procedure codes associated with an NDC.

The NDC reported must be for the actual drug administered, as labeled on the drug packaging. In all claim formats, enter the NDC in 5-4-2 format, with no dashes.

### Provider Web Portal claims

Just enter the following. The "N4" qualifier is not required.

- 11-digit **NDC**
- Choose the **UOM** in the drop-down box.
- Enter the **NDC quantity** (limited 8 digits before the decimal and 3 digits after the decimal).
