Exciting New Medical Plan Updates

- All medical plans will include a **new fertility benefit**.
- **Kaiser Permanente** will expand coverage of services and prescriptions related to reproductive health and women's preventive health with no cost-share.
- **Kaiser Permanente** will enhance hearing aid coverage.

The biggest changes you will see this year are in the **Moda Health medical plans**. Moda Health is launching all new medical plans under just one network: the **Connexus** provider network.

Under Moda Health, members will still have a choice of plans with various deductibles and copays/coinsurance.

Which new plan is the closest to my current plan?

We can show you a comparison of individual plan deductibles (see below), but that doesn't tell the whole story. There may be other changes to benefits and cost sharing. When you receive your packet in August, be sure to look at all the benefit details carefully.

PCP 360 Coordinated Care Option

Each family member on a Moda Health medical plan can receive an enhanced benefit by choosing a **PCP 360** (Coordinated Care).

A PCP 360 is a primary care provider who delivers "full-circle care," coordinating with other providers as needed. They have agreed to be accountable for your health and provide you with lower out-of-pocket costs.

What's in a name?

PCP = Primary Care Provider

360 = Full-Circle Care
