Provider selection criteria

Kaiser Foundation Health Plan of the Northwest (KFHPNW) offers several networks that are comprised of the Kaiser Permanente integrated health care delivery system. The primary contracted provider groups and facilities that participate include: Northwest Permanente, P.C., Physicians and Surgeons, facilities owned and operated by Kaiser Foundation Hospitals (hospitals, Kaiser Permanente medical offices, Kaiser Permanente pharmacies), The Portland Clinic, The CHP Group, and contracted hospitals. In general, the networks contain physicians, specialists and facilities to provide services to individuals and groups covered under all Kaiser Permanente plans.

Prior to allowing network participation, providers must successfully complete the initial credentialing process and demonstrate their ongoing ability to meet credentialing standards through a re-credentialing process. Providers are required to provide the information needed to review and verify their credentials. To ensure quality and safety of care between re-credentialing cycles, Kaiser Permanente performs ongoing monitoring of the participating provider's performance. Kaiser Permanente acts on important quality or safety issues in a timely manner by taking appropriate action against a participating provider when occurrences of poor quality are identified.

We also monitor and analyze member feedback relating to network access, availability of providers, and cultural needs and preferences. This information helps guide our network improvement efforts.

Tiered network criteria

Kaiser Foundation Health Plan of the Northwest offers three tiered networks including Added Choice, Added Choice + Dental Choice, and PPO Plus. The primary contracted provider groups and facilities that participate in Tier 1 include: Northwest Permanente, P.C., Physicians and Surgeons, facilities owned and operated by Kaiser Foundation Health Plan (Kaiser Permanente Medical Offices and Pharmacies), Kaiser Foundation Hospitals (hospitals), The Portland Clinic, and contracted hospitals.

The Added Choice and Added Choice + Dental Choice networks are comprised of the Kaiser Permanente integrated health care delivery system (as described above) and The CHP Group for Tier 1, and First Choice Health PPO Network (or First Health Network for members in states other than OR, WA, ID, MT, WY, ND, SD and AK) for Tier 2. The Added Choice networks are designed to allow members access to all that Kaiser Permanente offers plus the option to seek care from providers outside our network. Tier 1 providers can be located on **kp.org** and **chpgroup.com**. Tier 2 providers can be located at **kp.org/addedchoice**. Non-participating providers and facilities are Tier 3 providers.

KAISER PERMANENTE NORTHWEST REGION

Oregon and Washington acupuncture, chiropractic, naturopathic, and massage therapy providers

If your plan includes an alternative care or chiropractic benefit, your per-visit charge and annual benefit maximum are shown on your *Evidence of Coverage (EOC)*. The benefit may cover visits for chiropractic care, acupuncture, naturopathic care, and massage therapy. The amount you pay for visits to alternative care providers varies by the type of service.

You may choose from alternative care providers throughout our service area.*Some services may require a referral to receive care. Check your *EOC* for plan specifics. When you need alternative care, just choose a provider from the list provided here or at chpgroup.com, and call for an appointment. You can also call the Washington State Department of Health at 360-236-4700 or visit the Oregon Medical Board website at oregon.gov/omb/investigations/pages/complaint-resources.aspx for additional information on alternative

care certifying agencies/bodies, including malpractice history and disciplinary actions.

You pay the charges listed on your *EOC* benefit summary directly to the provider.

Some services are not covered even if ordered by the provider. Exclusions and limitations apply even if your plan covers the service when it is ordered by a participating provider.

For more information and a complete listing of exclusions and limitations, see your *EOC* or contact Member Services.

To report provider directory inaccuracies, please call Member Services at 1-800-813-2000 or go to kp.org/webmanager.

Provider selection criteria

Kaiser Foundation Health Plan of the Northwest (KFHPNW) offers several networks that are comprised of the Kaiser Permanente integrated health care delivery system. The primary contracted provider groups and facilities that participate include: Northwest Permanente, P.C., Physicians and Surgeons, facilities owned and operated by Kaiser Foundation Hospitals (hospitals, Kaiser Permanente medical offices, Kaiser Permanente pharmacies), The Portland Clinic, The CHP Group, and contracted hospitals. In general, the networks contain physicians, specialists and facilities to provide services to individuals and groups covered under all Kaiser Permanente plans.

Prior to allowing network participation, providers must successfully complete the initial credentialing process and demonstrate their ongoing ability to meet credentialing standards through a re-credentialing process. Providers are required to provide the information needed to review and verify their credentials. To ensure quality and safety of care between re-credentialing cycles, Kaiser Permanente performs ongoing monitoring of the participating provider's performance. Kaiser Permanente acts on important quality or safety issues in a timely manner by taking appropriate action against a participating provider when occurrences of poor quality are identified.

We also monitor and analyze member feedback relating to network access, availability of providers, and cultural needs and preferences. This information helps guide our network improvement efforts.

Tiered network criteria

Kaiser Foundation Health Plan of the Northwest offers three tiered networks including Added Choice, Added Choice + Dental Choice, and PPO Plus. The primary contracted provider groups and facilities that participate in Tier 1 include: Northwest Permanente, P.C., Physicians and Surgeons, facilities owned and operated by Kaiser Foundation Health Plan (Kaiser Permanente Medical Offices and Pharmacies), Kaiser Foundation Hospitals (hospitals), The Portland Clinic, and contracted hospitals.

The Added Choice and Added Choice + Dental Choice networks are comprised of the Kaiser Permanente integrated health care delivery system (as described above) and The CHP Group for Tier 1, and First Choice Health PPO Network (or First Health Network for members in states other than OR, WA, ID, MT, WY, ND, SD and AK) for Tier 2. The Added Choice networks are designed to allow members access to all that Kaiser Permanente offers plus the option to seek care from providers outside our network. Tier 1 providers can be located on **kp.org** and **chpgroup.com**. Tier 2 providers can be located at **kp.org/addedchoice**. Non-participating providers and facilities are Tier 3 providers.
