# OUT-OF-NETWORK PROVIDERS

OEBB members who enroll in a VSP vision plan can use their benefits at any location—even providers outside of the VSP Choice Network.

- Although you'll get the most out of your benefits by seeing a VSP Choice network provider, you can see an out-of-network provider
- Call member service at **800.877.7195** or visit **vsp.com** for claim submission assistance

Coverage with Out-of-Network Providers	
Exam	\$45
Single Vision Lenses	\$30
Lined Bifocal Lenses	\$50
Lined Trifocal Lenses	\$65
Frame	\$70
Contacts	\$105

# SAVE WITH VSP CHOICE NETWORK PROVIDERS

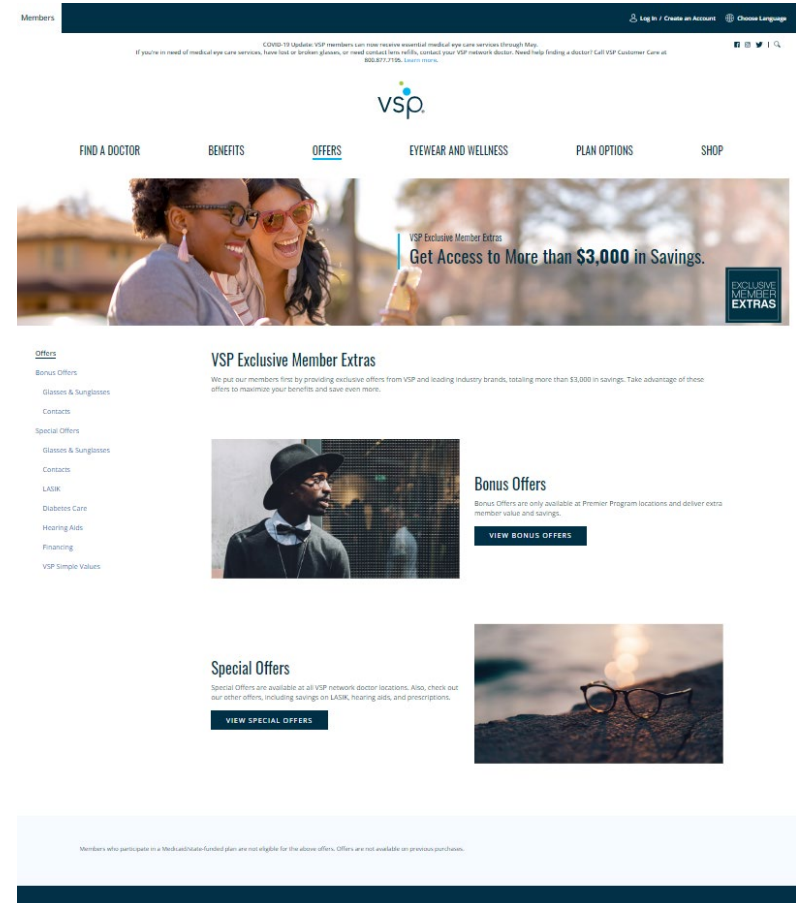

- Non-covered lens enhancements are offered with an average savings of 20-25%
- 20% savings on additional glasses or sunglasses, including lens enhancements, from **any VSP Choice Network provider** within 12 months of your last eye exam
- Average 15% off the regular price, or 5% off the promotional price of laser vision correction services through VSP contracted laser centers

Based on applicable laws, benefits may vary by location.

# EXCLUSIVE MEMBER EXTRAS

- Exclusive offers from leading industry brands for OEGB members who enroll in a VSP vision plan
- More than \$3,000 in savings on:
  - Glasses and sunglasses
  - Contact lenses
  - LASIK
  - Hearing aids
  - And much more
- Visit [vsp.com/offers](https://vsp.com/offers)

# SUNCARE PLAN

We know that sun can damage your skin, but it can also damage your eyes too. Ultraviolet rays can be dangerous to the cornea and result in UV-related illnesses such as cataracts, cancer of the eyelids, pterygium, and macular degeneration.

**OEBB members can use their frame allowance to pay for non-prescription sunglasses, in lieu of prescription glasses or contacts.**

\*Coverage with a participating retail chain may be different. Once your benefit is effective, visit **vsp.com** for details.

You know the sun can damage your skin, but did you know that it can damage your eyes too? Ultraviolet rays can be dangerous to your cornea and result in UV-related illnesses such as cataracts, cancer of the eyelids, pterygium (tissue build-up on the whites of the eyes) and macular degeneration.

#### Tips from the American Academy of Ophthalmology on protecting your eyes from the sun:

- Sun damage to eyes can occur anytime during the year, not just in the summertime, so be sure to wear UVA- and UVB-blocking sunglasses and broad-brimmed hats whenever you're outside.
- Don't be fooled by clouds—sun rays can pass through haze and thin clouds.
- Never look directly at the sun. Looking directly at the sun at any time, including during an eclipse, can lead to solar retinopathy, which is damage to the eye's retina from solar radiation.

OEBB Members – Did you know you can use your VSP Vision Insurance to pay for sunglasses if you don't need prescription eyewear? Just tell your VSP Choice Network provider you want to use your SunCare benefit!

Your SunCare Coverage with a VSP Choice Network Provider*	
Eye Exam	• A fully covered comprehensive eye exam <sup>†</sup>
Eyewear	• Use your frame allowance toward ready-to-wear, non-prescription sunglasses from a VSP doctor.**

\*Register and log on to vsp.com to review your benefit information. Based on applicable laws, benefits may vary by location.
