

2027 PEBB Open Enrollment is required this year! Oct. 1–31

You must log in to PEBBenroll.com and select a new medical plan during Open Enrollment. If you don't, you and your family won't have PEBB medical coverage in 2027.

Open Enrollment is the one time each year you can change your benefits without a major life event or Qualified Status Change (QSC).

Visit PEBBinfo.com for more information.
