To get started, visit **kp.org/locations** to choose a Kaiser Permanente doctor or see if your PeaceHealth doctor is in our network.

When you choose a Kaiser Permanente personal doctor, you can also take advantage of telephone and video visits and other membership services at kp.org, including lab test results and appointment scheduling online, mail-order pharmacy, and more.

At Kaiser Permanente, we use telehealth for preventive care and chronic condition management, not just for simple one-time health care needs. And telehealth is a component of our integrated care program — not an add-on. It's built right into every member's health plan. Kaiser Permanente members get the same high-quality care they'd get in person — care that's covered by their plan, captured in their electronic health record, and becomes part of their overall care experience.

Our under-one-roof approach at our new Chase Gardens Medical Office lets you talk with a doctor, do lab work, get an X-ray, pick up your prescriptions, and more — all in a single stop. That makes staying healthy more convenient and affordable.

As our comprehensive network of local partners continues to grow, we look forward to providing greater access to care for **OEBB members** in Eugene and Springfield.
