

# evive + Oregon Health Authority

Evive, in collaboration with the Oregon Health Authority, is thrilled to announce a pilot program aimed at introducing our app to individuals currently undergoing treatment at selected clinics.

## Evive is your partner in treatment

### Discreet Access with Evive

The Evive Mobile App provides a discreet, accessible support and treatment option, directly from their smartphone. Its intentionally ambiguous name and design prioritize privacy and ease of use, ensuring a stigma-free help-seeking experience.

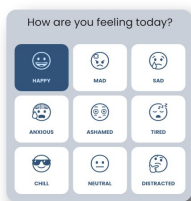

### Gather Actionable Data with Evive

Evive tracks their recovery progress and engagement, offering real-time insights, helping them better understand their triggers and manage their urges.

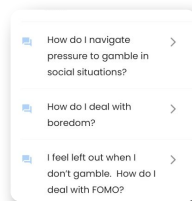

### Modern Recovery with Evive

Leveraging digital familiarity, the Evive Mobile App offers a modern, user-friendly recovery companion that seamlessly integrates into their daily life, making the process of seeking help more accessible than ever.

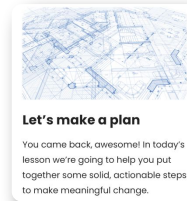

### BEHAVIORAL TRACKING

Users develop the skills to better understand their gambling behavior.

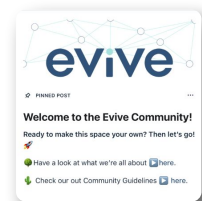

### EDUCATIONAL CONTENT

We educate users how to build a life free from gambling harm.

### CUSTOM TOOLKIT

Motivational tools and therapeutic activities to manage urges.

### PRIVATE COMMUNITY

Users are supported by a network of peers and thought leaders.
