

OEBB + Kaiser Permanente Vision Presentation

Members who choose the Kaiser Permanente medical plan can also add vision to their benefit. To take part in our vision plan, you must have a Kaiser Permanente medical plan.

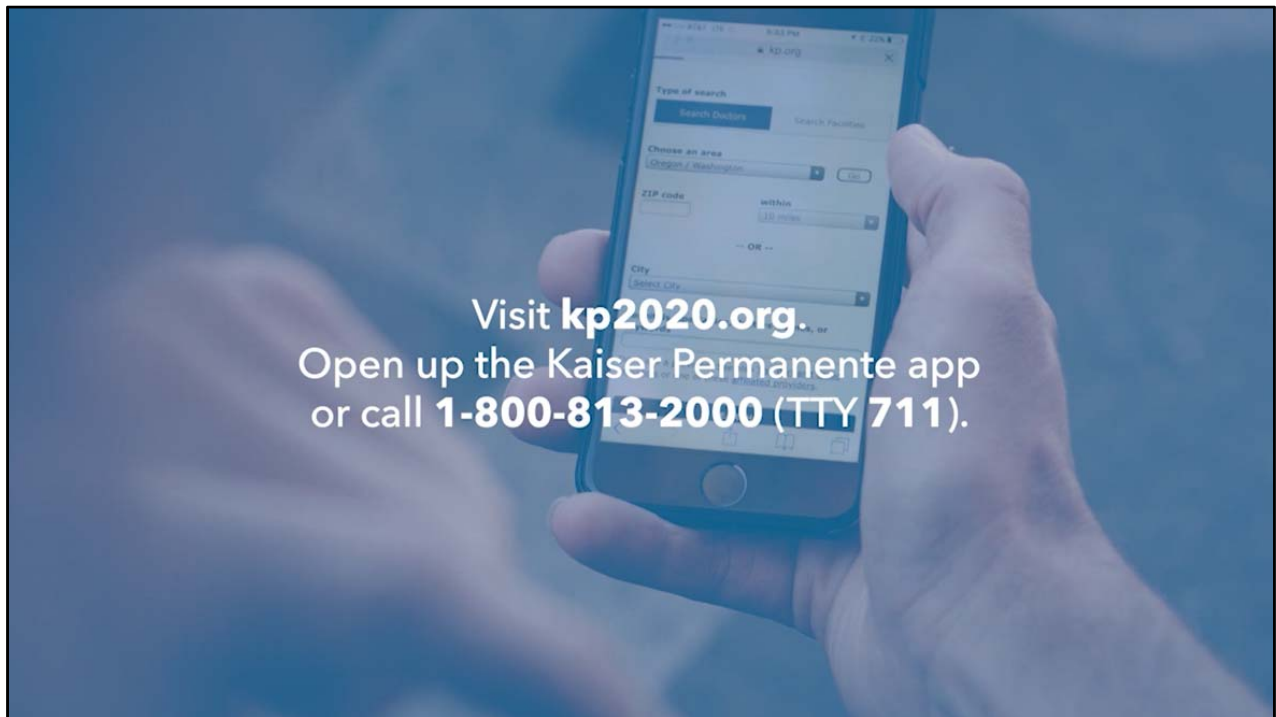

Your vision is one of your most important senses. Your Kaiser Permanente eye care professionals are dedicated to helping you keep your eyes healthy and your vision sharp.

Part of what makes Kaiser Permanente eye care special is our ability to care for the entire visual system and treat the eye as a component of total health, not in isolation.

Through our electronic health records, we can help identify gaps in care, such as when you might be due for an important eye health screening, physical, or vaccination. **We also do more than just correct vision** — we can diagnose conditions such as high blood pressure and diabetes during routine eye exams.

We have 6 vision service locations from Longview to Salem, with plans to extend ophthalmology services at our Tanasbourne location at the end of 2020.

To find a location and schedule an appointment with a Kaiser Permanente provider, visit **kp2020.org**, open up the Kaiser Permanente app, or call **1-800-813-2000** (TTY **711**).

Members in our Eugene-Springfield service area will also have access to care in the area.

To learn more about eye care options in Eugene and Springfield, please refer to our supplemental presentation, which is available on the OEBC website.

Vision exams are covered under the medical benefit, so your medical office visit cost share would apply to those appointments.

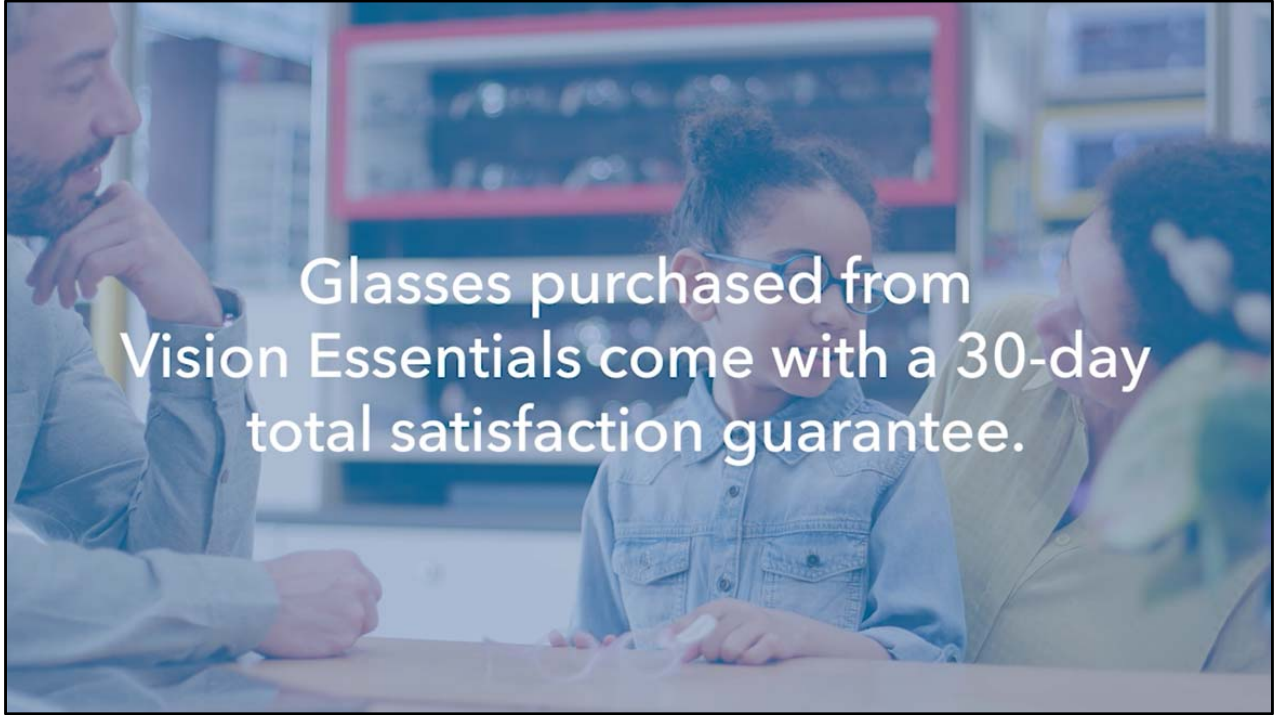

Diabetic retinopathy screenings are available to all members at no cost, with no appointment needed.

Diabetic retinopathy screenings are available to all members at no cost, with no appointment needed.

Kaiser Permanente offices offer our 50/50 Protection Plan, which helps you with the replacement cost if your glasses are broken.

Let's say your child breaks your glasses, or your dog gets ahold of them. No matter what the reason: If you purchase glasses at one of our Vision Essentials by Kaiser Permanente locations, Kaiser Permanente will pay 50% of the original retail price within one year of purchase for broken glasses.

Glasses purchased from
Vision Essentials come with a 30-day
total satisfaction guarantee.

Glasses purchased from Vision Essentials come with a 30-day total satisfaction guarantee. You may exchange or return them for a refund within 30 days from the date of original delivery.
