

July 27, 2015

Dear Colleagues,

The Advisory Committee on Physician Credentialing Information (ACPCI) is soliciting recommendations for changes to the Oregon Practitioner Credentialing and Recredentialing Applications.

In accordance with House Bill 2144, the Committee is charged with assuring that the current credentialing standards of national accreditation organizations and applicable regulations of the federal government are reflected in the Oregon Practitioner Credentialing and Recredentialing Applications. We are now seeking your input as a stakeholder in this process. The current applications can be viewed at:

Credentialing: http://www.oregon.gov/oha/OHPR/ACPCI/pages/state_app.aspx

Recredentialing: http://www.oregon.gov/oha/OHPR/ACPCI/Pages/state_rec_app.aspx

The Committee is accepting recommendations for changes to either application through the close of business *August 21, 2015*. Please send recommendations to:

Office of Health Information Technology
Attention: Nicholas Kramer, ACPCI
500 Summer Street NE, E-52
Salem, OR 97301
Email: ohit.info@state.or.us and nicholas.h.kramer@state.or.us

Recommendations presented by the ACPCI will be brought to the Common Credentialing Advisory Committee for discussion as the OPCA will be used for the Oregon Common Credentialing Program, which is anticipated to be fully implemented by January 2017. Recommendations received *after August 21, 2015* will be considered by the Advisory Committee during the annual review in 2016.

Sincerely,

Rebecca Jensen, CPCS, CPMSM
ACPCI Chair
