

SCOPE of Pain
Safe and Competent Opioid Prescribing Education

MAT Waiver Training

LIVE | 7:30am - 12:00pm

ONLINE | Completed Prior + LIVE | 12:30pm - 5:00pm

Portland Combination Trainings

Friday, December 9, 2016 | Portland, OR

You may register for either one of these trainings or both at:

scopeofpain.org

What is SCOPE of Pain?

SCOPE of Pain is designed to help you safely and effectively manage patients with chronic pain, when appropriate, with opioid analgesics. The Portland meeting includes essential clinical content on opioid prescribing as well as state-specific information, including a policy and resource panel with representatives from State and local agencies.

SCOPE of Pain Portland is provided by Boston University School of Medicine, with local partner Oregon Health & Science University. National collaborators include the Council of Medical Specialty Societies and the Federation of State Medical Boards.

Why offer this training?

The FDA has mandated manufacturers of extended release/long-acting (ER/LA) opioid analgesics, as part of a comprehensive Risk Evaluation and Mitigation Strategy (REMS), to make available comprehensive prescriber education in the safe use of these medications. Our training is based on the FDA curriculum known as the Blueprint for Prescriber Education for Extended Release and Long-Acting Opioid (ER/LA) Analgesics. Our curriculum covers all aspects of this blueprint and more to provide a comprehensive educational program.

Who is this for?

Physicians, nurse practitioners, registered nurses, nurses, physician assistants, and pharmacists.

Tuition: \$25

For more information and to register, visit: scopeofpain.org

Faculty (Course Director)

Daniel P. Alford, MD, MPH, FACP, FASAM

Associate Professor of Medicine, Boston University School of Medicine

What is MAT Waiver Training?

The PCSS-MAT Half and Half Medication Assisted Treatment (MAT) waiver training course provides an overview of the FDA-approved medications—buprenorphine, naltrexone, and methadone—prescribed for the treatment of opioid use disorder (OUD). This course provides the required eight-hour training to prescribe buprenorphine in office-based settings for the treatment of OUD. The course provides an overview of prevention, identification, and treatment of substance use disorders emphasizing OUD. Currently, physicians who have completed the eight-hour course are eligible to apply for the waiver to prescribe buprenorphine. Residents may take the course and apply for their waiver when they receive their DEA license. Physician Assistants (PAs) and Advanced Practice Registered Nurses (APRNs) are also encouraged to take the course, though waiver eligibility 24-hour training requirements have not been defined as established by the Comprehensive Addiction and Recovery Act (CARA).

Half and Half Course

This course will be provided in a "Half and Half" format which means the first half of the course is taken on-line and the second half is completed live (in-person). The first half (on-line course) must be completed before the live course on December 9, 2016.

After registering for the course at scopeofpain.org, participants will be emailed instructions on the first half of the course. Those who have successfully completed the course (both on-line and live) are eligible to apply to SAMHSA to obtain a waiver to prescribe buprenorphine. PCSS-MAT urges all participants who complete the course to submit a Notice of Intent Form to SAMHSA, available on-line and provided by email following the training.

SCOPE of Pain Training

Accreditation

Physicians

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Boston University School of Medicine with local partner Oregon Health & Science University. Boston University School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

Boston University School of Medicine designates this live activity for a maximum of **3.00 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurses

Continuing Nursing Education Provider Unit, Boston University School of Medicine is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

CNE Contact Hours: **3.00**, all of which is pharmacology credit-worthy

AAFP

This live series activity, SCOPE of Pain: Safe and Competent Opioid Prescribing Education with a beginning date of 11/14/2014, has been reviewed and is acceptable for **2 Prescribed Credits** by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure of Support

This educational activity is supported by an independent educational grant from the Extended-Release/Long-Acting Opioid Analgesic REMS Program Companies. Please see http://ce.er-la-opioidrems.com/lwqCEUI/remss/pdf/List_of_RPC_Companies.pdf for a listing of REMS Program Companies. This activity is intended to be fully compliant with the Extended-Release/Long-Acting Opioid Analgesics REMS education requirements issued by the US Food & Drug Administration.

MAT Waiver Training

Half and Half Course (continued)

PCSS-MAT has a comprehensive library of materials available at no cost, created to give providers' confidence in preventing and treating these medical disorders. PCSS-MAT also provides a no-cost clinical coaching/mentoring program to help primary care providers in their ability to address these concerns.

Tuition: No Cost

For more information and to register, visit: scopeofpain.org

Accreditation (MAT Waiver Training)

CME Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of OHSU and AAAP. OHSU is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation

OHSU designates this (second "half" of the course) live activity for a maximum of **4.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Method of Physician Participation in the Learning Process

Physicians will only be awarded **4.25 AMA PRA Category 1 Credits™** for completing the "second" half of the training. To obtain a buprenorphine training certificate of completion you must complete BOTH halves of the training i.e. the 3.75 hours of the first on-line half and 4.25 hours of the second half (live) and receive a minimum cumulative score of 75% on the examination.

Disclosure of Support

Funding for this initiative was made possible (in part) by Providers' Clinical Support System for Medication Assisted Treatment (grant no. 1U79TI026556) from SAMHSA. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services; nor does mention of trade names, commercial practices, or organizations imply endorsement by the U.S. Government.

Partial funding for this program comes from SAMHSA grant 1H79TI026752-01 to the Oregon Health Authority to expand MAT capacity across Oregon.

You may register for either one of these trainings or both at:
