³ On Moda plans, specialty medications must be accessed through Moda's exclusive specialty pharmacy provider and require prior authorization.

⁴ If enrolled in a Moda medical plan, each covered individual must choose a PCP 360 with Moda for that individual to receive the enhanced "coordinated" benefit shown in the far left column under that plan when using a provider in the Connexus network. If an individual has not chosen a PCP 360 with Moda, they will receive the "non-coordinated" benefit shown in the center column under that plan if using a provider in the Connexus network. Any services by a provider outside the Connexus network will be paid at the "out-of-network" level (far right column under that plan) regardless of whether or not the individual has chosen a PCP 360 with Moda.

⁵ A formulary exception must be approved for non-preferred brand prescription medication.

NOTE: These options are only available for use by the ACA Employee Group. Use must be authorized by OEGB.
