Better benefit choices and better care

You only need to make two choices

- Which plan design works best for your family
- Whether you and your family members want to coordinate your care to receive enhanced benefits

Our plans

Each of our plans have different deductibles and copays and come with our largest network – Connexus. Connexus is a statewide network of contracted providers and hospitals. Staying within network will save you money.

You'll also enjoy:

- Access to more than 80 hospitals & 26,000 providers in Oregon, Washington and Idaho
- In-network and out-of-network benefits

Coordinated care

Each plan comes with a coordinated-care option and a non-coordinated care option for you and each of your family members.

If you and/or your family members choose coordinated care, you must choose and use a "PCP 360," a primary care provider who has agreed to be accountable for your health. Each covered family member can choose if they want coordinated care, and if so, their own PCP 360. Regardless, none of you will need a referral to see a specialist.

Choosing coordinated care means that you will receive *enhanced benefits* like:

- A lower deductible
- A lower out-of-pocket maximum
- Lower cost for office visits, specialist visits and alternative care visits

Whether or not you choose coordinated care, you will pay the same premium, share the same Connexus Network of providers and never need referrals.

You can also participate in coordinated care at any time during the year. You will receive the enhanced coordinated care benefits the first of the month you make that choice with Moda.

What is a PCP 360?

A PCP 360 delivers full-circle care, coordinating your care with other providers as needed. They are high quality primary care providers who are willing to partner with you and provide higher quality care with lower out-of-pocket cost.

Coordinated care

VS.

Non-coordinated care

You choose and use a PCP 360 to partner with you and be accountable for your health.

S Benefit savings

- Lower deductible
 - Lower out-of-pocket maximum
 - Copayments for office visits and specialist visits

Both options have

- √ Same premium cost
- ✓ Same wide network
- √ No referrals needed for specialists
- ✓ Same access to specialists, hospitals and alternative care

Not required to choose and use a PCP 360

No savings

What does coordinated care really mean?

With coordinated care, you can count on higher quality care for a lower cost. Your PCP 360 will be accountable for your care, as well as for meeting certain standards for safety and effectiveness. They will be there when you need them, and will help you get the information and services that work best for you.

How to choose a **PCP 360**

Members can choose their PCP 360 in one of two ways: They can log in to their member dashboard or call Moda Customer Service.

Call Moda Customer Service **866-923-0409**

Log in to your member dashboard at **modahealth.com/oebb**

You and each of your covered family members can pick the same PCP 360 or a different one — it's up to you.

Also, you can find a directory of in-network PCP 360s on the member dashboard under Find Care or by contacting Moda Customer Service for help.

PCP 360 providers on Find Care will have a PCP 360 icon badge shown here.

If you and/or family are already participating in coordinated care and have already selected a PCP 360, you will stay on the coordinated care benefit level and do not have re-select a PCP 360. If you are on coordinated care and are changing Moda plans, you will also stay on coordinated care benefit level and do not have to re-select a PCP 360.

New members enrolling in a Moda plan will recieve a welcome packet and their ID card separately with instructions to create their member dashboard to choose their PCP 360 or call customer service.

A network that **protects** you

Health happens, whether at home or on the road. We want to make sure you stay covered, no matter where you go. So we've made it easy for you to find in-network coverage.

All plans use the Connexus Network

Each medical plan comes with our Connexus provider network. Within the Connexus Network, members have access to more than 30,000 providers, 80 hospitals and 64,000 pharmacies across Oregon, Idaho, Southern Washington and Northern California. These providers offer quality care and services to Moda Health members at an agreed-upon cost.

In- and out-of-network care

It's important to remember you may pay more for services from out-of-network providers than from in-network providers. Out-of-network providers may also bill you for the difference between your maximum plan allowance and their billed charges. This is known as "balance billing." In-network providers don't do this. See our plan summaries or your Member Handbook to learn more about in-network and out-of-network benefits and costs.

Connect with care across the state

When you want a board selection of providers across, Oregon, SW Washington, Idaho and Northern California, Connexus Network has you covered. You'll find in-network doctors and specialists just about everywhere.

How coordinated care works for out-of-area members

Dependents (for example: college students) who live part-time out of the Connexus Network service area must use their chosen PCP 360 when home to continue receiving enhanced benefits. Please update the out-of-area address in the myOEBB system. That way, they can access our travel network to get in-network benefits for services they receive away from home. They will receive benefits at the "not my chosen PCP 360" level if they get primary care from someone outside of the Connexus Network service area.

Retiree members, members with COBRA and dependents who live full-time outside of the Connexus Network service area are not eligible for coordinated care and enhanced benefits.

Is your provider in network?

Find out by visiting modahealth.com and choosing Find Care, Moda's online provider directory. Simply select the applicable network option and look for providers near you.

Travel with peace of mind

When you hit the road, care is never far. While traveling outside the network service area, you can use the First Health Travel Network for urgent and emergent care to receive the in-network benefit level. Traveling for the purpose of seeking care will not be covered at the in-network benefit level and may be subject to balance billing.

- Deductible waived. All amounts reflect member responsibility.
- 2 Out-of-network coinsurance based on MPA for these services.
- 3 To receive the copay benefit, members must see their chosen PCP 360.
- 4 This benefit is available to subscriber and spouse/partners and dependents age 18 and older. Members must use an approved Moda Health Center of Excellence. Benefit is subject to a reference price of \$20,000 for the facility charge. Travel benefits are available for services that are subject to reference pricing. Please see your handbook for more details.
- 5 If enrolled in a Moda medical plan, each covered individual must choose and use a PCP 360 with Moda for that individual to receive the enhanced "coordinated" benefit shown in the far left column under that plan when using a provider in the Connexus network. If an individual has not selected a PCP 360 with Moda, they will receive the "non-coordinated" benefit shown in the center column if using a provider in the Connexus network, Anv services by a provider outside the Connexus network will be paid at the "out-ofnetwork" level (far right column under that plan) regardless of whether the individual has selected a PCP 360 with Moda or not.
- 6 For all other services (eg. Labs, diagnostics, specified imaging (MRI, CT,PET), office visits, etc) will be subject to the appropriate benefit level listed for each services provided.
- 7 Members must see their chosen PCP 360 or any in-network specialist to receive the copay benefit.

Medical copays (excluding ACT), coinsurance and deductibles apply to the medical out-ofpocket maximum.

Medical out-of-pocket, ACT copays, Rx copays and Rx coinsurance apply to the maximum cost share.

For limitations and exclusions, visit modahealth.com/oebb/members and refer to your Member Handbook.

With Delta Dental of Oregon plans, you'll have access to Delta Dental, the nation's largest dental networks.

Dental benefit highlights

Our Delta Dental of Oregon plans connect you with great benefits and quality innetwork dentists. You can count on:

- Freedom to choose a dentist
- Contracted-fee savings from participating dentists
- Savings from in-network dentists
- Cleanings every six months
- Predetermination of benefits if requested in a pretreatment plan
- No claim forms
- Superior customer service

Our dental plans also include useful online tools, resources and special programs for those of you who may need extra attention for your pearly whites.

Delta Dental networks go where you go

Each Delta Dental of Oregon plan comes with a Delta Dental network. It includes thousands of dentists across the state and country.

In-network dentists agree to accept our contracted fees as full payment. They also don't balance bill — the difference between what we pay and the dentist's fees. This can help you save on out-of-pocket costs. If you see providers outside the network, you may pay more for care.

Delta Dental Premier® Network

This is the largest dental network in Oregon and nationwide. It includes more than 2,400 providers in Oregon and over 156,000 Delta

Dental Premier Dentists nationwide. To have access to our Premier Network, you will want to select Dental Plan 1, 5 or 6.

Delta Dental PPOSM Network

This is one of the largest preferred provider organization (PPO) dental networks in Oregon and across the country. It includes more than 1,300 participating providers in Oregon and offers access to over 112,000 Delta Dental PPO dentists nationwide. These providers have agreed to lower contracted rates, which means more savings for you. In order to access the PPO network savings, you will want to select the Exclusive PPO plan.

Exclusive PPO plan option

The Exclusive PPO plan option uses the Delta Dental PPO Network. It is important to keep in mind that the Exclusive PPO plan does not pay for services provided by a Premier or non-contracted dentist.

Dental tools

You can use our dental tools to manage your dental health easily, in one online location. Use dental tools to:

- Find a dentist
- Schedule appointments
- View benefits and claims
- Find out your risk for cavities and gum disease
- View articles about dental health topics

Health through oral wellness

When it comes to oral health, we know some people need more care than others. Delta Dental of Oregon's Health through Oral Wellness® program offers extra benefits to members who have a greater risk for oral diseases.

The program uses an oral health assessment to find out your risk of tooth decay, gum disease and oral cancer. Based on your risk score, you may qualify for additional cleanings, fluoride treatments, sealants and periodontal maintenance.*

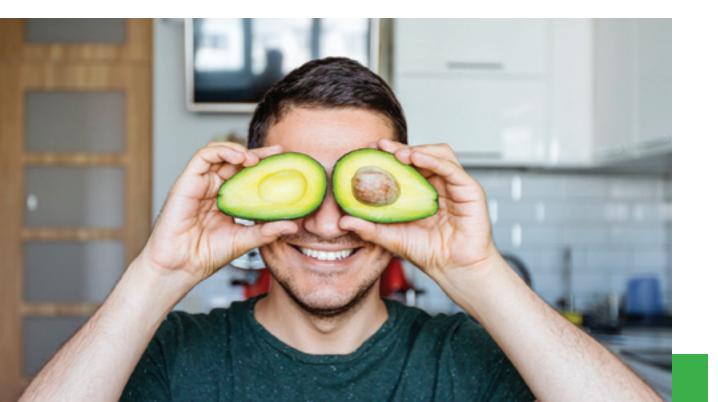

With extra benefits and related care, you can:

- Take charge of your oral health
- Prevent oral health issues before they happen
- Access resources to manage your oral health
- Learn how to achieve and maintain better oral wellness

Ready to get started?

Follow these simple steps to see if you qualify:

- 1 Visit modahealth.com/oebb to learn more about the program and take a free oral health risk self-assessment. You can choose to share your results with your dentist to start the conversation.
- 2 Talk to your dentist about the program. If they're not registered, ask them to call our toll-free Health through Oral Wellness provider line at 844-663-4433. Once registered, they can perform an oral health risk exam and let you know if you qualify.

² Under this incentive plan, benefits start at 70 percent for your first plan year of coverage. Thereafter, benefit payments increase by 10 percent each plan year (up to a maximum benefit of 100 percent) provided the individual has visited the dentist at least once during the previous plan year. Failure to do so will cause a 10 percent reduction in benefit payment the following plan year, although payment will never fall below 70 percent.

³ Moving from a constant benefit plan (6 or Exclusive PPO) to an incentive benefit plan (1 or 5) will cause the benefit level to start at 70 percent.

Healthcare lingo explained

We realize that the words used in health plan brochures can be confusing, so we've made a cheat sheet to help you along.

Additional Cost Tier

Select procedures, including spine procedures, knee and hip replacement, arthroscopies (knee and shoulder), bariatric surgery, spinal injections for pain, upper gastrointestinal endoscopy, bunionectomy and sinus surgery.

The ACT is designed to encourage exploration of less invasive treatment alternatives. It is important for members to understand and consider all factors — including additional costs — when discussing treatment options with providers.

Balance billing

Charges for out-of-network care beyond what your health plan allows. Out-of-network providers may bill you the difference between the maximum plan allowance and their billed charges. In-network providers can't do this.

Coinsurance

The percentage you pay for a covered healthcare service, after you meet your deductible.

Coordinated care

Coordinated care is a patient-centered approach. To receive the enhanced benefits of coordinated care on a Moda Health medical plan, you need to choose and use a PCP 360. Your PCP 360 will provide high-quality care and will be accountable for keeping you up-to-date with the preventive services you need to stay healthy. This process provides you with more cost-effective plans and better health outcomes.

Copay (copayment)

The fixed amount you pay for a specific covered healthcare service, product or treatment, usually at the time of receiving it. For example, you might pay \$25 for a doctor visit. Moda Health pays the rest. Usually, you will not pay coinsurance if you have a copay.

Deductible

The amount you pay in a plan year for care that requires a deductible before the health plan starts paying. Fixed dollar copayments, prescription medication out-of-pocket costs and disallowed charges may not apply toward the deductible.

Evidence-based practices

Healthcare options or decisions that research shows work best, are more cost-effective and consider the patient's needs and experience.

Filed-fee savings

Savings due to a Premier or PPO network provider's accepted or contracted fee with Delta Dental.

Maximum cost share

This is different from the out-of-pocket maximum. This plan year limit includes Additional Cost Tier (ACT) copays, pharmacy copays and coinsurance, as well as the eligible medical expenses that accrue toward your in-network out-of-pocket maximum. Once the cost share maximum is reached, the plan covers all eligible medical and pharmacy expenses at 100 percent.

Out-of-pocket maximum

The most you pay in a plan year for covered medical services before benefits are paid in full. Once you meet your out-of-pocket maximum, the plan covers eligible medical expenses at 100 percent. The out-of-pocket maximum includes medical deductibles, coinsurance and copays. It does not include ACT copays, pharmacy expenses, disallowed charges or balance billing amounts for out-of-network providers.

PCP 360

A PCP 360 delivers full-circle care, coordinating your care with other providers as needed. They are a primary care provider who is licensed as an M.D. (Doctor of Medicine), a D.O. (Doctor of Osteopathic Medicine), a nurse practitioner or a physician assistant who practices primary care in the specialties of internal medicine, family medicine, general practice, geriatric medicine, pediatrics, obstetrics/gynecology or women's health. As a PCP 360, this provider is accountable for your health and for meeting high standards of care.

Reference price

The maximum dollar amount your policy will allow for certain services. If a facility charges more than this amount, that facility can charge you for the additional amount. A Reference Price Participating Facility has agreed to a contracted rate that is at or below this maximum so that you will not be responsible for these additional costs.

Specialist

A medical provider specializing in a specific type of health condition or care. Specialists can include cardiologists, dermatologists, naturopaths, oncologists, urologists and many others. No referrals are needed to see a specialist.
