An individual with Medicaid eligibility, who is in need of services specific to children, adolescents, or young adults in transition, shall be considered a child until age 21 for the purposes of these rules, except that any such individual. Adults who are between the ages of 18 and 21, who are considered children for purposes of these rules, shall have all rights afforded to adults as specified in these rules.
- (56) "Assessment" means the process of obtaining sufficient information through a face-to-face interview to determine a diagnosis and to plan individualized services and supports.
- (76) "ASAM Criteria" means the most current edition of the American Society of Addiction Medicine (ASAM) for the Treatment of Addictive, Substance-rRelated, and Co-Occurring Conditions, which is a clinical guide to-for developing patient-centered service plans and makinge objective decisions about admission, continuing care, and transfer or discharge for individuals and is incorporated by reference in these rules. The publication incorporated by reference in these rules is available from the Amererican Society of Addiction Medicine at www.asam.org.
- (8) "Authority" means the Oregon Health Authority.
- (9) "Behavioral Health Treatment" means treatment for mental health, substance use disorders, and problem gambling.
- (7) "Care Coordination" means a series of actions contributing to a patient-centered, high-value, high-quality care system. It is defined as the organized coordination of an individual's health care services and support activities between two or more participants deemed responsible for the individual's health outcomes and minimally includes the individual (and their family, guardian, or caregiver, as appropriate) and a single consistent individual in the role of care coordinator. Care coordination is characterized by the creation of a team and team meetings, and facilitation of transitions between levels -of care.
- (108) "Case Management" means the services provided to assist individuals who reside in a community setting, or are transitioning to a community setting, in gaining access to needed medical, behavioral

<u>health</u>, social, educational, <u>entitlement</u>, <u>government entitlement programs</u>, and other applicable services.

(11) "Certificate" means the document or documents issued by the Division, which identifies and declares certification of a provider pursuant to OAR 309-008-0100 to 309-008-1600. A letter accompanying issuance of the certificate shall detail the scope and approved service delivery locations of the certificate.

(129) "Child" means an individual under the age of 18. An individual with Medicaid eligibility, who is in need of services specific to children, adolescents, or young adults in transition, shall be considered a child until age 21 for purposes of these rules.

(13) "Chief Officer" means the Chief Health Systems Officer of the Health Systems Division or designee.

(104) "Clinical Supervision" means oversight by a qualified clinical supervisor of substance use, problem gambling disorder, or mental health services and supports provided according to this these rules, including ongoing evaluation and improvement of the effectiveness of those services and supports.

(1<u>1</u>5) "Clinical Supervisor" means a person qualified to oversee and evaluate substance use, problem gambling disorder, or mental health services and supports.

(126) "Co-occurring Substance Use and Mental Health Disorders (COD)" means the existence of some combination of a diagnose is for of both a substance use disorder, a gambling disorder, and or a mental health disorder.

(17) "Court" means the last convicting or ruling court unless specifically noted.

(18) "Criminal Records Check" means the Oregon Criminal Records Check and the processes and procedures required by OAR 943-007-0001 through 943-007-0501.

(1913) "Crisis" means either an actual or perceived urgent or emergent situation that occurs when an individual's stability or functioning is disrupted and there is an immediate need to resolve the situation to prevent a serious deterioration in the individual's mental or physical health or to prevent referral to a significantly higher level of care.

(20) "Cultural Competence" means the process by which people and systems respond respectfully and effectively to people of all cultures, languages, classes, races, ethnic backgrounds, disabilities, religions, genders, sexual orientations, and other diversity factors in a manner that recognizes, affirms, and values the worth of individuals, families, and communities and protects and preserves the dignity of each.

(21) "Culturally Specific Program" means a program that is designed to meet the unique service needs of a specific culture and that provides services to a majority of individuals representing that culture.

(22) "Diagnosis" means the principal mental health, substance use or problem gambling diagnosis listed in the Diagnostic and Statistical Manual of Mental Disorders (DSM). The diagnosis is determined through the assessment and any examinations, tests, or consultations suggested by the assessment and are the medically appropriate reason for services.

(23) "Division" means the Health Systems Division of the Oregon Health Authority, or its designee.

(24) "DSM" means the most recent version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association.

(2514) "Emergent" means the onset of symptoms requiring attention within 24 hours to prevent serious deterioration in mental or physical health or threat to safety.

(2615) "Entry" means the act or process of acceptance and enrollment into services regulated by this rule.

(2716) "Face to Face" means a personal interaction where both words can be heard and facial expressions can be seen in person or through telehealth services where there is a live streaming audio and video, if clinically appropriate.

(2817) ""Family" means the biological or legal parents, siblings, other relatives, foster parents, legal guardians, spouse, domestic partner, caregivers, and other primary relations to the individual whether by blood, adoption, legal, or social relationships. Family also means any natural, formal, or informal support persons identified as important by the individual.

(18) "Gambling Disorder Treatment Staff" means a person certified or licensed by a health or allied provider agency to provide problem gambling treatment services that include assessment, development of a service plan, group and family counseling.

(2919) "Gender Identity" means a person's self-identification of gender without regard to legal or biological identification, including but not limited to persons identifying themselves as male, female, non-binary, transgender, and gender-diversetranssexual.

(3020) "Gender Presentation" means the external characteristics and behaviors that are socially defined as either masculine, or non-binary, such as dress, mannerisms, speech patterns, and social interactions.

(31) "Grievance" means a formal complaint submitted to a provider verbally or in writing by an individual or the individual's chosen representative, pertaining to the denial or delivery of services and supports.

(32) "Guardian" means an individual appointed by a court of law to act as guardian of a minor or a legally incapacitated person.

(3321) "HIPAA" means the federal Health Insurance Portability and Accountability Act of 1996 and the regulations published in Title 45, parts 160 and 164, of the Code of Federal Regulations (CFR).

(34) "Incident Report" means a written description of any incident involving an individual or child of an individual receiving services occurring on the premises of the program or involving program staff or a Service Plan activity including but not limited to injury, major illness, accident, act of physical aggression, medication error, suspected abuse or neglect, or any other unusual incident that presents a risk to health and safety.

205148819.3 4

- (3522) "Individual" means any individual being considered for or receiving services and supports regulated by these rules.
- (3623) "Informed Consent for Services" means that the service options, risks and benefits have been explained to the individual and guardian, if applicable, in a manner that they comprehend, and the individual and or guardian, if applicable, hasve consented to the services on, or prior to, the first date of service.
- (37) "Interim Referral and Information Services" means services provided by a substance use disorders treatment provider to individuals on a waiting list and whose services are funded by the Substance Abuse Prevention and Treatment (SAPT) Block Grant to reduce the adverse health effects of substance use, promote the health of the individual, and reduce the risk of disease transmission.
- (3827) "Intern" or "Student" means an individual who provides a paid or unpaid program service to complete a credentialed or accredited educational program recognized by the State of Oregon.
- (3925) "Level of Care" means the range of available services provided from the most integrated setting to the most restrictive and most intensive in an inpatient setting.
- (40) "Licensed Health Care Professional" means a practitioner of the healing arts acting within the scope of his or her practice under State law who is licensed by a recognized governing board in Oregon.
- (41) "Licensed Medical Practitioner (LMP)" means an individual who meets the following minimum qualifications as documented by the Local Mental Health Authority (LMHA) or designee:
- (a) Physician licensed to practice in the State of Oregon; or
- (b) Nurse practitioner licensed to practice in the State of Oregon; or
- (c) Physician's Assistant licensed to practice in the State of Oregon; and
- (d) Whose training, experience, and competence demonstrate the ability to conduct a mental health assessment and provide medication management.
- (42) "Local Mental Health Authority (LMHA)" means one of the following entities:
- (a) The board of county commissioners of one or more counties that establishes or operates a CMHP;
- (b) The tribal council in the case of a federally recognized tribe of Native Americans that elects to enter into an agreement to provide mental health services; or
- (c) A regional local mental health authority comprised of two or more boards of county commissioners.
- (43) "Medicaid" means the federal grant-in-aid program to state governments to provide medical assistance to eligible persons under Title XIX of the Social Security Act.

(26) "Linkage Agreement" means a written agreement between the program and other entities involved in supporting the individual's welfare and recovery. The agreement describes the roles and responsibilities each entity assumes in order to assure that the program's goals are achieved.

(44<u>27</u>) "Medical Director" means a physician licensed to practice medicine in the State of Oregon and who is designated by a substance use disorders treatment program to be responsible for the program's medical services, either as an employee or through a contract.

(4528) "Medically Appropriate" means services and medical supplies required for prevention, diagnosis, or treatment of a physical or behavioral health condition or injuries and that are:

- (a) Consistent with the symptoms of a health condition or treatment of a health condition;
- (b) Appropriate with regard to standards of good health practice and generally recognized by the relevant scientific community and professional standards of care as effective;
- (c) Not solely for the convenience of an individual or a provider of the service or medical supplies; and
- (d) The most cost effective of the alternative levels of medical services or medical supplies that can be safely provided to an individual.
- (29) "Medication" means any drug, chemical, compound, suspension, or preparation in suitable form for use as a curative or remedial substance either internally or externally by any individual.
- (4630) "Medication Administration Record" refers to means the medication-related documentation described in OAR 309-018-0190.of the administration of written or verbal orders for medication, laboratory, and other medical procedures issued by an LMP acting within the scope of his or her license.
- (47) "Medication Assisted Treatment (MAT)" means the use of medication in combination with counseling and behavioral therapies for the treatment of substance use disorders.
- (48) "Oregon Health Authority" means the Oregon Health Authority of the State of Oregon.
- (4931) "Outreach" means the delivery of behavioral health services, referral services, and case management services in non-traditional settings, including but not limited to the individual's residence, shelters, streets, jails, transitional housing sites, drop-in centers, single—room occupancy hotels, child welfare settings, educational settings, or medical settings. It also refers to attempts made to engage or re-engage an individual in services by such means as letters or telephone calls.
- (50) "Peer" means any individual supporting an individual or the individual's family member who has similar life experience, either as a current or former recipient of substance use, problem gambling, or mental health services, or as a family member of an individual who is a current or former recipient of substance use, problem gambling, or mental health services.
- (51) "Peer-Delivered Services" are community-based services and supports provided by peers and peer support specialists to individuals or family members with similar lived experience. These services are intended to support individuals and families to engage individuals in ongoing treatment and to live successfully in the community.

- (52) "Peer Support Specialist" means a qualified individual providing peer delivered services to an individual or family member with similar life experience under the supervision of a qualified clinical supervisor and a qualified peer delivered services supervisor as resources are made available. A peer support specialist shall be:
- (a) A self-identified individual currently or formerly receiving substance use, problem gambling or mental health services:
- (b) A self-identified individual in recovery from a substance use disorder who meets the abstinence requirements for recovering staff in substance use disorders treatment and recovery programs;
- (c) A self-identified individual in recovery from problem gambling; or
- (d) A person who has experience parenting a child who:
- (A) Is a current or former consumer of mental health or substance use treatment; or
- (B) Is facing or has faced difficulties in accessing education and health and wellness services due to a mental health or behavioral health barrier.
- (53) "Peer Support and Peer Wellness Specialist Supervision" means supervision by a qualified clinical supervisor and a qualified peer delivered services supervisor as resources are available. The supports provided include guidance in the unique discipline of peer delivered services and the roles of peer support specialists and peer wellness specialists.
- (54) "Peer Delivered Services Supervisor" means a qualified individual certified as a PSS or PWS with at least one year of experience as a PSS or PWS in behavioral health services to evaluate and guide PSS and PWS program staff in the delivery of peer delivered services and supports.
- (55) "Peer Wellness Specialist" means an individual who supports an individual in identifying behavioral health service and support needs through community outreach, assisting individuals with access to available services and resources, addressing barriers to services, and providing education and information about available resources and behavioral health issues in order to reduce stigma and discrimination toward consumers of behavioral health services and to provide direct services to assist individuals in creating and maintaining recovery, health, and wellness under the supervision of a qualified clinical supervisor and a qualified peer delivered services supervisor as resources are made available. A peer wellness specialist shall be:
- (a) A self-identified individual currently or formerly receiving mental health services; or
- (b) A self-identified individual in recovery from a substance use or gambling disorders who meets the abstinence requirements for recovering staff in substance use disorders or gambling treatment programs; or
- (c) A family member of an individual who is a current or former recipient of substance use, mental health, or problem gambling services.

(56) "Problem Gambling Treatment Staff" means a person certified or licensed by a health or allied provider agency to provide problem gambling treatment services that include assessment, development of a Service Plan, group and family counseling.

(5732) "Program" means a particular type or level of service that is organizationally distinct.

(5833) "Program Administrator" or "Program Director" means a person with appropriate professional qualifications and experience who is designated to manage the operation of a program.

(5934) "Program Staff" means an employee or person who, by contract with the program, provides a service and who has the applicable competencies, qualifications, or certification required in this rule to provide the service.

(6035) "Provider" means an organizational entity or qualified individual that is operated by or contractually affiliated with a community mental health program or contracted directly with the Division for the direct delivery of substance use, problem-gambling_disorder, or mental health services and supports.

(6136) "Publicly Funded" means financial support, in part or in full, with revenue generated by a local, state, or federal government.

(62) "Quality Assessment and Performance Improvement" means the structured, internal monitoring and evaluation of services to improve processes, service delivery, and service outcomes.

(6337) "Recovery" means a process of healing and transformation for a person to achieve full human potential and personhood in leading a meaningful life in communities of his or her choice.

(6438) "Representative" means a person who acts on behalf of an individual at the individual's request with respect to a grievance, including but not limited to a relative, friend, <u>Division</u> employee of the <u>Division</u>, attorney, or <u>legal</u> guardian.

(6539) "Resilience" means the universal capacity that a person uses to prevent, minimize, or overcome the effects of adversity. Resilience reflects an individual's person's strengths as protective factors and assets for positive development.

(6640) "Residential Substance Use Disorders Treatment Program" means a publicly or privately operated program as defined in ORS 430.010 that provides assessment, treatment, rehabilitation, and twenty-four_hour observation and monitoring for individuals with substance use dependence, consistent with Level III of ASAM PCC.

(6740) "Residential Problem Gambling Disorder Treatment Program" means a publicly or privately operated program that is licensed in accordance with OAR 415-012-0000 through 415-012-0090 that provides assessment, treatment, rehabilitation, and twenty-four—hour observation and monitoring for individuals with gambling related problems.

(42) "Restraints" means any chemical or physical methods or devices that are intended to restrict or inhibit the movement, functioning, or behavior of an individual.

- (68) "Screening" means the process to determine whether the individual needs further assessment to identify circumstances requiring referrals or additional services and supports.
- (43) "Seclusion" means placing an individual in a locked room. A locked room includes a room with any type of door-locking device, such as a key lock, spring lock, bolt lock, foot pressure lock, or physically holding the door shut.
- (44) "Serious Incident" means an incident that meets the following criteria:
- (a) The incident involved an individual or the child of an individual receiving services;
- (b) The incident occurred on the premises of the program or involved program staff or a service plan activity;
- (c) The incident caused serious harm or presented a serious risk to health and safety, including a serious injury or illness, an act of physical aggression that resulted in injury, suspected abuse or neglect, or involvement of law enforcement or emergency services.
- (69) "Service Delivery Rules" means the OAR describing specific regulatory standards for the possible array of services covered by certificates issued under chapter 309, division 8.
- (7045) "Service Plan" means a comprehensive plan for services and supports provided to or coordinated with an individual and his or her family, as applicable, that is reflective of the assessment and the intended outcomes of service.
- (7146) "Service Note" means the written record of services and supports provided, including documentation of progress toward intended outcomes, consistent with the timelines stated in the service plan.
- (7247) "Service Record" means the <u>collected</u> documentation, written or electronic, <u>regarding of</u> an individual's <u>and resulting from entry</u>, assessment, orientation, services <u>and supports</u> planning, service <u>notes and supports provided</u>, and transfer.
- (7348) "Services" means those activities and treatments described in the Service Plan that are intended to assist the individual's transition to recovery from a substance use disorder, problem gambling disorder, or mental health condition and to promote resiliency and rehabilitative and functional individual and family outcomes.
- (7449) "Signature" means any written or electronic means of entering the name, date of authentication, and credentials of the person providing a specific service, or the person authorizing services and supports. Signature also means any written or electronic means of entering the name and date of authentication of the individual receiving services, the guardian of the individual receiving services, or any authorized representative of the individual receiving services.
- (7550) "Skills Training" means providing information and training to individuals and families designed to assist with the development of skills in areas including but not limited to anger management, stress reduction, conflict resolution, self-esteem, parent-child interactions, personal relationships, drug and

alcohol awareness, behavior support, symptom management, accessing community services, and daily living.

(7651) "Substance Abuse Prevention and Treatment Block Grant" or "SAPT Block Grant" means the federal block grants for prevention and treatment of substance abuse under Public Law 102-321 (31 U.S.C. 7301-7305) and the regulations published in Title 45 Part 96 of the Code of Federal Regulations.

(7752) "Substance Use Disorders" means disorders related to the taking of a drug of abuse including alcohol to the side effects of a medication and to a toxin exposure. The disorders include substance use disorders such as substance dependence and substance abuse and substance-induced disorders, including substance intoxication, withdrawal, delirium, and dementia, as well as substance induced psychotic disorder, mood disorder, etc., as defined in DSM criteria.

(78) "Substance Use Disorders Treatment and Recovery Services" means outpatient, intensive outpatient, and residential services and supports for individuals with substance use disorders.

(7953) "Substance Use Disorders Treatment Staff" means a person certified or licensed by a health or allied provider agency to provide substance use disorders treatment services that include assessment, development of a Service Pplan, and individual, group, and family counseling.

(8054) "Supports" means activities, referrals, and supportive relationships designed to enhance the services delivered to individuals and families for the purpose of facilitating progress toward intended outcomes.

(8155) "Transfer" means the process of assisting an individual to transition from the current services to the next appropriate setting or level of care.

(82) "Trauma Informed Services" means services that are reflective of the consideration and evaluation of the role that trauma plays in the lives of people seeking mental health, substance use, or problem gambling services, including recognition of the traumatic effect of misdiagnosis and coercive treatment. Services are responsive to the vulnerabilities of trauma survivors and are delivered in a way that avoids inadvertent re-traumatization and facilitates individual direction of services.

(8356) "Treatment" means the planned, medically appropriate, individualized program of medical, psychological, and rehabilitative procedures, experiences and activities designed to remediate symptoms of a DSM diagnosis that are included in the Service Plan.

(84) "Urinalysis Test" means an initial test and, if positive, a confirmatory test:

(a) An initial test shall include, at a minimum, a sensitive, rapid, and inexpensive immunoassay screen to eliminate "true negative" specimens from further consideration;

(b) A confirmatory test is a second analytical procedure used to identify the presence of a specific drug or metabolite in a urine specimen. The confirmatory test shall be by a different analytical method from that of the initial test to ensure reliability and accuracy;

(c) All urinalysis tests shall be performed by laboratories meeting the requirements of OAR 333-024-0305 to 333-024-0365.

(8557) "Urgent" means the onset of symptoms requiring attention within 48 hours to prevent a serious deterioration in an individual's mental or physical health or threat to safety.

(86) "Variance" means an exception from a provision of these rules, granted in writing by the Division, upon written application from the provider. Duration of a variance is determined on a case by case basis.

(8758) "Volunteer" means an individual who provides a program service or who takes part in a program service and who is not an employee of the program and is not paid for services. The services shall be non-clinical unless the individual has the required credentials to provide a clinical service.

(8859) "Wellness" means an approach to healthcare that emphasizes good physical and mental health, preventing illness, and prolonging life--

(60) "Young Adult in Transition" means an individual who is developmentally transitioning into independence, sometime between the ages of 14 and 25.

309-018-0115 Individual Rights

- (1) In addition to all applicable statutory and constitutional rights, every individual receiving services has the right to:
- (a) Choose from available services and supports, those that are consistent with the <u>sService Pplan</u>, culturally <u>competentresponsive</u>, provided in the most integrated setting in the community and under conditions that are least restrictive to the individual's liberty, that are least intrusive to the individual, and that provide for the greatest degree of independence;
- (b) Be treated with dignity and respect;
- (c) Participate in the development of a written <u>s</u>ervice <u>Pp</u>lan, receive services consistent with that plan, and participate in periodic review and reassessment of service and support needs, assist in the development of the plan, and receive a copy of the written <u>S</u>ervice <u>Pp</u>lan;
- (d) Have all services explained, including expected outcomes and possible risks;
- (e) Confidentiality, and the right to consent to disclosure in accordance with ORS 107.154, 179.505, 179.507, and 192.5175;, 192.507, 42 CFR Part 2; and 45 CFR Part § 205.50;
- (f) Give informed consent in writing prior to the start of services, except in a medical emergency or as otherwise permitted by law. Minor children may give informed consent to services in the following circumstances:
- (A) Under age 18 and lawfully married;
- (B) Age 16 or older and legally emancipated by the court; or
- (C) Age 14 or older for outpatient services only. For purposes of informed consent, outpatient service does not include service provided in residential programs or in day or partial hospitalization programs.
- (g) Inspect their Service Record in accordance with ORS 179.505;
- (h) Refuse participation in experimentation;
- (i) Receive medication specific to the individual's diagnosed clinical needs, including medications used to treat opioid dependence;
- (j) Receive prior notice of transfer, unless the circumstances necessitating transfer pose a threat to health <u>and or</u> safety;
- (k) Be free from abuse <u>or and</u> neglect, and to report any incident of abuse or neglect without being subject to retaliation;
- (L) Have religious freedom;
- (m) Be free from seclusion and restraint;

- (n) Be informed at the start of services, and periodically thereafter, of the rights guaranteed by this rule;
- (o) Be informed of the policies and procedures, service agreements and fees applicable to the services provided, and to have a custodial parent, guardian, or representative assist with understanding any information presented;
- (p) Have family and guardian involvement in service planning and delivery;
- (q) Have an opportunity to mMake a declaration for mental health treatment, when if legally an adult;
- (r) File grievances, including appealing decisions resulting from the grievance;
- (s) Exercise all rights set forth in ORS 109.610 through 109.697 if the individual is a child, as defined by these rules;
- (t) Exercise all rights set forth in ORS 426.385 if the individual is committed to the Authority; and
- (u) Exercise all rights described in this rule without any form of reprisal or punishment.
- (2) In addition to the rights specified in section (1) of this rule, every individual receiving residential services has the right to:
- (a) A safe, secure, and sanitary living environment;
- (b) A humane service environment that affords reasonable protection from harm, reasonable privacy, and daily access to fresh air and the outdoors;
- (c) Keep and use personal clothing and belongings and to have an adequate amount of private, secure storage space. Reasonable restriction of the time and place of use of certain classes of property may be implemented if necessary to prevent the individual or others from harm, provided that notice of this restriction is given to individuals and their families, if applicable, upon entry to the program, documented, and reviewed periodically;
- (d) Express sexual orientation, gender identity, and gender presentation;
- (e) Have access to and participate in social, religious, and community activities;
- (f) Private and uncensored communications by mail, telephone, and visitation, subject to the following restrictions:
- (A) This right may be restricted only if the provider documents in the individual's record that there is a court order to the contrary or that in the absence of this restriction, significant physical or clinical harm will result to the individual or others. The nature of the harm shall be specified in reasonable detail, and any restriction of the right to communicate shall be no broader than necessary to prevent this harm; and.

- (B) The individual and his or her guardian, if applicable, shall be given specific written notice of each restriction of the individual's right to private and uncensored communication. The provider shall ensure that correspondence can be conveniently received and mailed, that telephones are reasonably accessible and allow for confidential communication, and that space is available for visits. Reasonable times for the use of telephones and visits may be established in writing by the provider.
- (g) Communicate privately with public or private rights protection programs or rights advocates, clergy, and legal or medical professionals;
- (h) Have access to and receive available and applicable educational services in the most integrated setting in the community;
- (i) Participate regularly in indoor and outdoor recreation;
- (j) Not be required to perform labor;
- (k) Have access to adequate food and shelter; and
- (上) A reasonable accommodation if, due to a disability, the housing and services are not sufficiently accessible.
- (3) Notification of individual rights.
- (a) Consistent with OAR 309-018-0135(2), \(\pm\)the provider shall give to the individual and, if \(\frac{appropriate applicable}{applicable} \), the guardian, a document that describes the \(\frac{applicable}{applicable} \) individual's rights \(\frac{defined}{applicable} \) in this rule, as well as how to exercise those rights. \(\frac{as}{as} \) follows:
- (a) Information given to the individual shall be in written form or, uUpon request, this information shall be explained verbally, and shall be made available in an alternative format or language appropriate to the individual or guardian's needs.;
- (b) The rights and how to exercise them shall be explained to the individual, and if appropriate, to her or his guardian; and
- (be) The provider shall post, Individual rights shall be posted in writing in a common area, a document describing the rights enumerated in this rule.

- (3) Clinical supervisors in substance use disorders treatment and recovery programs shall be certified or licensed by a health or allied provider agency as follows:
- (a) For supervisors holding a certification or license in substance use counseling, qualifications for the certificate or license shall have included at least:
- (A) 4000 hours of supervised experience in substance use counseling;
- (B) 300 contact hours of education and training in substance use related subjects; and
- (C) Successful completion of a written objective examination or portfolio review by the certifying body.
- (b) For supervisors holding a health or allied provider license, the license or registration shall have been issued by one of the following state bodies, and the supervisor shall possess documentation of at least 120 contact hours of academic or continuing professional education in the treatment of substance use disorders:
- (A) Oregon Medical Board;
- (B) Board of Psychologist Examiners;
- (C) Board of Licensed Social Workers;
- (D) Board of Licensed Professional Counselors and Therapists; or
- (E) Oregon State Board of Nursing.
- (c) Additionally, clinical supervisors in substance use disorders programs shall have one of the following qualifications:
- (A) Five years of paid full-time experience in the field of substance use disorders counseling; or

- (B) A Bachelor's degree and four years of paid full-time experience in the social services field with a minimum of two years of direct substance use disorders counseling experience; or
- (C) A Master's degree and three years of paid full-time experience in the social services field with a minimum of two years of direct substance use disorders counseling experience.
- (4) Clinical supervisors in problem gambling disorder treatment and recovery programs shall meet the requirements for clinical supervisors in either mental health or substance use disorders treatment and recovery programs and have completed ten hours of problem gambling specific training within six monthstwo years of designation as a problem gambling disorder services supervisor.
- (5) Peer Delivered Services Supervisors shall be a certified Peer Support Specialist (PSS) or Peer Wellness Specialist (PWS) with at least one year's experience as a PSS or PWS in behavioral health treatment services.
- (6) Substance use disorders treatment staff shall:
- (a) Demonstrate competence in treatment of substance_use disorders including individual assessment to include identification of health and safety risks to self or others; individual, group, family and other counseling techniques; program policies and procedures for service delivery and documentation and identification; development of a safety plan; implementation and coordination of services identified to facilitate intended outcomes; and
- (b) Be certified or licensed by a health or allied provider agency, as defined in these rules, to provide substance use treatment within two years of the first hire date, and shall make application for certification no later than six months following that date.
- (A) Clinical supervision shall document progress toward certification; and
- (B) If, during the first two years of employment, the personindividual has not yet been certified or licensed, and The two years is not renewable if the personindividual ends employment with a the provider and becomes re-employed with the same provider or another provider, the person's individual's two-year window for securing certification or licensure remains the same. The personindividual is not entitled to begin a new two-year period by virtue of having re-initiated or changed employment;
- (c) For treatment staff holding certification in substance use counseling, qualifications for the certificate shall have included at least:
- (A) 750 hours of supervised experience in substance use counseling;
- (B) 150 contact hours of education and training in substance use related subjects; and
- (C) Successful completion of a written objective examination or portfolio review by the certifying body.
- (d) For treatment staff holding a health or allied provider license, the license or registration shall have been issued by one of the following state bodies and the person shall possess documentation of at least

60 contact hours of academic or continuing professional education in substance use disorders treatment:

- (A) Oregon Medical Board;
- (B) Board of Psychologist Examiners;
- (C) Board of Licensed Social Workers;
- (D) Board of Licensed Professional Counselors and Therapists; or
- (E) Oregon State Board of Nursing.
- (7) Problem gGambling disorder treatment staff shall:
- (a) Demonstrate competence in treatment of problem gambling including individual assessment to include identification of health and safety risks to self or others; individual, group, family and other counseling techniques; program policies and procedures for service delivery and documentation and identification; implementation and coordination of services identified to facilitate intended outcomes;
- (b) Be certified or licensed by a health or allied provider agency, as defined in these rules, to provide problem gambling treatment within two years of the first hire date and shall make application for certification no later than six months of the first hire date;
- (A) Clinical supervision shall document progress toward certification; and
- (B) If, during the first two years of employment, the personindividual has not yet been certified or licensed, and The two years is not renewable if the personindividual ends employment with a the provider and becomes re-employed with the same provider or another provider, the person's individual's two-year window for securing certification or licensure remains the same. The personindividual is not entitled to begin a new two-year period by virtue of having re-initiated or changed employment.
- (c) For treatment staff holding certification in problem gambling counseling, qualifications for the certificate shall have included at least:
- (A) 500 hours of supervised experience in problem gambling counseling;
- (B) 60 contact hours of education and training in problem gambling related subjects; and
- (C) Successful completion of a written objective examination or portfolio review by the certifying body.
- (d) For treatment staff holding a health or allied provider license, the license or registration shall have been issued by one of the following state bodies, and the person shall possess documentation of at least 60 contact hours of academic or continuing professional education in problem gambling treatment:
- (A) Oregon Medical Board;

- (B) Board of Psychologist Examiners;
- (C) Board of Licensed Social Workers;
- (D) Board of Licensed Professional Counselors and Therapists; or
- (E) Oregon State Board of Nursing.
- (8) Peer support specialists and peer wellness specialists, including family and youth support and wellness specialists, shall meet the requirements in OAR 410-180-0300 to 0380 for certification and continuing education, and shall_demonstrate:
- (a) The ability to support others in their recovery or resiliency; and
- (b) Personal life experience and tools of self-directed recovery and resiliency.
- (9) Substance use disorders treatment staff in withdrawal management programs must:
- (a) Have training, knowledge and experience demonstrating competence in the treatment of substance use disorders, including the management of substance withdrawal; individual evaluation; motivational counseling techniques; and the taking and recording of vital signs; and
- (b) Be certified in first aid methods, including CPR, within six weeks of beginning employment.
- (10) Medical staff in withdrawal management programs must:
- (a) Operate within the scope of their practice;
- (b) Be credentialed and certified by the appropriate board or body; and
- (c) Demonstrate knowledge and experience treating substance use disorders.
- (11) Withdrawal management technicians support program staff in withdrawal management programs in the promotion of maintaining a safe and orderly subacute environment, may provide direct patient care, as appropriate. Withdrawal management technicians must:
- (a) Have knowledge and experience treating substance use disorders; and
- (b) Be certified in first aid methods, including CPR, within six weeks of employment.
- (12) Program staff, contractors, volunteers, and interns providing treatment services or peer delivered services in substance use disorders, problem gambling or gambling disorder, or mental health treatment programs shall be trained in and familiar with strategies for delivery of trauma informed and culturally responsive treatment services.

309-018-0130 Personnel Documentation, Training, and Supervision

- (1) Providers shall maintain personnel records for each program staff <u>member</u> that contains all of the following documentation:
- (a) Where required, verification of a criminal records check or background check, consistent with OAR chapter 407, division 007943-007-0001 through 943-007-0501;
- (b) A current job description that includes applicable competencies;
- (c) Copies of relevant licensure or certification, diploma, or certified transcripts from an accredited college, indicating that the program staff meets applicable qualifications;
- (d) Periodic performance appraisals;
- (e) Staff orientation documentation;
- (f) Disciplinary documentation; and
- (g) Results of a Tuberculosis screening as per OAR 333-071-0057.
- (2) Providers shall maintain the following documentation for contractors, interns, or volunteers, as applicable:
- (a) A contract or written agreement;
- (b) A signed confidentiality agreement;
- (c) Orientation documentation;
- (d) For subject individuals, verification of a criminal records check <u>or background check</u>, <u>as required under consistent with OAR chapter 407, division 007943-007-0001 through 943-007-0501</u>; and
- (e) Results of a Tuberculosis screening as per OAR 333-071-04600057.
- (3) Providers shall ensure that program staff receives training applicable to the specific population for whom services are planned, delivered, or supervised. The program shall document appropriate orientation training for each program staff or person providing services within 30 days of the hire date. At minimum, orientation training for all program staff shall include but not be limited to:
- (a) A review of crisis prevention and response procedures;
- (b) A review of emergency evacuation procedures;
- (c) A review of program policies and procedures;
- (d) A review of rights for individuals receiving services and supports;

- (e) A review of mandatory abuse reporting procedures;
- (f) A review of confidentiality policies and procedures;
- (g) A review of Fraud, Waste and Abuse policies and procedures; and
- (h) A review of care coordination procedures;
- (i) Positive behavior support training;
- (j) A review of cultural responsiveness;
- (k) A review of trauma informed services, including any specific educational materials that may be required by the Authority; and
- (/) Medication administration, storage and disposal.
- (4) Persons providing direct services shall receive supervision by a qualified clinical supervisor, as defined in these rules, related to the development, implementation, and outcome of services. Clinical supervision shall be provided to assist program staff and volunteers to increase their skills, improve quality of services to individuals, and supervise program staff and volunteers' compliance with program policies and procedures, including:
- (a) Documentation of two hours per month of supervision for each person supervised. The two hours shall include one hour of individual face-to-face contact for each person supervised, or a proportional level of supervision for part-time program staff. Individual face-to-face contact may include real time, two-way audio visual conferencing; or
- (b) Documentation of two hours of quarterly supervision for program staff holding a health or allied provider license, including at least one hour of individual face-to-face contact for each person supervised;
- (c) For persons providing direct Ppeer Ddelivered Services, one of the two hours of required supervision shall be provided by a qualified Ppeer Ddelivered Services Services Services are made available.

309-018-0135 Entry

- (1) The program shall utilize an entry procedure to ensure the following:
- (a) Individuals shall be considered for entry without regard to race, ethnicity, gender, gender identity, gender presentation, sexual orientation, religion, creed, national origin, age, except when program eligibility is restricted to children, adults or older adults, familial status, marital status, source of income, and disability, or age (except when program eligibility is restricted to children, adults or older adults);
- (b) Individuals shall receive services in the most timeliesty manner feasible consistent with the presenting circumstances;
- (c) The provider may not solely deny entry solely on the basis that an to individuals who are has been prescribed medication to treat opioid dependence.
- (d) The provider may not use lack of medical history records as a reason to delay or deny an assessment or entry to a program. Self-report of medical history is sufficient for an individual to enter services. The provider will offer support to an individual in gaining necessary records.
- (2) Written informed consent for services shall be obtained from the individual or guardian, if applicable, prior to the start of services. If such consent is not obtained, the reason shall be documented, and further attempts to obtain informed consent shall be made as appropriate.
- (3) The provider shall develop and maintain service records and other documentation for each individual that demonstrates the specific services and supports.
- (f4) The provider shall report the entry of all individuals on the mandated state data system.
- (g5) In accordance with ORS 179.505, HIPAA and 42 CFR Part 2, an authorization for the release of information shall be obtained for any confidential information concerning the individual being considered for or receiving services.
- (26) At the time of entry, the program shall offer to the individual and guardian, if applicable, written program orientation information. The written information shall be in a-the language understood preferred by the individual and shall include:
- (a) A description of individual rights consistent with these rules;
- (b) Policies concerning grievances and appeals consistent with these rules, including an example grievance form;
- (c) Policies concerning confidentiality Notice of privacy practices; and
- (d) An opportunity to register to vote;
- (e) Notice of the individual's right to consent to an abuse investigation conducted by the Office of Training, Investigation and Safety (OTIS), including the opportunity to sign a release of information to

authorize OTIS to access protected health information in the event of a screening or abuse investigation; and

(f) OTIS pamphlet explaining abuse investigations in SUD residential programs.

- (37) Entry requirements for providers that receive the Substance Abuse Prevention Treatment (SAPT) Block Grant:
- (a) Individuals shall be prioritized in the following order:
- (A) Women who are pregnant and using substances intravenously;
- (B) Women who are pregnant;
- (C) Individuals who are using substances intravenously; and
- (D) Individuals with dependent children.
- (b) Entry of pregnant women shall occur no later than 48 hours immediately upon first contact. from the date of first contact and eEntry of individuals using substances intravenously shall occur no later than 72 hours 14 days after the date of first contact. If services are not available within the required timeframes, the provider shall document the reason and provide interim referral and informational services, as defined in these rules below, within 48 hours;
- (c) Individuals using substances intravenously shall receive interim referrals and information prior to entry to reduce the adverse health effects of substance use, promote the health of the individual, and reduce the risk of transmission of disease. At a minimum, interim referral and informational services shall include:
- (A) Counseling and education about blood borne pathogens including Hepatitis, HIV, STDs, and Tuberculosis (TB); the risks of needle and paraphernalia sharing; and the likelihood of transmission to sexual partners and infants;
- (B) Counseling and education about steps that can decrease the likelihood of Hepatitis, HIV, STD, and TB transmission;
- (C) Referral for Hepatitis, HIV, STD, and TB testing, vaccine, or care services if necessary; and
- (D) For pregnant women:
- _(i) eCounseling on the likelihood of blood-borne pathogen transmission as well as the effects of alcohol, tobacco, and other drug use on the fetus; and
- (ii) A referral for prenatal care, if the woman is not already receiving adequate prenatal care.

309-018-0140 Assessment

- (1) At the time of entry, an assessment shall be completed.
- (2) The assessment shall be completed and signed by qualified program staff as follows:
- (a) Supervisory or treatment staff in substance use disorders treatment and recovery programs, and
- (b) Supervisory or treatment staff in problem gambling treatment and recovery programs.
- (3) Each assessment shall include:
- (a) Sufficient information and documentation to justify the presence of a <u>DSM</u> diagnosis that is the medically appropriate reason for services; including:
- (A) Presenting problem(s);
- (B) Recent History including duration, frequency, intensity, and circumstances of symptoms;
- (C) Current level of functioning at home, work, school or child care;
- (D) Psychiatric History including previous interventions to treat psychiatric and substance use related conditions (medical and non-medical);
- (E) Medical history including current primary care provider;
- (F) Family History including Mental Health and Substance Use;
- (G) Social history including family relationships, school functioning, peer relationships, substance use history, exposure to trauma and loss of key relationships;
- (H) Developmental status/history;
- (I) Developmentally appropriate mental status exam (MSE) including evaluation of risk of harm to self. This must include use of an evidence based suicide screening tool; and
- (J) Clinical formulation which identifies strengths, justifies the diagnosis, provides service recommendations, prognosis and anticipated duration of treatment. When the MSE screens positive for risk of suicide, a risk assessment, safety planning and lethal means counseling must be documented.
- (d) Suicide potential shall be assessed, and individual service records shall contain follow-up actions and referrals when an individual reports symptoms indicating risk of suicide.
- (b) Screening for the presence of <u>co-occurring disorders</u> substance use, problem gambling, mental health conditions, and chronic medical conditions;
- (c) Screening for the presence of symptoms related to <u>psychological and physical, financial, sexual, or psychological</u> trauma <u>and for identification of strengths and resilience strategies; and</u>

- (d) Suicide potential shall be assessed, and individual service records shall contain follow-up actions and referrals when an individual reports symptoms indicating risk of suicide.
- (d) Any additional information required by the program-specific rules in this OAR chapter 309, division 018, including OAR 309-018-0165 (Residential Gambling Disorder Treatment Services) and 309-018-0180 (Residential Substance Use Disorders Treatment and Recovery Programs).
- (4) For substance use disorder services, each assessment shall be consistent with the dimensions described in the ASAM PPC and shall document a diagnosis and level of care determination consistent with the DSM and ASAM PPC.
- (5) When the assessment process determines the presence of co-occurring substance use, gambling disorder, or and mental health disorders or any significant risk to health and safety:
- (a) Additional assessments shall be used to determine the need for additional services and supports and the level of risk to the individual or to others; and
- (b) All providers shall document and assist as needed in referral for further assessment, planning, and intervention from an appropriate professional, either with the same provider or with a collaborative community provider.
- (6) Providers shall update assessments when there are changes in clinical circumstances.

309-018-0145 Service Plan, and Service Notes, and Care Coordination

- (1) <u>Service planning</u>. The <u>sService Pp</u>lan shall be a written, individualized plan to improve the individual's condition to the point where the individual's continued participation in the program is no longer necessary. The <u>Service Plan is included in the individual's service records and shall The service planning process shall:</u>
- (a) Be completed prior to the start of services.
- (b) Reflect the full assessment and the level of care to be provided.
- (c) Reflect barriers related to discharge;
- (c) Include a safety plan when the assessment indicates risk to the health and safety of the individual or to others and be updated as circumstances change. The safety plan may be a separate document from the Service Plan;
- (d) Include the <u>individual as an active participanttion of the individual; in the creation and implementation of their service plan, unless:</u>
- (A) The individual does not wish to participate; or
- (B) Seeking the individual's participation would be significantly detrimental to the individual's care or health, based on evidence documented in the service record.
- (e) Include the participation of family members, as applicable and as the individual's choice indicates, which may include "caregiver or parent and child" work when a caregiver's behavioral health is impacting a child's behavioral health.; and
- (f) Be completed and signed by qualified program staff as follows:
- (A) Supervisory or treatment staff in substance use disorders treatment and recovery programs, and
- (B) Supervisory or treatment staff in problem gambling treatment and recovery programs.
- (2) At minimum, each service plan shall include:
- (a) Treatment objectives that are:
- (A) Individualized to meet the assessed needs of the individual; and
- (B) Measurable, to facilitate for the purpose of evaluating, including a baseline evaluation and evaluation of progress.
- (b) The specific services and supports that will be used to meet the treatment objectives;
- (c) A projected schedule for service delivery, including the expected frequency and duration of each type of <u>service or supportplanned therapeutic session or encounter</u>;

- (d) The <u>credentials type</u> of <u>the</u> personnel furnishing the each services; and
- (e) Proactive safety and crisis planning;
- (A) If the assessment indicates risk to the health and safety of the individual or to others, the service plan shall include a safety plan, which may be a separate document from the service plan;
- (B) The safety plan shall be updated as necessary to reflect changing circumstances;
- (fe) A projected schedule for re-evaluating the service plan.
- (3) The service plan shall be completed and signed by qualified supervisory or treatment staff in the relevant treatment and recovery program, whether for substance use disorders or gambling disorder.
- (43) <u>Service notes.</u> Providers shall document each service and support in a service note to include:
- (a) The specific services rendered;
- (b) The specific service plan objectives being addressed by the services provided;
- (c) The date, time of service, and the actual amount of time during which the services were rendered;
- (d) The personnel rendering the services, including the name, credentials, and signature;
- (e) The setting in which the services were rendered; and
- (f) Periodic updates describing the individual's progress.
- (<u>54</u>) <u>Transfers</u> <u>The transfer of individuals</u> shall be documented in the service notes <u>and</u> in accordance with OAR 309-018-0155.
- (6) Care coordination for all individuals.
- (a) Providers shall collaborate with community partners to coordinate or deliver services and supports identified in the service plan.
- (b) Providers shall collaborate to exchange information with any applicable physical, behavioral, or oral health care providers for the individual to promote regular and adequate health care.
- (7) Care coordination for individuals who are members of coordinated care organizations (CCOs).
- (a) If individual is enrolled in a coordinated care organization, is not receiving intensive care coordination services, and demonstrates potential eligibility for intensive care coordination based on the factors enumerated at OAR 410-141-3170(2), the provider shall refer the individual to the CCO for assessment and screening for intensive care coordination services.
- (b) If the individual has been assigned an intensive care coordinator (ICC) through a CCO:

- (A) Providers shall support the ICC in developing an intensive care coordination plan, participate in care coordination meetings, follow up and engage the individual in agreed-upon care plan responsibilities, and provide feedback on treatment status to the ICC.
- (B) Providers shall facilitate and support connection between the individual and the ICC.
- (C) Providers shall support the ICC's efforts to coordinate interdisciplinary team meetings, which shall be held monthly, or sooner as indicated by the individual's needs, as described in OAR 410-141-3170(7)(e).
- (i) In connection with these meetings, providers shall, as necessary, provide information on the individual's progress in treatments, test results, lab reports, medications, and other care information to promote optimal outcomes and reduce risks, duplication of services, or errors.
- (ii) All relevant providers shall be available for these meetings or provide individual treatment status updates for these meetings.
- (D) Providers must notify the ICC of:
- (i) The initiation of services;
- (ii) Any referrals, change of condition, or assessments completed; and
- (ii) Changes in treatment, provider, or acuity of health care needs.
- (E) Providers must track the reassessment triggers enumerated in OAR 410-141-3170(3)(b) and report any identified triggers to the ICC.
- (F) Providers must notify the ICC if the provider becomes aware of any changes in the individual's eligibility status for covered benefits.

309-018-0150 Service Record

- (1) Documentation shall be appropriate in quality and quantity to meet professional standards applicable to the provider and any additional standards for documentation in the provider's policies and any pertinent contracts.
- (2) All providers shall develop and maintain a Service Record for each individual upon entry.

 Documentation shall be appropriate in quality and quantity to meet professional standards applicable to the provider and any additional standards for documentation in the provider's policies and pertinent contracts with public entities, including Medicaid managed care entities. The service record shall, at a minimum, include, as applicable:
- (a) Identifying information, or documentation of attempts to obtain thise information, including:
- (A) The individual's name, address, telephone number, date of birth, gender, and, for adults, marital status and military status;
- (B) Name, address, and telephone number of the parent or legal guardian, primary care-giver, or emergency contact; and
- (C) Contact information for medical, oral, behavioral, and ancillary service and dental providers.
- (b) Informed <u>c</u>Consent for <u>Sservices</u>, including medications, or documentation specifying why the provider could not obtain consent <u>by from</u> the individual or guardian <u>as applicable</u>;
- (c) Written refusal of any services and supports offered, including medications;
- (d) A signed fee agreement, when applicable;
- (e) Assessment and updates to the assessment;
- (f) A service plan, including related documentation such as recovery plans, wellness action plans, education plans, behavior support plans, crisis intervention plans, safety plans, and advance directives for physical and mental health care;
- (g) Service notes;
- (h) Transfer documentation;
- (i) A copy of the record the provider submitted to the Authority's Measures and Outcomes Tracking System.
- (i) Other plans as made available, such as but not limited to recovery plans, wellness action plans, education plans, and advance directives for physical and mental health care;
- (j) Applicable sSigned consents for release of information;

- (k) An inventory of any personal belongings held by the provider during treatment inventory created upon entry and updated whenever an item of significant value is added or removed or on the date of transfer;
- (<u>I</u>) Documentation indicating that the individual and guardian, as applicable, wasere provided with the required orientation information upon entry;
- (m) Background information including strengths and interests, all available previous mental health, <u>problem gambling</u>, or substance use assessments, previous living arrangements, service history, behavior support considerations, education service plans <u>if applicable</u>, and family and other support resources;
- (n) Medical information including a brief history of any health conditions, documentation from a LMP or other qualified health care professional of the individual's current physical health, and a written record of any prescribed or recommended medications, services, dietary specifications, and aids to physical functioning;
- (o) Copies of documents relating to guardianship or any other relevant legal considerations, as applicable;
- (p) A copy of the individual's most recent service plan, if applicable, or in the case of an emergency or crisis-respite entry, a summary of current behavioral health substance use or mental health services;
- (q) Documentation of the individual's ability to evacuate the home consistent with the program's evacuation plan developed in accordance with the Oregon Structural Specialty Code and Oregon Fire Code;
- (r) Documentation of any safety risks;
- (s) For individuals identified as being at risk of suicide, whether during the assessment or during the provision of services, the service notes shall contain documented evidence that suicide risk is continually assessed, that follow-up safety plan activities are being monitored, and that lethal means counseling has been conducted Documentation of follow-up actions and referrals when an individual reports symptoms indicating risk of suicide; and
- (t) Incident reports, including:
- (A) The date of the incident, the persons involved, the details of the incident, and the quality and performance actions taken to initiate investigation of the incident and correct any identified deficiencies; and
- (B) Any child abuse reports made by the provider to law enforcement or to the Department's Child Welfare Programs documenting the date of the incident, the individuals involved and, if known, the outcome of the reports.

- (23) When medical services are provided, the following documents shall be part of the Service Record as applicable:
- (a) Medication administration records as per these rules;
- (b) Laboratory reports; and
- (c) LMP orders for medication, protocols or procedures.

309-018-0180 Residential Substance Use Disorders Treatment and Recovery Programs

- (1) Programs approved to provide residential substance use disorders treatment services shall meet the following standards:
- (a) The assessment shall contain an evaluation that identifies and assesses needs such as social isolation, self-reliance, parenting issues, domestic violence, physical health, housing, and financial considerations;
- (b) The service plan shall address all areas identified in the assessment and applicable service coordination details to address the identified needs;
- (c) The program shall provide or coordinate services and supports that meet the special access needs such as childcare, mental health services, and transportation, as indicated; and
- (d) The program shall provide or coordinate the following services and supports unless clinically contraindicated:
- (A) Gender-specific services and supports;
- (B) Family services, including therapeutic services for children in the custody of individuals in treatment;
- (C) Reintegration with family;
- (D) Peer delivered supports services;
- (E) Smoking cessation;
- (F) Housing; and
- (G) Transportation.
- (2) Services shall include the participation of family and other agencies as appropriate, such as social service, child welfare, or corrections agencies.
- (3) The program shall coordinate services with the following, if indicated:
- (a) Agencies providing services to individuals who have experienced physical abuse, sexual abuse, or other types of domestic violence; and
- (b) Parenting training; and
- (c) Continuing care treatment services, which shall be consistent with the ASAM PPC and shall include referrals to support groups, where available.
- (4) Providers that receive SAPT block grant funding shall provide or coordinate the following services for pregnant women and individuals with dependent children, including individuals who are attempting to regain custody of their children:

(a) Printary medical care, including referral for prenatal care and crind care,
(b) Primary pediatric care, including immunizations for their children;
(c) Gender—specific substance use treatment and other therapeutic interventions for individuals that may include but are not limited to:
(A) Relationship issues;
(B) Sexual, and physical, emotional, and financial abuse;
(C) Parenting;
(D) Access to child care while the individuals are receiving these services; and
(E) Therapeutic interventions for children in the custody of individuals in treatment that may <u>address</u> <u>issues including</u> include but are not limited to :
(i) Their developmental needs;
(ii) Any issues concerning sexual and physical abuse and neglect; and
(iii) Sufficient case management and transportation to ensure that individuals and their children have access to services.
(5) Providers who deliver adolescent substance use disorders treatment services or those with adolescent-designated service funding shall meet the following standards:
(a) Development of service plans, and case management, and care coordination services shall include participation of parents, other family members, schools, children's services agencies, and juvenile corrections, as appropriate.
(b) Services or appropriate referrals shall include:
(A) Family counseling;
(B) Education services;
(C) Community and social skills training; and
(D) Smoking cessation service.
(c) Continuing care services shall be of appropriate duration and designed to maximize recovery opportunities. The services shall include:
(A) Reintegration services and coordination with family and schools:

- (B) Youth-<u>directed</u> dominated self-help groups with a majority of participants being youth, where available;
- (C) Linkage to emancipation services when appropriate; and.
- (D) Linkage to <u>sexual</u>, physical, <u>or sexual emotional</u>, <u>and financial</u> abuse counseling and support services when appropriate; <u>and</u>
- (E) Referral for peer delivered services by a youth support specialist.

309-018-XXXX Withdrawal Management Programs

- (1) A withdrawal management program shall comply with all applicable requirements in OAR chapter 309, division 018, except as noted below. The following definitions apply with respect to this rule:
- (a) "ASAM Level 3.2-WM Clinically Managed Residential Withdrawal Management" (Level 3.2-WM) means a setting in which clinically managed services are directed by non-physician addiction specialists rather than medical and nursing personnel.
- (b) "ASAM Level 3.7-WM Medically Monitored Withdrawal Management" (Level 3.7-WM) means an inpatient setting that provides medically managed intensive inpatient treatment services; such settings are also automatically certified for the provision of Level 3.2-WM. D services.
- (2) The program shall have written criteria for entry which shall include a process for determining approval or denial of entry consistent with ASAM Levels of Withdrawal Management. An initial assessment shall occur at the time of entry to the program. The assessment need not comply with the requirements of OAR 309-018-0140, and shall instead be conducted as follows:
- (a) In ASAM Level 3.2-WM programs, initial assessments shall be documented and conducted by substance use disorders treatment staff and shall include:
- (A) CIWA-AR and/or COWS (or similar tool);
- (B) Vital signs including respiration, pulse, blood pressure, temperature, and oxygen level; and
- (C) ASAM Dimensions 1 and 2.
- (b) In ASAM Level 3.7-WM programs, initial assessments shall be documented and conducted by a registered nurse or other licensed and credentialed nurse, and shall include:
- (A) CIWA and/or COWS (or similar nursing assessment tool); and
- (B) Vital signs including respiration, pulse, blood pressure, temperature and oxygen level;
- (C) ASAM Dimensions 1 and 2.
- (c) As soon as the individual is able, but no later than 24 hours after entry, an LMP shall:
- (A) Conduct a medical history and physical assessment; and
- (B) Evaluate ASAM Dimensions 1, 2, and 3, and determine the appropriate ASAM Level of Care placement and the individual's stabilization needs.
- (d) Within the first 72 hours and as soon as the individual is able, substance use disorders treatment staff shall complete the multi-dimensional assessment, including:
- (A) ASAM Dimensions 3, 4, 5, and 6; and

- (B) The individual's transition needs.
- (3) Within 24 hours of entry, the program shall develop an individualized service plan that reflects the individual's anticipated length of stay and the stabilization needs. The assessment need not comply with the requirements of OAR 309-018-0145, and shall instead be conducted as follows:
- (a) In Level 3.2-WM programs, the service plan shall:
- (A) Specify medical diagnoses, medications, and symptoms that may impact detoxification;
- (B) Specify the symptoms identified in the assessment;
- (C) Specify objective(s) for the stabilization of each symptom;
- (D) Specify the stabilization services, methods, and activities that will be used to achieve the objectives, as well as the frequency of contact for each service;
- (E) Document family participation in the stabilization planning process, where appropriate; and
- (F) Document the individual's participation in developing the service plan.
- (b) In Level 3.7-WM programs, the service plan shall:
- (A) Specify medical diagnoses, medications and symptoms that may impact detoxification;
- (B) Specify the symptoms identified in the assessment;
- (C) Specify objective(s) for the stabilization of each symptom;
- (D) Specify the stabilization services, methods, and activities, including medical and nonmedical services, that will be used to achieve the objectives, as well as the frequency of contact for each;
- (E) Document family participation in the stabilization planning process, where appropriate; and
- (F) Document the Individual's participation in developing the service plan.
- (4) The program shall meet the following stabilization standards:
- (a) Once the individual can participate, the program shall provide:
- (A) Individual or group motivational counseling sessions; and
- (B) Individual advocacy, care coordination, and case management services.
- (b) The program shall encourage individuals to remain in services for the recommended duration included in the service plan, and shall document these efforts.

- (c) The program shall assist individuals to transition to substance use disorders treatment services and shall document all care coordination in the service record.
- (5) The program shall document a transition plan in the service record. The assessment need not comply with the requirements of OAR 309-018-0155, and shall instead comply with the following:
- (a) The transition plan shall include:
- (A) Referrals made to other services or agencies at the time of transition;
- (B) The individual's plan for follow-up, aftercare, or other post-stabilization services, including appointment times and contact information; and
- (C) Participation by the individual in the development of the transition plan.
- (b) A copy of the transition plan shall be provided to the individual prior to leaving the program.
- (6) The program shall document a stabilization summary in a progress note prior to the individual leaving the program. The summary shall include:
- (a) Progress toward service plan objectives;
- (b) The reason for transition; and
- (c) The referrals given if a transition plan was not completed.
- (7) Each program shall meet the following standards for medical services:
- (a) The program shall have written policy and procedure for providing immediate transportation for individuals to a general hospital in case of a medical emergency.
- (b) The program shall have a written protocol, developed or approved by the medical director, for determining each individual's need for ongoing medical evaluation.
- (c) The program shall demonstrate the medical director's involvement in the development and approval of medical protocols, policies and procedures, quarterly reviews of physicians' standing orders, and consultation in any medical emergencies.
- (d) The program shall have a written staffing plan that demonstrates adequate staff coverage during emergency and high-demand situations.
- (e) A registered nurse must be on duty at the WM program site at all times.
- (8) Each program must maintain the following minimum staff ratios:
- (a) One registered nurse or other licensed and credentialed nurse for every five individuals admitted to the program; and

(b) One withdrawal management program staff for every 10 individuals admitted to the program.

309-018-0185 Medical Protocols in Residential Substance Use Disorders Treatment Programs and Withdrawal Management Programs

Providers shall designate a medical director to oversee medical services and to develop and approve medical protocols. The shall be approved by a medical director shall be under contract with thea provider program or written reciprocal agreement with a medical practitioner under managed care. The protocols shall:

- (1) Require that a medical history be included in the assessment;
- (a) Providers may not use an individual's lack of medical history records as a reason to delay or deny an assessment or entry to a program. Self-report of medical history is sufficient for an individual to enter services.
- (b) Providers shall offer support to an individual in gaining medical records.
- (2) Designate those medical symptoms and conditions that, when found, require further investigation, physical examinations, treatment, or laboratory testing;
- (3) Require that individuals shall be referred for a physical examination and appropriate lab testing within 30 days of entry to the program if they: admitted to the program who are currently injecting or intravenously using a drug, or have injected or intravenously used a drug within the past 30 days, or who are at risk of withdrawal from a drug, or who are or may be pregnant, shall be referred for a physical examination and appropriate lab testing within 30 days of entry to the program. This requirement may be waived by the medical director if these services have been received within the past 90 days and documentation is provided;
- (4) Require that pregnant women be referred for prenatal care within two weeks of entry to the program;
- (5) Require that the program provide, within 30 days of entry, information and risk assessment regarding HIV and AIDS, TBtuberculosis, sexually transmitted disease, Hepatitis, and other infectious diseases relevant for the individual's community information and risk assessment, including any needed referral, within 30 days of entry;
- (6) Specify the steps for follow—up and coordination with physical health care providers in the event the individual is found to have an infectious disease or other major medical problem.

309-018-0190 Administration of Medications Administration, Storage, and Disposal

The following guidelines shall be followed in policies on administration of medications in residential programs:

- (1) Medications prescribed for one individual may not be administered to or self-administered by another individual or program staff.
- (2) When an individual self-administers medication in a residential program, self-administration shall be approved in writing by a physician and closely monitored by the residential program staff.
- (3) No unused, outdated, or recalled drugs shall be kept in a program. On a monthly basis any unused, outdated, or recalled drugs shall be disposed of in a manner that assures they cannot be retrieved.
- (4) A written record of all disposal of prescription drugs in a residential program shall be maintained in the program and shall include:
- (a) A description of the drug, including the amount;
- (b) The individual for whom the medication was prescribed;
- (c) The reason for disposal; and
- (d) The method of disposal.
- (5) All prescription drugs stored in the residential program shall be kept in a locked stationary container. Medications requiring refrigeration shall be stored in a refrigerator using a locked container.
- (6) Written documentation of medications prescribed for the individual by an LMP shall be maintained in the Service Record. Documentation for each medication prescribed shall include the following:
- (a) A copy or detailed written description of the signed prescription order;
- (b) The name of the medication prescribed;
- (c) The prescribed dosage and method of administration;
- (d) The date medications were prescribed, reviewed, or renewed;
- (e) The date and the signature and credentials of program staff administering or prescribing medications;
- (f) Observed side effects including laboratory findings; and
- (g) Medication allergies and adverse reaction.

Each program must have policies and procedures consistent with the following requirements:

- (1) Medications prescribed for one individual shall not be administered to or self-administered by another individual or employee.
- (2) Medications may not be used as chemical restraints.
- (3) Medications may not be withheld for non-medical reasons, used as reinforcement or punishment, or administered in quantities in excess of physician orders or in relation to the amount needed to attain the client's best possible functioning.
- (4) Before any medication is administered to or self-administered by any individual, one of the following shall be recorded in the service record:
- (a) A written order signed by an LMP;
- (b) An LMP's standing order; or
- (c) An LMP's order received by telephone, which order shall be and signed by a physician at the earliest opportunity.
- (5) Self-administration of any medication must be approved in advance and in writing by an LMP.
- (a) Prior to the self-administration of each medication, the written order of the prescriber shall be documented in the service record, including instruction to self-administer the medication.
- (b) Treatment or medical staff shall prompt the individual to self-administer the medication, and shall closely monitor the administration and dosage taken. This supervision shall be documented in the service record.
- (6) A Medication Administration Record shall be kept for each medication administered to or self-administered by an individual, including supplements and over-the-counter medications. For each administration of medication, the Medication Administration Record shall include:
- (a) The individual's first and last name;
- (b) The individual's medication allergies;
- (c) The prescriber's name and credentials;
- (d) A description of the medication, including prescribed dosage;
- (e) Written verification by staff that the individual took the medication, along with the times and dates administered, or self-administered;
- (f) The signature and credentials of staff administering or closely observing self-administration of the medication;
- (g) The method of administration;

- (h) Any adverse reactions or serious or unexpected side effects to the medication, and documentation of any notification to an LMP within one hour of staff learning of the adverse reaction or side effect; and
- (i) Documentation of any refusal by an individual to take a medication, including the reason for refusal, date, time, name of medication, dose, and timely notification to the prescriber.
- (7) The service record shall include documentation of medications prescribed for the individual and related physicians' orders. The service record shall include a copy or detailed written description of signed prescription orders, including:
- (a) The prescriber's credentials;
- (b) The name of the medication prescribed;
- (c) The prescribed amount, dosage, and method of administration;
- (d) The date the medication was prescribed, reviewed, or renewed; and
- (e) Medication contraindications, allergies and potential side effects.
- (8) Medication storage.
- (a) All prescription medications stored in the program shall be kept in a locked, stationary container. Medications requiring refrigeration shall be stored in a refrigerator, but must either be stored in a lock container inside the refrigerator, or in a refrigerator that can itself be locked.
- (b) Programs shall develop a policy regarding controlled substances that are stored, but not yet prescribed.
- (A) The policy shall include maintenance of records and inventories in conformance with 21 U.S.C. § 827; 21 CFR §§ 1304.02–1304.11, 1304.21–1304.26, 1304.31–1304.33.
- (B) A written inventory of all controlled substances shall be taken by registrants annually within 365 days of the last written inventory.
- (C) All records shall be maintained for a period of three years.
- (9) The program shall implement a policy that no unused, outdated, damaged, or recalled medications shall be kept in the program.
- (a) Medications that are wasted, unused, outdated, damaged, deteriorated, misbranded, or adulterated shall be stored in the original container and physically separated from other medications until they are destroyed or returned to their supplier.
- (d) The medication disposal documentation shall be retained at the facility for a period of at least three years.

309-018-0200 Facility Standards for Residential Programs Regarding Substance Use Disorders, and Problem Gambling Disorder, and Withdrawal Management Residential Treatment and Recovery Programs

- (1) Residential programs shall meet the following standards:
- (a) Maintain up-to-date documentation verifying that they meet and comply with all-applicable local business license, zoning, and building codes, and applicable federal, state, and local fire and safety regulations. It is the responsibility of the provider to check with local government to make sure all applicable local codes have been met.
- (b) Prior to construction of a new building or major alteration of or addition to an existing building:
- (A) One set of plans and specifications shall be submitted to the State Fire Marshal for approval;
- (B) Plans shall be in accordance with the State of Oregon Structural Specialty Code and Fire and Life Safety Regulations;
- (C) Plans for construction containing 4,000 square feet or more shall be prepared and bear the stamp of an Oregon licensed architect or engineer; and
- (D) The water supply, sewage, and garbage disposal system shall be approved by the agency having jurisdiction.
- (2) All rooms used by individuals shall have floors, walls, and ceilings that meet the interior finish requirements of the State of Oregon Structural Specialty Code and Fire and Life Safety Regulations.
- (a) A separate dining room or area shall be provided for exclusive use of individuals, program staff, and invited guests and shall:
- (A) Seat at least one-half of the individuals at a time with a minimum of 15 square feet per occupant; and
- (B) Be provided with adequate ventilation.
- (b) A separate living room or lounge area shall be provided for the exclusive use of individuals, program staff, and invited guests and shall:
- (A) Provide a minimum of 15 square feet per occupant; and
- (B) Be provided with adequate ventilation.
- (c) Bedrooms shall be provided for all individuals and shall:
- (A) Be separate from the dining, living, multi-purpose, laundry, kitchen, and storage areas;

- (B) Be an outside room with a window that can be opened and is at least the minimum required by the State Fire Marshal;
- (C) Have a ceiling height of at least seven feet, six inches;
- (D) Provide a minimum of 60 square feet per individual with at least three feet between beds;
- (E) Provide permanently wired light fixtures located and maintained to give light to all parts of the room; and
- (F) Provide a curtain or window shade at each window to assure privacy.
- (d) Bathrooms shall be provided and conveniently located in each building containing a bedroom and shall:
- (A) Provide a minimum of one toilet and one hand-washing sink for <u>each every</u> eight individuals and one bathtub or shower for <u>each every</u> ten individuals;
- (B) Provide one hand-washing sink convenient to every room containing a toilet;
- (C) Provide permanently wired light fixtures located and maintained to give adequate light to all parts of the room;
- (D) Provide personal privacy for individuals;
- (E) Provide a privacy screen at each window;
- (F) Provide a mirror; and
- (G) Be provided with adequate ventilation and reasonable measures to prevent mold.
- (e) A supply of hot and cold water installed and maintained in compliance with rules of the Authority, the Division, and Public Health Division shall be distributed to taps conveniently located throughout the residential program;
- (f) All plumbing shall comply with applicable codes;
- (g) Laundry facilities, when provided, shall be separate from:
- (A) Resident living areas, including bedrooms;
- (B) Kitchen and dining areas; and
- (C) Areas used for the storage of unrefrigerated perishable foods.
- (h) Storage areas shall be provided appropriate to the size of the residential program. Separate storage areas shall be provided for:

(A) Food, kitchen supplies, and utensils; (B) Clean linens; (C) Soiled linens and clothing; (D) Cleaning compounds and equipment; and (E) Poisons, chemicals, insecticides, and other toxic materials that shall be properly labeled, stored in the original container, and kept in a locked storage area. (i) Furniture shall be provided for each individual and shall include: (A) A bed with a frame and a clean mattress and pillow; (B) A private dresser or similar storage area for personal belongings that is readily accessible to the individual; and (C) Access to a closet or similar storage area for clothing. (j) Linens shall be provided for each individual and shall include: (A) Sheets and pillowcases; (B) Blankets, appropriate in number and type for the season and the individual's comfort; and (C) Towel and washcloth. (3) The residential program shall meet the requirements of the State of Oregon Sanitary Code for Eating and Drinking Establishments relating to the preparation, storage, and serving of food. At minimum: (a) Menus shall be prepared in advance to provide a sufficient variety of foods served in adequate amounts for each resident, and any children, at each meal; (b) Records of menus as served shall be filed and maintained in the residential program records for at least 30 days;

(e) Supplies of staple foods for a minimum of one week and of perishable foods for a minimum of a two-

(f) Food shall be stored and served at proper temperature;

(d) At least three meals shall be provided daily;

day period shall be maintained on the premises;

(c) All modified or special diets shall-must be ordered by a physician;

- (g) All utensils, including dishes, glassware, and silverware used in the serving or preparation of drink or food for individuals shall be effectively washed, rinsed, sanitized, and stored after each individual use to prevent contamination in accordance with Division standards; and
- (h) Raw milk and home-canned vegetables, meats, and fish may not be served or stored in a residential program.
- (4) The residential program shall meet the following safety requirements:
- (a) At no time shall the number of individuals served exceed the approved capacity;
- (b) A written emergency plan shall be developed and posted next to the telephone used by program staff and shall include:
- (A) Instructions for the program staff or designated resident in the event of fire, explosion, accident, death, or other emergency, including instructions for the evacuation of individuals and program staff.
- (B) and tThe telephone number for:
- (i) s of tThe local fire department, law enforcement agencies, and hospital emergency rooms; and
- (ii) <u>t</u>he residential program's designated physician and on-call back-up program staff; and
- (B) The telephone number (iii) of tThe administrator or clinical supervisor and other persons to be contacted in case of emergency; and.
- (C) Instructions for the evacuation of individuals and program staff in the event of fire, explosion, or other emergency.
- (c) The residential program shall provide fire safety equipment appropriate to the number of individuals served and meeting the requirements of the State of Oregon Structural Specialty Code and Fire and Life Safety regulations:
- (A) Fire detection and protection equipment shall be inspected as required by the State Fire Marshal;
- (B) All flammable and combustible materials shall be properly labeled and stored in the original container in accordance with the rules of the State Fire Marshal; and
- (C) The residential program shall conduct unannounced fire evacuation drills at least monthly. At least once every three months the monthly drill shall occur between 10 p.m. and 6 a.m. Written documentation of the dates and times of the drills, time elapsed to evacuate, and program staff conducting the drills shall be maintained.
- (d) At least one program staff who is trained in First Aid and CPR shall be onsite at all times.
- (e) Withdrawal management programs shall make available a locked area not readily accessible to individuals for safe storage of such items as money and jewelry.

- (5) The residential program shall meet the following sanitation requirements:
- (a) All floors, walls, ceilings, window, furniture, and equipment shall be kept in good repair, clean, neat, orderly, and free from odors;
- (b) Each bathtub, shower, hand-washing sink, and toilet shall be kept clean and free from odors;
- (c) The water supply in the residential program shall meet the requirements of the rules of the Public Health Division governing domestic water supplies;
- (d) Soiled linens and clothing shall be stored in an area separate from kitchens, dining areas, clean linens and clothing, and unrefrigerated food;
- (e) All measures necessary to prevent the entry into the program of mosquitoes and other insects shall be taken;
- (f) All measures necessary to control rodents shall be taken;
- (g) The grounds of the program shall be kept orderly and free of litter, unused articles, and refuse;
- (h) Garbage and refuse receptacles shall be clean, durable, water-tight, insect- and rodent_-proof and kept covered with a tight-fitting lid;
- (i) All garbage solid waste shall be disposed of at least weekly and in compliance with the rules of the Department of Environmental Quality; and
- (j) Sewage and liquid waste shall be collected, treated, and disposed of in compliance with the rules of the Department of Environmental Quality.

309-018-0205 Quality Assessment and Performance Improvement

- (1) Providers shall develop and implement a structured and ongoing process to assess, monitor, and improve the quality and effectiveness of services provided to individuals and their families, including:-
- (a) A quality improvement committee; and
- (b) A performance improvement process documented in a performance improvement plan.
- (2) The quality improvement committee shall include representatives of individuals served and their families, and shall meet at least quarterly to:
- (a) Identify and assess the following indicators of quality:
- (A) Access to services;
- (B) Outcomes of services;
- (C) Systems integration and coordination of services; and
- (D) Utilization of services.
- (b) Review incident reports, grievances, and other documentation as applicable;
- (c) Identify measurable and time-specific performance objectives and strategies to meet the objectives and measure progress;
- (d) Recommend policy and operational changes necessary to achieve performance objectives; and
- (e) Reassess and, if necessary, revise objectives and methods to measure performance on an ongoing basis and ensure sustainability of improvements.
- (3) The quality assessment and performance improvement process shall be documented in a performance improvement plan, which shall include the performance objectives, strategies, and progress metrics identified by the quality improvement committee.

309-018-0210 Grievances and Appeals

- (1) Any individual receiving services or the parent or guardian of the individual receiving services may file a grievance with the provider, the individual's Medicaid managed care plan, or the Division. For purposes of this rule, a "grievance" means a formal complaint submitted to a provider, whether verbally or in writing, by an individual or the individual's chosen representative, pertaining to any aspect of service delivery, including the denial of services and supports.
- (2) Individuals whose services are funded by Medicaid may file grievances and appeals in accordance with the procedures set forth in OAR 410-141-3230 through 410-141-3255.
- (32) The provider's grievance process shall:
- (a) Notify each individual or guardian of the grievance procedures by reviewing a written copy of the policy upon entry;
- (b) Assist individuals and their parents or guardians, as applicable, to understand and complete the grievance process and notify them of the results and basis for the decision;
- (c) Encourage and facilitate resolution of the grievance at the lowest possible level;
- (d) Complete an investigation of any grievance within 30 calendar days;
- (e) Implement a procedure for accepting, processing, and responding to grievances including specific timelines for each;
- (f) Designate a program staff person to receive and process the grievance;
- (g) Document any action taken on a substantiated grievance within a timely manner; and
- (h) Document receipt, investigation, and action taken in response to the grievance.
- (43) The provider shall post a Grievance Process Notice in a common area stating the telephone numbers of:
- (a) The Division;
- (b) Disability Rights Oregon;
- (c) The community mental health program;
- (ed) The applicable All coordinated care organizations with service areas that include the provider; and
- (ed) The Governor's Advocacy Office.
- (54) In circumstances where the matter of the grievance is likely to cause harm to the individual before the grievance procedures outlined in these rules are completed, the individual or guardian of the individual may request an expedited review.

- (a) The program administrator shall review and respond in writing to the grievance within 48 hours of receipt of the grievance. This response may be that the grievance does not merit expedited review, in which case the grievance shall be adjudicated pursuant to the standard timeline.
- (b) The written response shall include information about the appeal process.
- (65) A grievant, witness, or staff member of a provider may not be subject to retaliation by a provider for making a report or being interviewed about a grievance or being a witness. Retaliation may include but is not limited to dismissal or harassment; reduction in services, wages or benefits; or basing service or a performance review on the action.
- (76) The grievant is immune from any civil or criminal liability with respect to the making or content of a grievance made in good faith.
- (87) Individuals and their legal guardians, as applicable, shall have the right to appeal entry, transfer, and grievance decisions as follows:
- (a) If the individual or guardian is not satisfied with the decision, the individual or guardian may file an appeal in writing within ten working days of the date of the program administrator's response to the grievance or notification of denial for services as applicable. The appeal shall be submitted to the Division as applicable;
- (b) If requested, program staff shall be available to assist the individual;
- (c) The Division shall provide a written response within ten working days of the receipt of the appeal; and
- (d) If the individual or guardian is not satisfied with the appeal decision, he or she may file a second appeal in writing to the Division Director within ten working days of the date of the written response.

309-018-0215 Variances

- (1) Variances may be granted to a provider holding a license under this rule:
- (a) Is consistent with all statutory requirements; and
- (b) Would not jeopardize the health, life, or safety of the individuals served, or would otherwise result in services or systems that meet or exceed applicable regulatory standards.
- (a) If there is a lack of resources to implement the standards required in these rules; or
- (b) If implementation of the proposed alternative services, methods, concepts, or procedures results in improved outcomes for the individual.
- (2) Application for a variance:
- (a)-Providers may shall submit their a written variance request directly to the Division.;
- (b) Providers requesting a variance shall submit a written application to the Division; and
- (c) The \(\forall \) variance requests shall contain the following:
- (aA) A description and applicable details of the variance requested, including ‡the section of the rule from which the variance is sought;
- (bB) The reason for the proposed variance, such as a lack of resources to meet a regulatory requirement;
- (ce) The alternative practice, service, method, concept, or procedure proposed;
- (dD) A proposal for the duration of the variance, including; and
- (E) Aa plan and timetable for compliance with the section of the rule exempted or adjusted by for which the variance applies.
- (3) The Division shall respond to variance requests within 30 days of receipt.
- (a) The Division shall approve or deny the request for a variance. A notice of variance approval and shall notify the provider in writing of the decision to approve or deny the requested variance within 30 days of receipt of the variance. The written notification shall include the specific alternative practice, service, method, concept, or procedure that is approved and the duration of the approval, which may not exceed the effective duration of the provider's license.
- (b) Granting a variance for one request does not set a precedent that must be followed by the Division when evaluating subsequent variance requests.

(c) An applicant or provider may appeal a denied variance request by filing a written appeal with the Division within 14 days of the denial. The Chief Officer shall issue a decision within 30 days of receipt of the appeal. The Chief Officer's decision on appeal shall be final.

(4) Appeal of the denial of a variance request shall be made in writing to the Chief Officer of the Division, whose decision shall be final and shall be provided in writing within 30 days of receipt of the appeal.

- (5) The LMHA, CMHP, or provider may implement a variance only after written approval from the Division.
- (6) Continuance of the variance will not be automatic and will be reconsidered at the expiration of the variance. Requesting renewal of a variance in advance of current variance expiration is the responsibility of each provider. The provider shall submit a request to extend a variance in writing prior to a variance expiring. Extensions shall be approved in writing by the Division.

(7) Granting a variance for one request does not set a precedent that shall be followed by the Division when evaluating subsequent requests for variance.
