# Publications for Open Enrollment

## Sneak Peek Brochure

Will be an electronic email newsletter this year instead of printing and mailing. You should see it in your email inbox this afternoon.

*Please forward the newsletter to any new August hires.*

## Open Enrollment Guide

Will not be printed this year either. It will be put online for members to view or print out if they would like. No printer? No problem. We can print a few at the PEBB office and either shuttle or mail them to the member.

This will save paper, printing and postage costs and should show our fiscal awareness and responsibility due to the budget shortfall. We'll have the Guide posted to the website by September 23.

## The Summary of Benefits

This is probably our most popular publication during Open Enrollment and requested throughout the year. Agencies and Universities tell us the Summary is very helpful especially for new employee orientations.

**The Summary of Benefits WILL be printed and mailed to all PEBB members.**

It's a very useful tool for members to easily compare benefits that the carriers offer to both full-time and part-timers.

It includes VSP Vision benefits for both programs they offer to us.

Also included are choices from dental plans from Delta Dental, Kaiser Permanente Dental and the Willamette Dental Group.
