| Provider Network Capacity | B-3 |
| Provider Accessibility | B-5 |
| Geographic Distribution | B-5 |
| Appendix C. Phase 2 Evaluation Tool | C-1 |

Background

Oregon Health Authority (OHA) contracted with Health Services Advisory Group, Inc. (HSAG), to conduct Coordinated Care Organization (CCO) Readiness Reviews (RRs) in accordance with the federal Medicaid managed care regulations as set forth under 42 Code of Federal Regulations (CFR) §438.66(d). RRs are designed to evaluate a successful applicant’s ability to perform the operational requirements of the CCO contract by the contract effective date. The assessment will determine whether the applicant has the resources, capacity, and systems in place to meet federal and State regulations, as well as contractual requirements.

Methodology

The CCO RRs were conducted in two review phases: (1) Critical Areas Readiness Review and (2) Operations Policy Readiness Review. High-priority functions, those that directly impact a member’s ability to access healthcare services, were included in the Phase 1 review. Medium-priority functions, those for which a corrective action plan with clear milestones and deadlines would be appropriate for phased implementation and least likely to directly impact member access, are to be included in the Phase 2 review that will be conducted immediately following the Phase 1 review.

Table 1-1—Readiness Review Activities and Timing

| Activity | Timing |
|--|--------------------------------|
| Readiness Review Instructional Session | July 10, 2019 |
| Documentation Submission | August 5, 2019 |
| Desk review, remote sessions, and reporting of findings from Phase 1—Critical Areas Readiness Review | August 2019 – September 2019 |
| Desk review, follow-up, and reporting of findings for Phase 2—Operations Policy Readiness Review | September 2019 – November 2019 |
| Technical Assistance to CCOs | December 2019 |

HSAG developed a review process designed to assess the ability and capacity of each CCO to satisfactorily perform the contract requirements applicable to key functional areas, excluding financial management. HSAG’s process included a comprehensive desk review of CCO policies, procedures, and processes; key informant interviews; and information system demonstrations. In developing the data collection tools for reviewing documentation related to the standards, HSAG used the Centers for Medicare & Medicaid Services’ (CMS’) regulations specified by the federal Medicaid managed care

final rule published November 1, 2018, and select OHA CCO 2.0 contractual requirements. RRs do not assume that all processes must be fully implemented at the time of review. Therefore, HSAG assigned one of the following ratings to each element in the RR Tool:

- **Complete**—The CCO has processes defined, documentation developed, roles and responsibilities assigned, and systems in place.
- **Progress Sufficient to Start Operations**—The CCO’s management personnel, committees, or other governing bodies have developed or approved strategies, systems, and supporting structures; but processes require further development in order to successfully implement the program by the anticipated start date. (Recommendations may exist.)
- **Incomplete**—The CCO’s systems and processes do not exist, and planning or development has been minimal to date. (Action required.)

Phase 1—Critical Areas Readiness Review

The RR for Phase 1 consisted of a policy and procedure review, as well as a review of the program structure and organizational infrastructure. Specifically, Phase 1 of the RR included:

- A thorough desk review of high-priority functions that impact member care.
- An interactive full-day remote session where key management personnel were interviewed.
- A demonstration of the CCOs’ health information systems.
- An analysis of the capacity of the CCOs’ individual and facility/service provider network.

Below is a summary of the standards reviewed during the Phase 1 RR. Each standard included elements against which the CCOs were reviewed. There was a total of 93 elements reviewed across the Phase 1 standards.

1. Subcontractual Relationships and Delegation—Delegated functions, subcontracts, and oversight procedures.
2. Coverage and Authorization of Services—Key policies and procedures, decision processes and procedures, authorization systems, and monitoring and reporting capabilities.
3. Grievance and Appeal System—Key policies and procedures, decision processes and procedures, grievance systems, and monitoring and reporting capabilities.
4. Enrollment and Disenrollment—Key policies and procedures for processing and managing member enrollment, and enrollment systems.
5. Availability of Services—Key policies and procedures, network monitoring processes, and reporting.
6. Assurance of Adequate Capacity and Services—Preliminary Delivery System Network (DSN) submissions.

7. Health Information Systems—Key policies and procedures and critical information system demonstrations (i.e., authorization, grievance, enrollment, provider, care coordination, claims, and claims processing).
8. Coordination and Continuity of Care—Key policies and procedures, care coordination decision processes, and monitoring and reporting capabilities.

Phase 2—Operations Policy Readiness Review

The RR for Phase 2 consisted of a desk review conducted immediately following completion of the RR Phase 1 review and included an assessment of the CCO’s operational readiness. Below is a summary of the standards reviewed during the Phase 2 RR.

1. Administrative Staffing and Resources—CCO staffing plan, organizational charts, and level of resource documentation
2. Member Information—Key member/provider materials (e.g., member handbook, provider directory, and formulary) and processes to meet language and format requirements
3. Member Right and Protections—Key policies and procedures and advanced directives
4. Provider Selection—Key credentialing policies and procedures and contracting processes
5. Confidentiality—Key policies and procedures
6. Program Integrity—Key policies and procedures and monitoring processes
7. Governance and Accountability—Governance structure and responsibilities (e.g., narrative, organizational charts, committee charters, etc.)
8. Practice Guidelines—Key policies and procedures and review of clinical guidelines

Results

This report documents results of the Phase 1—Critical Areas Readiness Review and (pending completion of Phase 2 of the RR) Phase 2—Operations Policy Readiness Review for Advanced Health (AH), beginning on page 2-1 and 3-1, respectively. Each Results section also contains summaries of the findings relative to the CCO’s general readiness to comply with federal and State regulations and CCO contractual requirements.

Detailed findings can be found in appendices A through C. Appendix A includes the completed Phase 1 RR Tool containing reviewer findings as well as recommended and required actions for improvement. Appendix B addresses the CCO’s capacity to deliver required services. Appendix C (pending completion of Phase 2 of the RR) includes the completed Phase 2 RR Tool containing reviewer findings as well as recommended and required actions for improvement.

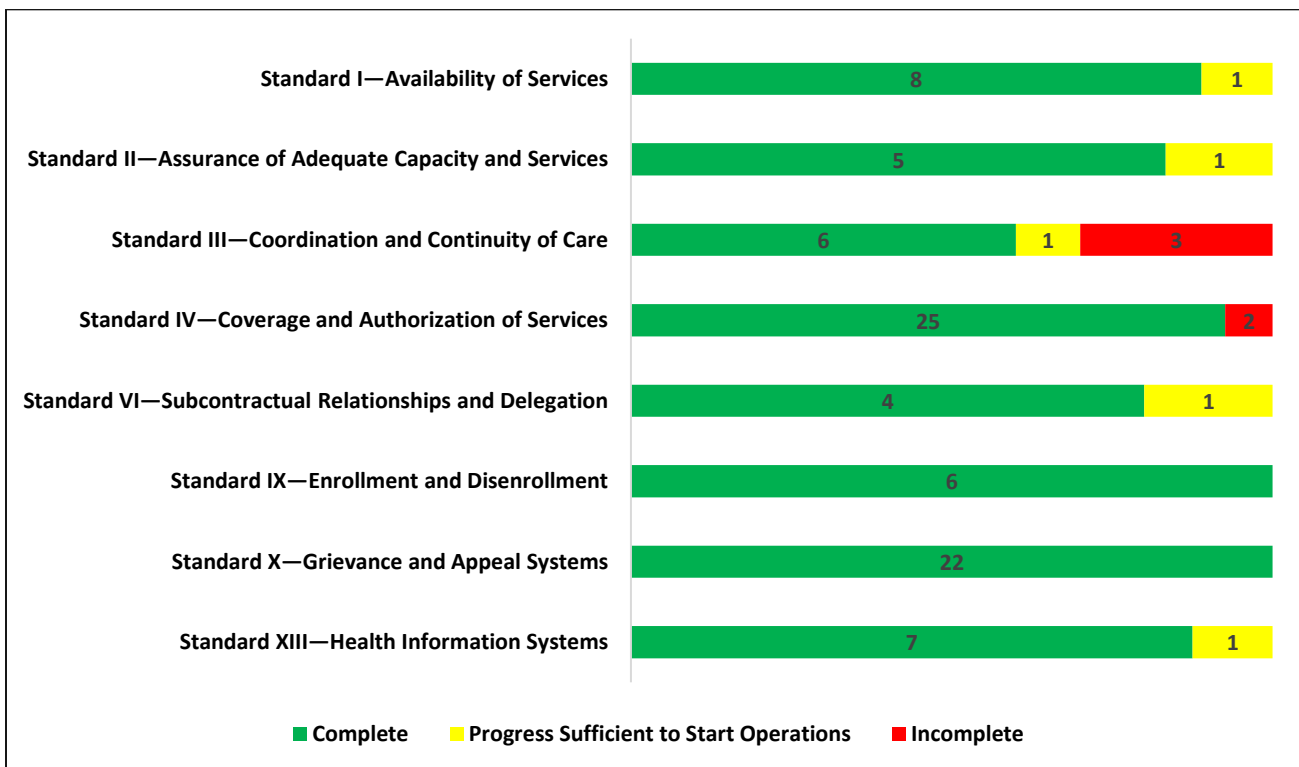

2. Phase 1 Results

Across all eight standards, AH’s overall percentage of complete elements is 89.3 percent. The CCO demonstrated:

- *Complete* ratings for 83 of the 93 total elements.
- *Progress Sufficient to Start Operations* ratings for five elements across five standards.
- *Incomplete* ratings for five elements across two standards, indicating areas of greater deficiency. These areas *require action* to ensure readiness prior to providing services.

For elements resulting in *Progress Sufficient to Start Operations* or *Incomplete* ratings, HSAG provided guidance to the CCO on specific actions required to fully meet these elements. Required actions are provided in the attached Phase 1 RR Tool under each of the deficient elements.

Figure 2-1—AH Phase 1—Critical Areas Readiness Review Results

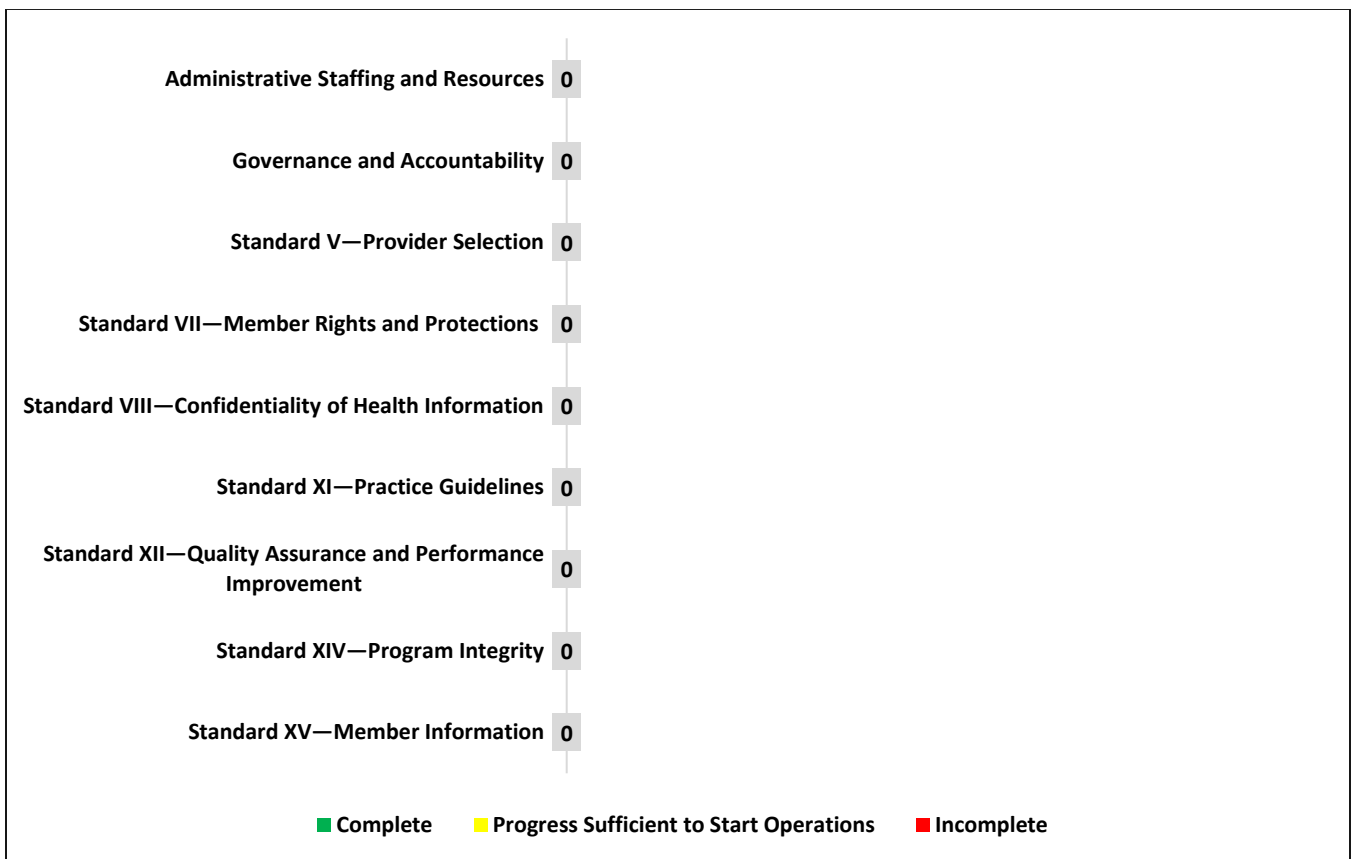

3. Phase 2 Results

At the time of this report, Phase 2 of the RR is still in progress.

Across all eight standards, AH’s overall percentage of complete elements is XX.X percent. The CCO demonstrated:

- *Complete* ratings for the XX of the XX total elements.
- *Progress Sufficient to Start Operations* ratings for XX elements across nine standards.
- *Incomplete* ratings for XX elements across nine standards, indicating areas of greater deficiency. These areas *require action* to ensure readiness prior to providing services.

Figure 3-1—AH Phase 2—Operations Policy Readiness Review Results

Appendix A. Phase 1 Evaluation Tool

Following this page is the completed readiness review Phase 1 tool HSAG used to evaluate AH's performance for each requirement

| Standard I—Availability of Services | | |
|---|--|---|
| Requirement | Evidence as Submitted by the CCO | Score |
| <p>1. The CCO provides all covered services specified in the contract and as required by 42 CFR §438.206:</p> <p>a. The CCO has written policies and procedures to ensure that all services covered under the State plan are available and accessible to members in a timely manner.</p> <p style="text-align: right;"><i>42 CFR §438.206(a)</i> <i>Contract: Exhibit B Part 4 (2)</i></p> | <p><i>See Availability of Services v2.pdf, pg. 2, Section – 3.1</i></p> | <p><input checked="" type="checkbox"/> Complete</p> <p><input type="checkbox"/> Progress Sufficient to Start Operations</p> <p><input type="checkbox"/> Incomplete</p> <p><input type="checkbox"/> NA</p> |
| <p>2. The CCO maintains and monitors a network of appropriate providers that is supported by written agreements and is sufficient to provide adequate access to all services covered under the contract (inclusive of non-emergent medical transportation, alternative therapies [e.g., acupuncture, chiropractic medicine, massage, yoga], and access to traditional health care workers) for all members, including those with limited English proficiency, physical or mental disabilities, or special health care needs.</p> <p style="text-align: right;"><i>42 CFR §438.206(b)(1)</i> <i>Contract: Exhibit B Part 4 (3)(a)(1)</i></p> | <p><i>See Availability of Services v2.pdf, pg. 2, Section – 4.1</i></p> <p>For evidence of sufficient network capacity, <i>See 2019 DSN Submission Report – Exhibit G.xlsx</i> and <i>See Advanced Health DSN Provider Narrative Report-6-2019.pdf</i></p> | <p><input checked="" type="checkbox"/> Complete</p> <p><input type="checkbox"/> Progress Sufficient to Start Operations</p> <p><input type="checkbox"/> Incomplete</p> <p><input type="checkbox"/> NA</p> |
| <p>3. The CCO provides female members with direct access to a women’s health specialist within the network for covered care necessary to provide women’s routine and preventive health care services. This is in addition to the female member’s designated source of primary care if that source is not a woman’s health specialist.</p> <p style="text-align: right;"><i>42 CFR §438.206(b)(2)</i> <i>Contract: Exhibit B Part 4 (2)(m)</i></p> | <p><i>See Availability of Services v2.pdf, pg. 2, Section – 4.2</i></p> <p><i>See Member Handbook Screenshot – Women’s Health and Family Planning.png, Section – Women’s Health and Family Planning</i></p> | <p><input checked="" type="checkbox"/> Complete</p> <p><input type="checkbox"/> Progress Sufficient to Start Operations</p> <p><input type="checkbox"/> Incomplete</p> <p><input type="checkbox"/> NA</p> |

| Standard I—Availability of Services | | |
|---|--|--|
| Requirement | Evidence as Submitted by the CCO | Score |
| <p>4. The CCO has a mechanism to allow members to obtain a second opinion from a network provider or arrange for the member to obtain one outside the network, at no cost to the member.</p> <p style="text-align: right;"><i>42 CFR §438.206(b)(3)</i> <i>Contract: Exhibit B Part 4 (2)(n)</i></p> | <p><i>See Availability of Services v2.pdf</i>, pg. 2, Section – 4.3 <i>See Member Handbook Screenshot – Second Opinion.png</i>, Section – Second Opinions</p> | <input checked="" type="checkbox"/> Complete <input type="checkbox"/> Progress Sufficient to Start Operations <input type="checkbox"/> Incomplete <input type="checkbox"/> NA |
| <p>5. If the CCO is unable to provide medically necessary covered services to a particular member using contract providers, the CCO shall adequately and timely cover these services for that member using non-contract providers for as long as the CCO’s provider network is unable to provide them.</p> <p>a. The CCO shall coordinate payment with out-of-network providers and ensure that the cost to the member is no greater than it would be if services were provided within the network.</p> <p style="text-align: right;"><i>42 CFR §438.206(b)(4-5)</i> <i>Contract: Exhibit B Part 4 (4)(g)</i></p> | <p><i>See Availability of Services v2.pdf</i>, pg. 2, Section – 4.4 <i>See Availability of Services v2.pdf</i>, pg. 2, Section – 4.4.a</p> | <input checked="" type="checkbox"/> Complete <input type="checkbox"/> Progress Sufficient to Start Operations <input type="checkbox"/> Incomplete <input type="checkbox"/> NA |
| <p>6. The CCO demonstrates that its network includes sufficient family planning providers to ensure timely access to covered services:</p> <p>a. In accordance with 42 CFR §431.51(b)(2), members shall not be restricted in freedom of choice of providers of family planning services.</p> <p>b. Therefore, members are permitted to self-refer to any provider for the provision of family planning services, including those not in the CCO’s network.</p> <p style="text-align: right;"><i>42 CFR §431.51(b)(2)</i> <i>42 CFR §438.206(b)(7)</i> <i>Contract: Exhibit B Part 2 (6)(b)</i></p> | <p><i>See Member Handbook – Women’s Health and Family Planning.png</i>, Section – Women’s Health and Family Planning <i>See Availability of Services v2.pdf</i>, ¶ 4.5 <i>See Availability of Services v2.pdf</i>, pg. 3, Section – 4.5a <i>See Member Handbook – Women’s Health and Family Planning.png</i>, Section – Women’s Health and Family Planning <i>See Availability of Services v2.pdf</i>, pg. 3, Section – 4.5b</p> | <input checked="" type="checkbox"/> Complete <input type="checkbox"/> Progress Sufficient to Start Operations <input type="checkbox"/> Incomplete <input type="checkbox"/> NA |

| Standard I—Availability of Services | | |
|---|---|--|
| Requirement | Evidence as Submitted by the CCO | Score |
| <p>7. The CCO ensures its provider network observe the timely access to services provisions and complies with the following requirements:</p> <ul style="list-style-type: none"> a. Meet and require its network providers to meet State standards for timely access to care and services, taking into account the urgency of the need for services. b. Ensure that the network providers offer hours of operation that are no less than the hours of operation offered to commercial members or comparable to Medicaid Fee for Service (FFS), if the provider serves only Medicaid enrollees. c. Make services included in the contract available 24 hours a day, 7 days a week, when medically necessary. d. Establish mechanisms to ensure compliance by network providers. e. Monitor network providers regularly to determine compliance. f. Take corrective action if there is a failure to comply by a network provider. <p style="text-align: right;"> <i>42 CFR §438.206(c)(1)</i> <i>Contract: Exhibit B Part 4 (2)(a)</i> <i>Contract: Exhibit B Part 4 (13)(b)(3), (4)</i> </p> | | <input type="checkbox"/> Complete <input type="checkbox"/> Progress Sufficient to Start Operations <input type="checkbox"/> Incomplete <input checked="" type="checkbox"/> NA |
| <p>HSAG Findings: This element was not applicable for the readiness review.</p> | | |
| <p>Required Actions: None.</p> | | |
| <p>8. The CCO demonstrates that its network includes sufficient specialty behavioral health providers to ensure timely access to covered specialty behavioral health services for the following priority populations in accordance with the timeframes below,</p> | <p><i>See Availability of Services v2.pdf, pg. 3, Section – 4.7</i> For evidence of sufficient network capacity,</p> | <input type="checkbox"/> Complete <input checked="" type="checkbox"/> Progress Sufficient to Start Operations |

| Standard I—Availability of Services | | |

| <p>with access prioritized in accordance with OAR 309-019-0135 and 410-141-3220.</p> <p>a. If a timeframe cannot be met due to lack of capacity, the member must be placed on a waitlist and provided interim services within 72 hours of being put on a waitlist. Interim services should be as close as possible to the appropriate level of care and may include referrals, methadone maintenance, compliance reviews, HIV/AIDS testing, outpatient services for substance use disorder, risk reduction, residential services for substance use disorder, withdrawal management, and assessments or other services described in OAR 309-019-0135.</p> <p>b. Pregnant women, veterans and their families, women with children, unpaid caregivers, families, and children ages birth through five years, individuals with HIV/AIDS or tuberculosis, individuals at the risk of first episode psychosis and the I/DD population: Immediate assessment and intake. If interim services are necessary due to capacity restrictions, treatment at appropriate level of care must commence within 120 days from placement on a waitlist.</p> <p>c. IV drug users: Immediate assessment and intake. Admission required within 14 days of request, or, if interim series are necessary due to capacity restrictions, admission must commence within 120 days from placement on a waitlist.</p> <p>d. Opioid use disorder: Assessment and intake within 72 hours.</p> <p>e. Medication assisted treatment: No more than 72 hours for assessment and induction, with efforts to do such as soon as possible.</p> | <p><i>See 2019 DSN Submission Report – Exhibit G.xlsx and Advanced Health DSN Provider Narrative Report-6-2019.pdf</i></p> <p><i>See Availability of Services v2.pdf</i>, pg. 3, Section – 4.7a</p> <p><i>See Availability of Services v2.pdf</i>, pg. 3, Section – 4.7b</p> <p><i>See Availability of Services v2.pdf</i>, pg. 4, Section – 4.7c</p> <p><i>See Availability of Services v2.pdf</i>, pg. 4, Section – 4.7d</p> <p><i>See Availability of Services v2.pdf</i>, pg. 4, Section – 4.7e</p> <p><i>See Availability of Services v2.pdf</i>, pg. 4, Section – 4.7f</p> <p><i>See Availability of Services v2.pdf</i>, pg. 4, Section – 4.7g</p> | <p><input type="checkbox"/> Incomplete</p> <p><input type="checkbox"/> NA</p> |

| Standard I—Availability of Services | | |
|--|--|---|
| Requirement | Evidence as Submitted by the CCO | Score |
| <p>f. Children with serious emotional disturbance: Any limits that the Authority may specify in the contract or in guidance.</p> <p>g. Routine behavioral health care for other populations: Seen for an intake assessment within seven days from date of request, with second appointment within 14 days and 4 appointments (including the second appointment) within 48 days. Appointments must be therapeutic in nature and expand beyond administrative activities.</p> <p style="text-align: right;"><i>Contract: Exhibit B Part 4 (2)</i> <i>Contract: Exhibit M</i></p> | | |
| <p>HSAG Findings: The CCO’s Availability of Services policy identified timeliness requirements for priority populations and its Contracting policy identified the inclusion of timely appointment monitoring, but there is no detail regarding how the monitoring is carried out or how providers are made aware of the requirements. There are no prescribed efforts to monitor timeliness outside of having some access to facilities and advocates in the community, and retrospective reviews of grievances and complaints.</p> | | |
| <p>Required Actions: HSAG recommends that the CCO clearly identify how it will work with its provider community to ensure timeliness of specialty behavioral health services for priority populations, and ensure provider agreements include timeliness requirements.</p> | | |
| <p>9. The CCO has written policies and procedures that ensure scheduling and rescheduling of member appointments are appropriate to the reasons for and urgency of the visit. The member shall be seen, treated, or referred within the following timeframes:</p> <p>a. <u>Well care</u>: Within four (4) weeks from the date of a patient’s request.</p> <p>b. <u>Urgent care</u>: Within seventy-two (72) hours or as indicated in the initial screening for urgent care.</p> <p>c. <u>Emergency care</u>: Immediately or referred to an emergency department depending on the member’s condition.</p> | <p><i>See Availability of Services v2.pdf</i> pg. 4, Section – 4.8</p> <p><i>See Advanced Health Contracting Policies and Procedures Manual.pdf</i> ¶ 4(a)(i)(B)(4)</p> <p><i>See DSN Analysis</i> section 1.3 pgs. 14-16</p> <p><i>Availability of Services v2.pdf</i>, pg. 4, Section – 4.8a <i>Advanced Health – Privileged Provider Contract – Schedule A-1 – PP – SWOIPA.pdf</i>, section I</p> | <p><input checked="" type="checkbox"/> Complete</p> <p><input type="checkbox"/> Progress Sufficient to Start Operations</p> <p><input type="checkbox"/> Incomplete</p> <p><input type="checkbox"/> NA</p> |

| Standard I—Availability of Services | | |

| Requirement | Evidence as Submitted by the CCO | Score |
| i. Changes in the CCO’s services, benefits, geographic service area, composition of or payments to its provider network; or ii. Enrollment of a new population. <i>42 CFR §438.207(c)(1-3)</i> <i>Contract: Exhibit G</i> | <i>See Advanced Health DSN (Delivery System Network) Provider Narrative Report-6-2019</i> <i>See 2019 DSN Submission Report - Exhibit G</i> Advanced Health has also revised the Attachment 7 DSN provider files from the RFA process, incorporating the recommendations from HSAG’s preliminary finding document. <i>See Attachment-7-Facility-and-Service-DSN-Provider-File-8-1-2019.xlsx</i> <i>See Attachment-7-Individual-DSN-Provider-File-8-1-2019.xlsx</i> | |
| 3. Adult & Pediatric Primary Care, PCPCH, OB/GYN, Behavioral Health, Oral Health Access Standards—Time and Distance: a. In urban areas - Thirty (30) minutes or thirty (30) miles from the personal residences of members. b. In rural areas – Sixty (60 minutes) or sixty (60) miles from the personal residence of members. <i>42 CFR §438.68</i> <i>42 CFR §438.206(c)(1)(i)</i> <i>Contract: Exhibit B (2)(a)</i> | <i>See Advanced Health Assurance of Adequate Network Capacity Policy and Procedure; Pg. 3, Section – 3.3</i> <i>See Advanced Health Assurance of Adequate Network Capacity Policy and Procedure; Pg. 3, Section: Special Notes to these Policies</i> <i>See Advanced Health DSN (Delivery System Network) Provider Narrative Report-6-2019</i> <i>See 2019 DSN Submission Report - Exhibit G</i> | <input type="checkbox"/> Complete <input checked="" type="checkbox"/> Progress Sufficient to Start Operations <input type="checkbox"/> Incomplete <input type="checkbox"/> NA |
| HSAG Findings: The CCO’s Assurance of Adequate Network Capacity policy and procedure addressed time and distance standards for adult and pediatric primary care, the services of Patient-Centered Primary Care Homes (PCPCHs), behavioral health providers, and oral health providers but it did not include obstetrician/gynecologist (OB/GYN) access. However, the DSN Provider Narrative discussed how OB/GYN services are underrepresented and the efforts taken to address OB/GYN access through new contracting arrangements with clinics that include gynecology providers. | | |
| Required Actions: HSAG recommends that the CCO include OB/GYN access standards in its policy and identify how it addresses deficiencies. | | |

| Requirement | Evidence as Submitted by the CCO | Score |
| <p>HSAG Findings: According to the Primary Care Case Management policy and procedures, AH will contact all newly enrolled members to complete a health risk assessment (HRA) screening and will complete the HRA within 30 days of enrollment and annually thereafter, or within 10 days of provider referral. The HRA is either mailed to the member or completed over the phone. Customer service staff members and navigators will attempt to contact members no fewer than three times by two different methods (mail and phone) within 30 days. HSAG reviewed the current HRA tool being used by AH; it was very basic and only included seven “yes” or “no” questions. During the remote interview session, AH staff members stated that they will be revising the HRA and the process for the completion, tracking, and reporting of HRAs once they implement a new care management system. At the time of the remote interview session, AH had not yet selected a care management system.</p> | | |
| <p>Required Actions: While AH has current processes to conduct the initial screening, HSAG recommends that the CCO create or adopt a more robust health risk screening tool to ensure adequate identification of newly enrolled members with special healthcare needs. In addition, HSAG recommends that the CCO revise its policies and procedures to be consistent with its final contract with OHA and the processes used once a new care management system has been implemented.</p> | | |
| <p>4. The CCO’s service agreements with specialty and hospital providers must:</p> <ul style="list-style-type: none"> i. Address the coordinating role of patient-centered primary care; ii. Specify processes for requesting hospital admission or specialty services; and iii. Establish performance expectations for communication and medical records sharing for specialty treatments: <ul style="list-style-type: none"> – At the time of hospital admission; or – At the time of Hospital discharge for the purpose of facilitating after-Hospital follow up appointments and care. <p style="text-align: right;"><i>Contract: Exhibit B Part 4 (9)</i></p> | <p>See <i>Advanced Health - Privileged Provider Contract ¶ 2.12.5 Pg.13</i></p> <p>Advanced Health will ensure that all specialty and hospital providers are contracted to coordinate care with PCPCHs, refer for hospital and specialty services, and share medical records, as evidenced by an excerpt of its specialty provider contract (<i>Specialty Provider Contract Key Provisions.pdf</i> pgs. 9-15).</p> <p>i. See <i>Primary Care Case Management Policy and Procedures.pdf</i>. See 4.1 (b) for guidance regarding the patient centered primary care (<i>Primary Care Case Management Policy and Procedures.pdf</i>) and See <i>Care Coordination Policy and Procedures.pdf</i> 4.5(f), 4.6 (a)</p> | <ul style="list-style-type: none"> <input type="checkbox"/> Complete <input type="checkbox"/> Progress Sufficient to Start Operations <input checked="" type="checkbox"/> Incomplete <input type="checkbox"/> NA |

| | <p><i>ii. See “Utilization Review of Hospital Length of Stay” for the procedure regarding how facilities request hospital admission or specialty services</i></p> <p><i>iii. See Primary Care Case Management Policy and Procedures.pdf. See 4.4.</i></p> <p><i>See Care Coordination Policy and Procedures.pdf 4.5(f), 4.6 (a)</i></p> | |
| <p>HSAG Findings: AH provided a Privileged Provider agreement, which stated that the provider shall cooperate with AH with respect to all integration and care coordination activities undertaken pursuant to OAR 410-141-3160 and shall follow policies and procedures with respect thereto. AH also provided a Network Provider Agreement, which stated that the provider shall, to the extent possible, coordinate care with PCPCHs in a timely manner using electronic health information technology to the maximum extent feasible. Aside from that language, the provider agreements did not specify the process for requesting hospital admission or specialty services, or establish performance expectations for communication and medical records sharing for specialty treatments at the time of hospital admission or at the time of hospital discharge for the purpose of facilitating after-hospital follow-up appointments and care, but rather, contained general language that the provider would follow AH policies and procedures. This approach placed the burden on the provider to seek out the information and did not appear to meet OHA’s intent for the provider agreement requirements.</p> | | |
| <p>Required Actions: The CCO should update its service agreements with specialty and hospital providers to include all provisions as required in the contract with OHA.</p> | | |
| <p>5. The CCO has processes in place to ensure that:</p> <ul style="list-style-type: none"> a. Hospitals and specialty service providers are accountable for achieving successful transitions of care. b. Primary care teams are responsible for transitioning members out of hospital settings into the most appropriate, independent, and integrated care settings, including home and community-based as well as hospice and other palliative care settings. <p style="text-align: right;"><i>Contract: Exhibit B Part 4 (9)</i></p> | <p><i>See Advanced Health’s Primary Care Case Management Policy and Procedure.pdf, 4.4(d)</i></p> | <p><input checked="" type="checkbox"/> Complete</p> <p><input type="checkbox"/> Progress Sufficient to Start Operations</p> <p><input type="checkbox"/> Incomplete</p> <p><input type="checkbox"/> NA</p> |

| <p>the member that require a course of treatment or regular care monitoring.</p> <p style="text-align: right;"><i>42 CFR §438.208(c)(2)</i> <i>Contract: Exhibit B Part 4 (10)(a)(4)</i></p> | <p>See Attachment 9.3 of <i>Primary Care Case Management Policy and Procedures.pdf</i> for evidence of Advanced Health’s Health Risk Assessment (HRA)</p> | <p><input type="checkbox"/> NA</p> |
| <p>HSAG Findings: AH’s Primary Care Case Management policy and procedures stated that members identified as having a special healthcare need or needing long-term services and supports (LTSS) will be referred to the appropriate Intensive Care Coordination/Exceptional Needs Care Coordination team for a higher level of care coordination. The policy only referenced the completion of the initial HRA for all newly enrolled members and did not document any processes for the completion of the comprehensive assessment. During the remote interview session, AH staff members stated that they do not have processes in place yet to conduct the assessment and have not selected the care management system AH will implement. In addition, AH staff members stated that they may delegate completion of some of the comprehensive assessments to the PCPCHs.</p> | | |
| <p>Required Actions: The CCO should implement policies, procedures, systems, and tracking mechanisms to conduct a comprehensive assessment on each member identified as needing LTSS or having a special healthcare need. In addition, if the CCO chooses to delegate this function to PCPCHs, the CCO should execute subcontractor/delegation agreements as the completion of the comprehensive assessment is a required managed care function.</p> | | |
| <p>10. The CCO has written policies and procedures for identifying, assessing and producing a treatment plan for each member identified as having a special healthcare need.</p> <p style="text-align: right;"><i>Contract: Exhibit B Part 4 (10)(a)(4)</i></p> | <p>See <i>Primary Care Case Management Policy and Procedures.pdf</i>. See 4.2 (b), 4.3(c)(ii)</p> <p>See <i>Care Coordination Policy and Procedures.pdf</i> 4.3(b,c), 4.5(d)</p> | <p><input type="checkbox"/> Complete</p> <p><input type="checkbox"/> Progress Sufficient to Start Operations</p> <p><input checked="" type="checkbox"/> Incomplete</p> <p><input type="checkbox"/> NA</p> |
| <p>HSAG Findings: While the CCO provided two care coordination policies, they were general in nature and did not explain the processes used by the CCO to conduct the required care coordination activities. During the remote interview session, CCO staff members stated that they plan on revising the policies and procedures once AH selects and implements a care management system.</p> | | |
| <p>Required Actions: The CCO should revise policies and procedures to include specificity as to how the CCO identifies, assesses, and produces a treatment plan for each member identified as having a special healthcare need.</p> | | |

Appendix B. Delivery System Network (DSN)

The DSN Provider Capacity Report is an inventory of each individual provider (i.e., physician, mid-level practitioner, or other practitioner), facility, or business, whether employed by or under subcontract with a CCO, or paid fee-for-service, that agrees to provide the described services, or items, to Medicaid and fully dual-eligible CCO members. Containing an inventory of the provider categories and service categories outlined in Exhibit G of the CCO contract, HSAG evaluated the data to assess general capacity of each CCO’s existing and proposed DSN. Specifically, HSAG evaluated the DSNs on four key domains:

- Quality of DSN Provider Capacity Reporting
- Provider Network Capacity
- Provider Accessibility
- Geographic Distribution

Quality of DSN Provider Capacity Reporting

The Quality of DSN Provider Capacity Reporting domain assessed the CCO’s ability to provide complete provider network data in the required format. Key measures included:

- Percent Present—the percent of key data fields that are populated
- Percent Valid Format—the percent of key fields where data are submitted in the required format (e.g., dates as dates)
- Percent Valid Values—the percent of key data fields containing valid data

Table B-1 and Table B-2 contain the quality metric results for the individual practitioner and facility and service provider capacity reports, respectively. Overall, the quality of AH’s Provider Capacity Reports were good with minor errors identified in both the individual practitioner and facility and service provider files.

Table B-1—AH Phase 1—Individual Practitioner DSN Provider Capacity File Quality Metrics

| DSN Data Field | DSN Quality Metrics | | |
|----------------------------------|---------------------|----------------|----------------|
| | % Present | % Valid Format | % Valid Values |
| Accepting New Medicaid Enrollees | 100.0 | 100.0 | |
| Address #1 | 100.0 | | |
| Provider’s Capacity | 15.0 | 100.0 | |
| City | 100.0 | | |
| Status of Medicaid Contract | 100.0 | 100.0 | |
| County | 100.0 | | |
| Credentialing Date | 91.5 | 100.0 | 100.0 |

| DSN Data Field | DSN Quality Metrics | | |
|------------------------------------|---------------------|----------------|----------------|
| | % Present | % Valid Format | % Valid Values |
| DMAP (Medicaid ID) | 98.4 | 100.0 | |
| Provider First Name | 100.0 | | |
| Group/Clinic Name | 100.0 | | |
| Non-English Language 1 | 4.2 | | |
| Non-English Language 2 | | | |
| Non-English Language 3 | | | |
| Provider Last Name | 100.0 | | |
| Provider Network Status | 100.0 | 100.0 | |
| Provider NPI | 98.9 | 100.0 | 100.0 |
| Number of Members Assigned to PCPs | 15.0 | 100.0 | |
| PCP Indicator | 100.0 | 100.0 | |
| PCPCH Tier | 18.7 | 100.0 | |
| Phone Number | 100.0 | | |
| Provider Category | 100.0 | 100.0 | 100.0 |
| Provider Service Category | 100.0 | 100.0 | 100.0 |
| Provider TIN | 100.0 | 0.0 | |
| Provider Taxonomy | 98.9 | 100.0 | 99.5 |
| Zip Code | 100.0 | | |

In general, all key DSN data fields in the individual practitioner capacity report were populated except for Credentialing Date for which 91.5 percent of the records contained a value. However, of the records with a credentialing date, 100 percent of the records contained valid formats and values (i.e., date within three years). Conversely, while 100 percent of the records listed a Provider TIN, zero percent were correctly formatted. Of note, only 4.2 percent of providers were associated with a non-English language.

Table B-2—AH Phase 1—Facility and Service DSN Provider Capacity File Quality Metrics

| DSN Data Field | DSN Quality Metrics | | |
|-----------------------------|---------------------|---------------|----------------|
| | % Present | %Valid Format | % Valid Values |
| Address #1 | 100.0 | | |
| Facility or Business Name | 100.0 | | |
| City | 100.0 | | |
| Status of Medicaid Contract | 100.0 | 100.0 | |
| County | 100.0 | | |

| DSN Data Field | DSN Quality Metrics | | |
|-------------------------------|---------------------|---------------|----------------|
| | % Present | %Valid Format | % Valid Values |

| Provider Category | 100.0 | 100.0 | 100.0 |
| Provider Service Category | 100.0 | 100.0 | 93.3 |
| Facility TIN | 100.0 | 18.3 | |
| Facility or Business Taxonomy | 100.0 | 100.0 | 99.0 |
| Zip Code | 100.0 | | |

Overall, key DSN data fields in the facility and service provider capacity report were present and populated with valid values with the exception of two data fields—i.e., DMAP ID (95.2 percent) and Facility NPI (95.2 percent). Overall, the average completeness across all data fields was 99.3 percent.

Provider Network Capacity

The provider network capacity domain addressed the underlying infrastructure of the CCO’s provider network and assessed whether or not required health services were available to beneficiaries through a sufficient supply and variety of providers. Table B-3 provides the number and percent of providers by provider specialty category and contract status. All providers presented in the DSN were contracted or had a contract pending at the time of submission with the exception 6 ambulance and emergency medical transportation providers.

Table B-3—AH Phase 1—Individual and Facility/Service Provider Capacity¹ by Specialty Category² and Contract Status

| Provider Specialty Category | Total | | Contract Status = Yes | | Contract Status = PEND | |
|---|--------|---------|-----------------------|---------|------------------------|---------|
| | Number | Percent | Number | Percent | Number | Percent |
| Individual Practitioners | | | | | | |
| Primary Care Provider | 90 | 18.6 | 90 | 100.0 | 0 | 0.0 |
| Specialty Provider | 115 | 23.7 | 115 | 100.0 | 0 | 0.0 |
| Dental Service Provider | 42 | 8.7 | 42 | 100.0 | 0 | 0.0 |
| Mental Health Provider | 144 | 29.7 | 144 | 100.0 | 0 | 0.0 |
| SUD Provider | 44 | 9.1 | 44 | 100.0 | 0 | 0.0 |
| Certified or Qualified Health Care Interpreters | 1 | 0.2 | 1 | 100.0 | 0 | 0.0 |
| Traditional Health Workers | 12 | 2.5 | 12 | 100.0 | 0 | 0.0 |
| Alcohol/Drug | 0 | 0.0 | 0 | 0.0 | 0 | 0.0 |

| Provider Specialty Category | Total | | Contract Status = Yes | | Contract Status = PEND | |
|---|--------|---------|-----------------------|---------|------------------------|---------|
| | Number | Percent | Number | Percent | Number | Percent |
| Health Education, Health Promotion, Health Literacy | 35 | 7.2 | 35 | 100.0 | 0 | 0.0 |
| Palliative Care | 2 | 0.4 | 2 | 100.0 | 0 | 0.0 |
| Facility/Service Practitioners | | | | | | |
| Hospital, Acute Psychiatric Care | 1 | 1.8 | 1 | 100.0 | 0 | 0.0 |
| Ambulance and Emergency Medical Transportation | 7 | 12.7 | 0 | 0.0 | 1 | 14.3 |
| Federally Qualified Health Centers | 2 | 3.6 | 2 | 100.0 | 0 | 0.0 |
| Home Health | 2 | 3.6 | 2 | 100.0 | 0 | 0.0 |
| Hospice | 0 | 0.0 | 0 | 0.0 | 0 | 0.0 |
| Hospital | 7 | 12.7 | 7 | 100.0 | 0 | 0.0 |
| Imaging | 0 | 0.0 | 0 | 0.0 | 0 | 0.0 |
| Indian Health Service and Tribal Health Services | 1 | 1.8 | 1 | 100.0 | 0 | 0.0 |
| Mental Health Crisis Services | 2 | 3.6 | 2 | 100.0 | 0 | 0.0 |
| Community Prevention Services | 2 | 3.6 | 2 | 100.0 | 0 | 0.0 |
| Non-Emergent Medical Transportation | 1 | 1.8 | 1 | 100.0 | 0 | 0.0 |
| Pharmacies | 17 | 30.9 | 17 | 100.0 | 0 | 0.0 |
| Durable Medical Providers | 4 | 7.3 | 4 | 100.0 | 0 | 0.0 |
| Post-Hospital Skilled Nursing Facility | 6 | 10.9 | 6 | 100.0 | 0 | 0.0 |
| Rural Health Centers | 2 | 3.6 | 2 | 100.0 | 0 | 0.0 |
| School-Based Health Centers | 1 | 1.8 | 1 | 100.0 | 0 | 0.0 |
| Urgent Care Center | 0 | 0.0 | 0 | 0.0 | 0 | 0.0 |

Note: Provider counts where Contract Status = “No” are not displayed in the table but are included in the total. When the *Total* number is higher than the sum of contracted and pending contract counts, the specialty category is highlighted.

¹ Provider capacity counts are based on unique providers deduplicated by NPI and Service Category.

² Specialty Category designations specifying *adult* and *pediatric* providers were combined and deduplicated by NPI to preventing counting providers within a specialty category more than once.

In general, AH’s individual provider capacity demonstrated network coverage of required physical health (primary and specialty), oral health, and mental health and substance use disorder providers. Further, within the individual practitioner data only one specialty category was not represented—i.e., alcohol/drug providers. Of the 17 required facilities and services, three provider service categories had a count of zero—i.e., hospice, imaging services, and urgent care centers.

Provider Accessibility

The provider accessibility domain evaluated the degree to which contracted services are accessible to the beneficiary population based on the number of providers who are accepting new patients and that provide services in a non-English language. Table B-4 displays the number and percent of providers by provider specialty category who were accepting new patients and who speak a non-English language.

Table B-4—AH Phase 1—Provider Accessibility by Service Category²

| Provider Specialty Category | Total Providers ¹ | Accepting New Patients | | Speak Non-English Language | |
|---|------------------------------|------------------------|--------------|----------------------------|------------|
| | | Number | Percent | Number | Percent |
| Primary Care Provider | 90 | 90 | 100.0 | 8 | 8.9 |
| Specialty Provider | 115 | 115 | 100.0 | 3 | 2.6 |
| Dental Service Provider | 42 | 42 | 100.0 | 4 | 9.5 |
| Mental Health Provider | 144 | 144 | 100.0 | 4 | 2.8 |
| SUD Provider | 44 | 44 | 100.0 | 0 | 0.0 |
| Certified or Qualified Health Care Interpreters | 1 | 1 | 100.0 | 1 | 100.0 |
| Traditional Health Workers | 12 | 12 | 100.0 | 1 | 8.3 |
| Alcohol/Drug | 0 | 0 | 0.0 | 0 | 0.0 |
| Health Education, Health Promotion, Health Literacy | 35 | 35 | 100.0 | 1 | 2.9 |
| Palliative Care | 2 | 2 | 100.0 | 0 | 0.0 |
| TOTAL | 485 | 485 | 100.0 | 22 | 4.5 |

Note: Provider counts are based on all providers regardless of contract status.

¹ Provider counts are based on unique providers deduplicated by NPI and Service Category.

² Specialty Category designations specifying *adult* and *pediatric* providers were combined and deduplicated by NPI to prevent counting providers within a specialty category more than once.

Overall, 100 percent of AH’s provider network was accepting new patients. Of its individual practitioners, AH identified 4.5 percent who spoke a language other than English. Overall, 8.9 percent of PCPs were associated with non-English language.

Geographic Distribution

The geographic distribution of providers relative to member populations assessed whether or not the practitioner and facility locations were spread proportionately across the beneficiary population. Since beneficiary data was not available at the time of this analysis, the geospatial maps display the coverage areas around each provider location based on pre-defined distance thresholds (i.e., 30 miles and 60 miles) in alignment with OHA’s current access standards. Graphic representations are provided for key

individual and facility providers. All of the zip codes within AH's service area (i.e., Coos County and Curry County), are classified as rural.

Figure B-1—AH Phase 1—Geographic Distribution of Primary Care Providers (PCPs)

As shown in Figure B-1, the distribution of AH’s network of PCPs is sufficient to cover the CCO’s service area. Most of the regions in the CCO’s service area are within 30 miles of a primary care provider and all areas are within 60 miles.

Figure B-2—AH Phase 1—Geographic Distribution of Specialty Providers

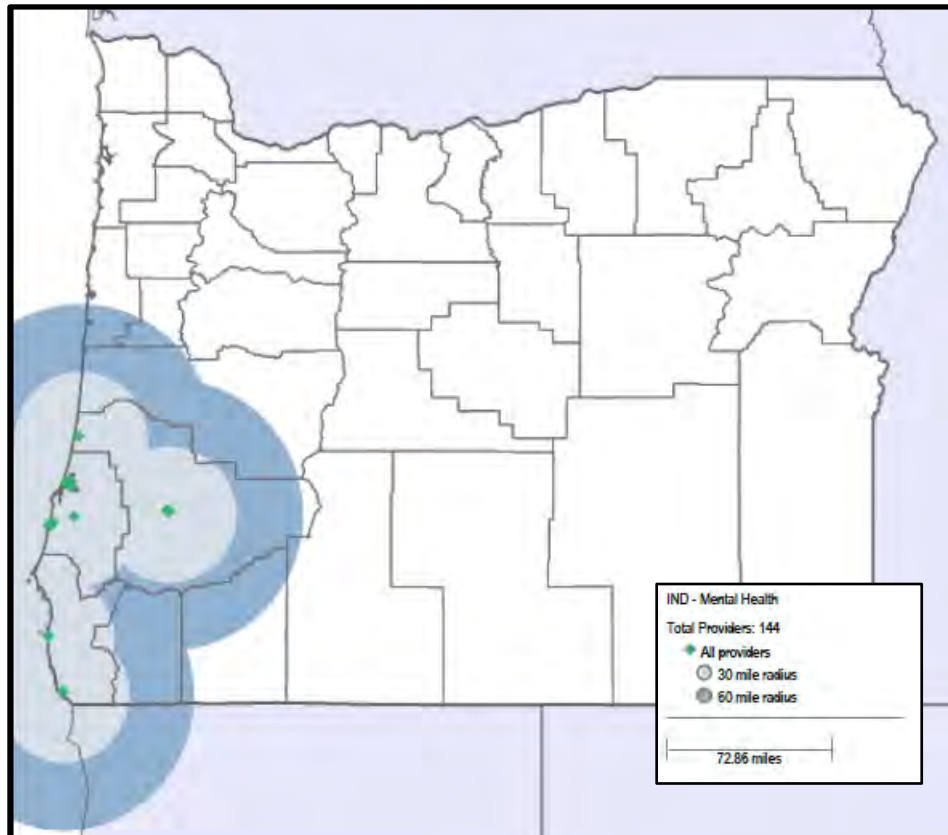

As shown in Figure B-2, the distribution of AH’s specialty providers is sufficient to cover the CCO’s service area. Most of the regions in the CCO’s service area are within 30 miles of a specialty provider and all areas are within 60 miles.

Figure B-3—AH Phase 1—Geographic Distribution of Dental Service Providers

As shown in Figure B-3, the distribution of AH’s dental service providers is sufficient to cover the CCO’s service area. Most of the regions in the CCO’s service area are within 30 miles of a dental service provider with the exception of small portion of northeastern Curry County which is still within 60 miles of the nearest dental provider.

Figure B-4—AH Phase 1—Geographic Distribution of Mental Health Providers

As shown in Figure B-4, the distribution of AH’s mental health providers is sufficient to cover the CCO’s service area. Most of the regions in the CCO’s service area are within 30 miles of a mental health provider and all areas are within 60 miles.

Figure B-5—AH Phase 1—Geographic Distribution of Substance Use Disorder (SUD) Providers

As shown in Figure B-5, the distribution of AH’s SUD providers is sufficient to cover the CCO’s service area except. In general, most regions of the service area are within 30 miles of a SUD provider except for southern Coos County and northern Curry County which are within 60 miles of the nearest SUD provider.

Figure B-6—AH Phase 1—Geographic Distribution of Hospitals

As shown in Figure B-6, the distribution of AH’s hospital facilities is sufficient to cover the CCO’s service area. Most of the regions in the CCO’s service area are within 30 miles of a hospital and all areas are within 60 miles.

Figure B-7—AH Phase 1—Geographic Distribution of Clinic-based Facilities

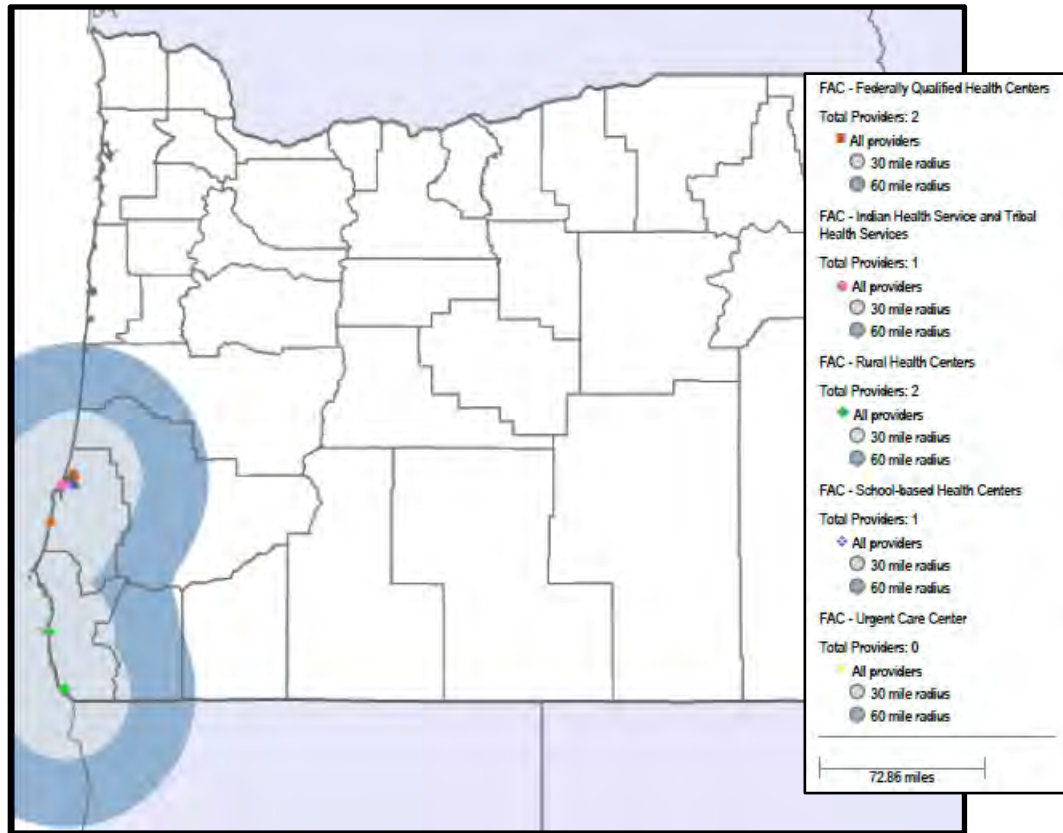

Figure B-7 displays the distribution of several clinic-based facilities within AH’s service areas, including FQHCs, Indian Health Services and Tribal Health Services, Rural Health Centers, School-Based Health Centers, and Urgent Care Centers. The map shows that the distribution of clinic-based facilities is sufficient to cover the CCO’s service area. Nearly all regions of the service area are within 30 miles of a clinic-based facility and all areas are within 60 miles of the nearest facility.

Appendix C. Phase 2 Evaluation Tool

[Pending completion of the Phase 2 RR]
