# **Oregon Health Policy Board**

## **Update: All Payer All Claims Database**

### **February 13, 2012**

Gretchen Morley  
Director of Health Analytics

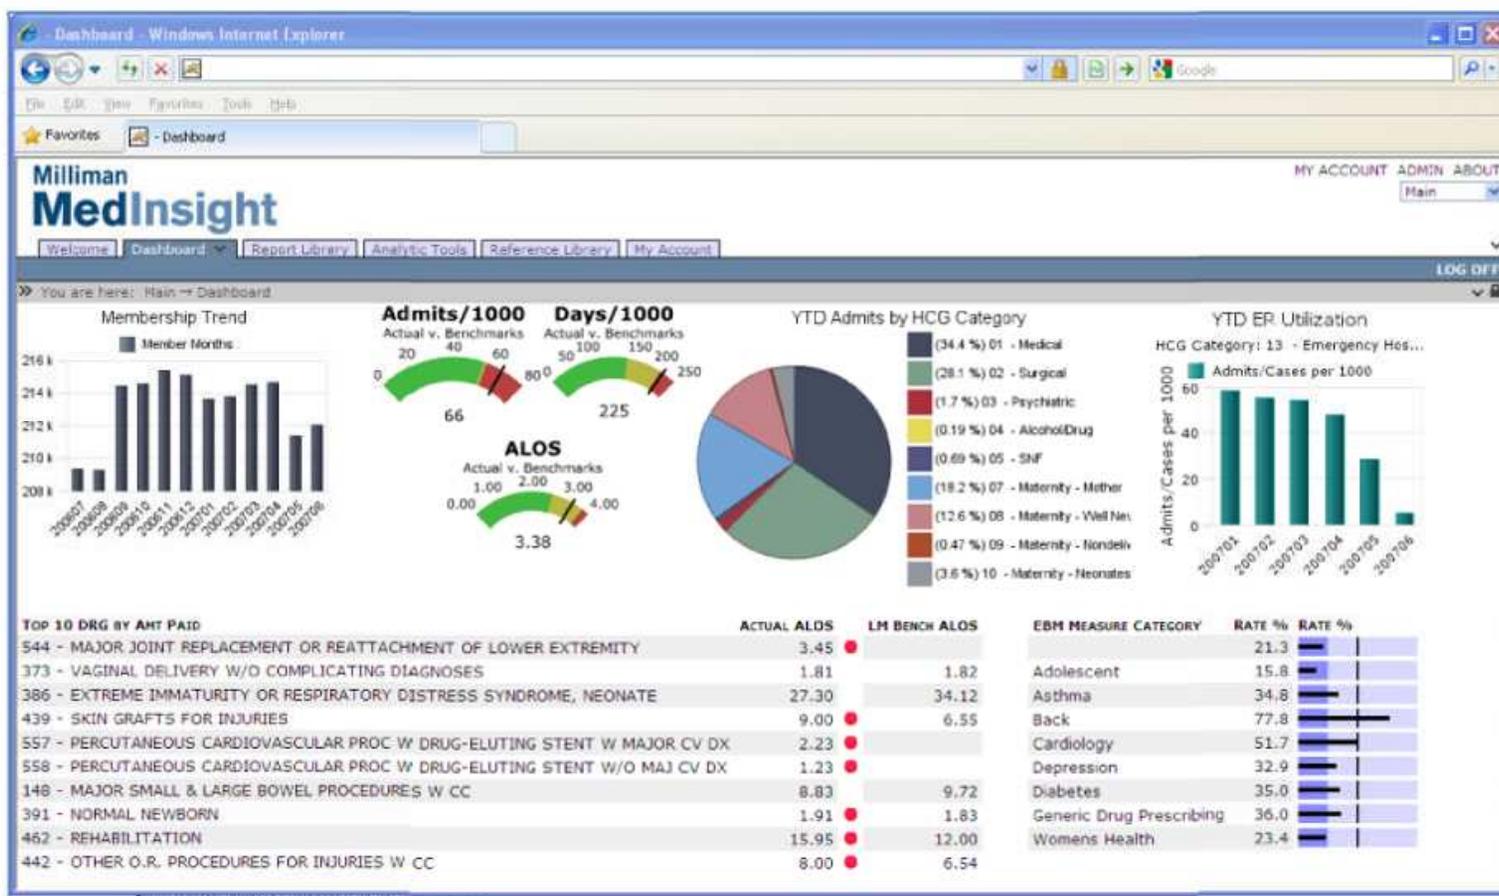

# Oregon's All Payer All Claims Database

- Authorized in HB 2009
- Who:
  - All carriers and licensed third-party administrators (no dental)
  - Pharmacy benefit managers
  - Medicaid managed care organizations
- Milliman contract awarded in October 2010
  - Three quarterly data calls to date
  - From 1<sup>st</sup> data collection: data accepted from carriers for Jan. 1, 2010 to June 30, 2011
  - 2<sup>nd</sup> and 3<sup>rd</sup> provide data through Dec. 31, 2011; going through verification
  - Approximately 90 million claims have been submitted from 37 payers
  - Data from 94% of covered lives have been “accepted”.

# Implementation Progress

- Milliman's current work:
  - Building data “cubes” that will allow analysis from different dimensions
  - Loading data into dashboard
  - Working with small group of state staff to test data and ensure access levels are appropriate
  - Training staff on the MedInsight analytical tool
  - Loading 2<sup>nd</sup> and 3<sup>rd</sup> data submissions which will improve data integrity from 1<sup>st</sup> submission
- Rule advisory committee met three times to review proposed rules on format and application process for public use data set and researcher limited dataset.

# APAC Dashboard Example (Not Oregon Data)

## Next Steps In the Month Ahead

- Complete initial validation work
- Load data into dashboard
- Continue staff training on MedInsight
- Finalize administrative rules
