Data Notes:

County Population provided by Portland State University Population Research Center Certified July 1st, 2017 population estimates.

Medicare revenue share calculated from APAC claims occurring in calendar year 2017. Medicare revenue share is calculated as the sum of total allowed amounts for Medicare inpatient and outpatient services divided by total allowed amounts for all inpatient and outpatient services.

SB1067 specifies a facility is excluded if it is:

(A) A rural Type A or Type B hospital.

OR

(B) A rural Critical Access Hospital.

OR

(C) If the hospital meets all three of the following:

- Certified Sole Community hospital by CMS
- Located in a county with population under 70,000 at the effective date of the legislation (7/6/2017).
- Medicare payments composing at least 40% of the hospital's total annual patient revenue
