### Request to increase diversity and equity in membership for Rules Advisory Committee (RAC)

The Oregon Health Authority (OHA) goal is to create more equitable Oregon Administrative Rules (OARs). Organizations can help reach this goal by choosing someone from a priority population to represent their organization.

OAR 950-020-0010(7) defines “priority populations” as:

- Communities of color;
- Tribal communities including the nine federally recognized tribes of Oregon and other American Indians and Alaska Natives people;
- Immigrants;
- Refugees;
- Migrant and seasonal farmworkers;
- Low-income individuals and families;
- Persons with disabilities; and
- Individuals who identify as lesbian, gay, bisexual, transgender, or queer, or who question their sexual or gender identity.

OHA’s Health Equity Definition includes “communities historically and currently disadvantaged by their race, ethnicity, language, disability, gender, gender identity, sexual orientation, social class, intersections among these communities or identities, or other socially determined circumstances.”
