Wildfire resources are available through your OEBB benefits

VSP resources

Wildfires can be challenging for employees and their families. If you or a family member has been affected by wildfires in Oregon or Washington, resources are available to help with lost or damaged eyewear.

If you have VSP coverage

If you lost or broke your eyewear because of a wildfire, you may be able to receive **replacement eyewear at no cost**.

Call VSP Member Services at **800-877-7195**. VSP can reinstate your eyewear benefits so you can replace your eyewear, regardless of your current eligibility status.

If you don't have VSP coverage

You may be able to get help replacing eyewear through the American Red Cross.

Contact your **local American Red Cross chapter** or call **800-733-2767 (800-RED-CROSS)** to ask about available assistance. This may include a VSP Eyes of Hope gift certificate or other support.
