Request to increase diversity and equity in membership for RAC

The Oregon Health Authority (OHA) goal is to create more equitable administrative rules.

RACs members are required to analyze the Racial Equity Impact Statement on proposed rules.

Organizations can help reach this goal by choosing a RAC member from a priority population to represent their organization.

OAR 943-021-0010(7):

Priority populations means:

- (a) Communities of color;
- (b) Tribal communities including the nine federally recognized tribes of Oregon and other American Indians and Alaska Natives people;
- (c) Immigrants;
- (d) Refugees;
- (e) Migrant and seasonal farmworkers;
- (f) Low-income individuals and families;
- (g) Persons with disabilities; and
- (h) Individuals who identify as lesbian, gay, bisexual, transgender, or queer, or who question their sexual or gender identity.

OHA Health Equity Definition “communities historically and currently disadvantaged by their race, ethnicity, language, disability, gender, gender identity, sexual orientation, social class, intersections among these communities or identities, or other socially determined circumstances”
