

## OEBB + Kaiser Permanente Dental Presentation

This video gives an overview of Kaiser Permanente's dental coverage for the plan beginning on October 1, 2020.

For more than 40 years, we've been giving our Northwest neighbors the power to thrive with clean, healthy smiles and dental care that connects seamlessly to their overall health and wellness plans.

We're close by when you need us. With 21 dental offices in the Portland metro area, Southwest Washington, Longview, Salem, and Eugene, there's sure to be one near you.

Visit [kp.org/locations](https://www.kp.org/locations) to find a dental office near you.

We believe that dental health is an important part of your overall health because poor dental health can cause serious problems in other parts of your body. That's why we focus on your total health, with prevention in mind at all times.

## INTEGRATED CARE

Your care team sees one electronic medical record to give you the care you need.

Members can experience the unique benefits of total health integration when they have both medical and dental coverage from Kaiser Permanente Northwest. Our dental and medical teams work together and have a coordinated approach to care, giving you another reason to smile.

Now, let's talk about the Kaiser Permanente dental plan.

There is no deductible for our Kaiser Permanente dental plan. Each time you come in, you will pay a \$20 office visit copay. This copay will cover the cost of most basic services, but you will have some additional cost on restorative and major services such as root canals, crowns and bridges, implants, and orthodontic treatment.

There are no plan changes for the plan beginning October 1, 2020.
