

Creating User Account - Not a state employee

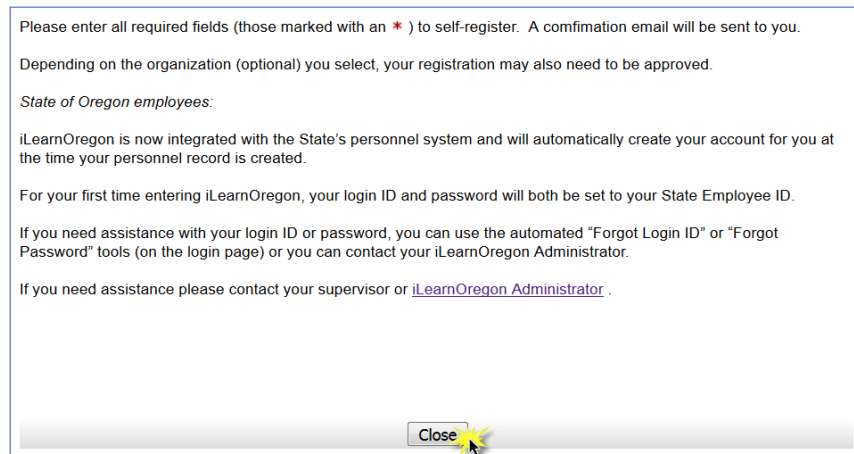

This job aid provides you with the steps to create a new user account.

Go to - <https://ilearn.oregon.gov>

1. Click **Create Account**.

2. Click **Close** on this pop up window.

If the window will not close try decreasing your display by using (Ctrl and -) or using your browser menu, if that doesn't work try completing your registration in a different browser.

Creating User Account - Not a state employee

1. Select **Not a State Employee**
2. Enter First and Last name
3. Enter valid email address
 - a. An email address can only be used one time in iLearn
 - b. You will have to access this email in order to confirm your account before the registration process will complete
4. Enter your Login ID (must be unique)

5. Select **Job Title**
 - a. This is not mandatory, if you search and do not find an appropriate title just leave blank.

6. Select **Organization**
 - a. Select **Oregon Health Authority**. When the submenu appears, select **Oregon Health Authority Partners**.

7. **Manager**, leave this blank
8. Select the **Submit** button
