Conference call line for audio: 1-877-848-7030, Access Code: 2030826#

Key Questions:

How healthy is Oregon?

- What health disparities exist in our state?
- What measures of social and economic inequality exist in our state?
- What indicators are needed to describe the health of our state?

Meeting Objectives:

- Become acquainted with purpose and process for completing State Health Assessment and Health Status Subcommittee
- Review existing Health Profile Indicators, data sources and limitations
- Determine framework for Health Status Assessment

2:00 - 2:15pm

Welcome, Introductions and Opener

- Special welcome to community partners who have joined
- Brief overview of SHA & MAPP process
- Circles of involvement and role of subcommittee members

2:15 - 2:30pm

Overview of Health Status Assessment Process

- Purpose and process for completing the Health Status Assessment
- Feedback on proposed process for completing Health Status Assessment

2:30 - 3:20pm

Existing framework & indicators

- Framework
- Data sources
- Indicators
- Limitations

3:20 – 3:35pm	Determine future framework	
3:35 – 3:45 pm	Public Comment	
3:45 – 4:00pm	Next Steps	

Health Status Assessment

PUBLIC HEALTH DIVISION

Introductions

PUBLIC HEALTH DIVISION

Plan for Subcommittee

Orientation to the MAPP process and SHA

Overview of the Health Status Assessment

Review existing State Health Indicators

Determine future framework

Public Comment

Next Steps

Overview of the SHA & MAPP Framework

PUBLIC HEALTH DIVISION

Purpose of the State Health Assessment

- Describe the health of Oregonians
- Provide a data resource for anyone interested in improving health outcomes in Oregon
- Call attention to health disparity through data and stories.
- Incorporate significant community input
- Inform health improvement planning efforts, both at the local and state levels
- Maintain public health accreditation

Overview of the MAPP process

- Mobilizing for Action through Planning and Partnerships (MAPP)
- Community wide strategic planning process for improving public health
- Three circles of involvement: Core Group, Steering Committee & Community at large
- Six phases, from assessment through plan implementation
- Developed by National Association of County & City Health Officials (NACCHO)

Steering Committee

Representation from:

- Public Health Advisory Board
- Regional Health Equity
 Coalitions
- Federally recognized tribes
- Local Public Health Departments

- Coordinated Care Organizations
- Public Health Division
- Culturally Specific Organizations
- o Hospitals
- Consumer Advisory Councils
- Schools of Public Health

Phases of MAPP: SHA

Phase	Deliverables
Organize for Success & Partnership Development	Identify participants, determine planning process
Visioning	Determine focus, purpose and direction
Four Assessments	Public Health Assessment
	Health Status Assessment
	Themes & Strengths Assessment
	Forces of Change Assessment

PUBLIC HEALTH DIVISION

Health Status Assessment: Subcommittee Tasks

- Review existing health indicators
- Identify issues that are overlooked & recommend new indicators
- Determine criteria for indicator selection
- Narrow down and prioritize indicators
- Recommend method for displaying data
- Report back recommendations to Steering Committee

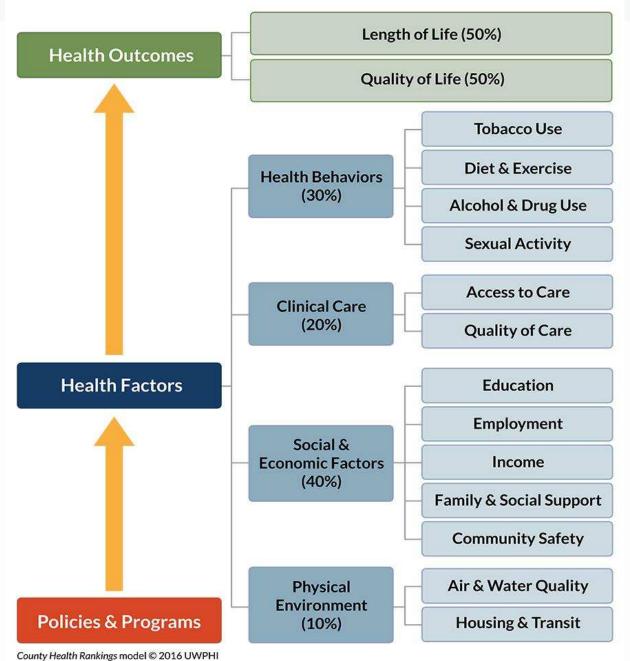

Key Questions for the HSA

- How healthy is Oregon?
- What health disparities exist in our state?
- What measures of social and economic inequality exist in our state?
- What indicators are needed to describe the health of our state?

State Health Indicator Framework

Public Health Data Sources

PUBLIC HEALTH DIVISION

Key Data Sources

Service receipt (immunize, hospital d/c, WIC) Vital
Statistics
(birth,
death)

Surveys (BRFSS, OHT, PRAMS) Reportable conditions (infectious disease, cancer)

Existing State HealthIndicators

PUBLIC HEALTH DIVISION

70+ population health indicators

Array:

- social determinants
- disease outcomes (e.g. infectious, cancer)
- behaviors
- access to clinical services
- environmental
- Health Equity
 - Race/ ethnicity
 - Socio economic status
 - LGBTQ
 - Incarcerated population

Health

Demographics

- 4 million people in 2015; 4.3 mil 2020
- Age: 16% ≥65 years 2015; 21% in 2020
- Race/Ethnicity

– White, non-Hispanic: 76.6%	_	White,	non-His	panic:	76.6%
------------------------------	---	--------	---------	--------	-------

- Hispanic/Latino:12.7%
- Asian/PI: 4.7%
- African American:1.8%
- Amer Indian/Alaska Native: 1.1%
- $\ge 2 \text{ races}$: 3.1%

Social Determinants of Health

Topic	Indicator
Economic	Poverty
	Educational attainment
Education	Chronic abseentism
Food	Food insecurity
Safety	Violent crime

Socio-economic Status

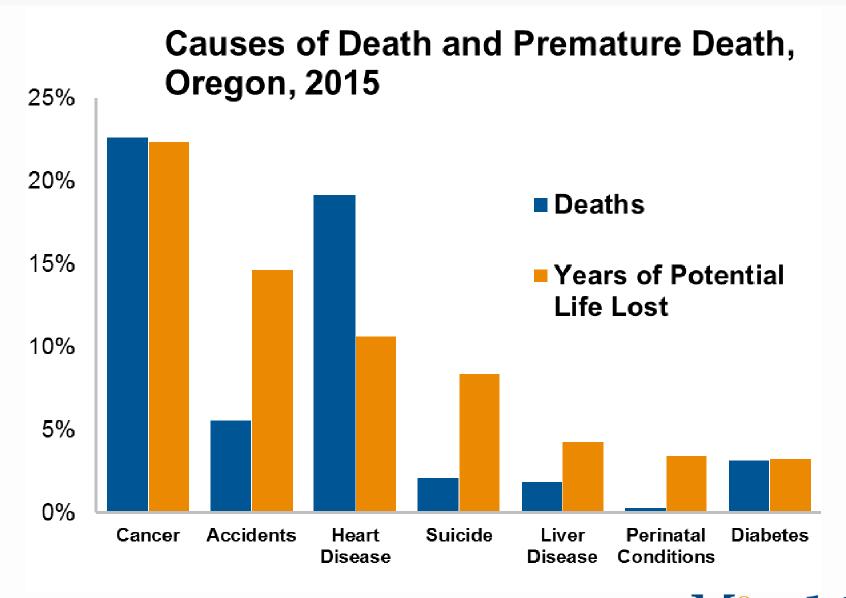

- High school graduation: 75%
- Poverty:
 - Overall: 15.4% (US 14.7%)
 - Children: 20.3% (US 20.7%)
- Food Insecurity:
 - Overall: 15.2% (US 15.4%)
 - Children: 24.5% (US 20.9%)

Causes of Death

Topic	Indicator
Causes of Death	Leading causes of death
	Causes of premature death (before age 75)
	Infant death
	Opioid related overdose deaths
	Chronic Hepatitis C deaths
	Motor vehicle occupant fatalities
	Suicide rate
	Alcohol related deaths
	Intimate partner violence deaths

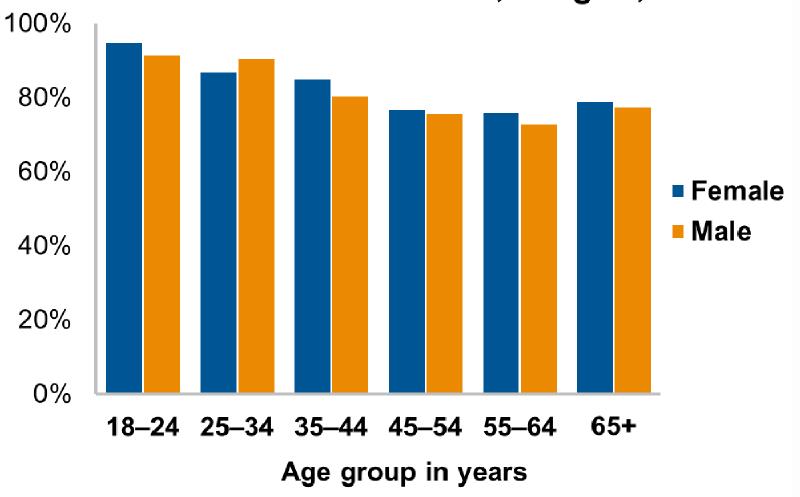

Overall Health Status

Topic	Indicator
Health Status	Good or excellent health
	Physical or mental health issues limiting activities
	Mental health
	Maternal depression
	Adolescent mental health
	Positive Youth Development
	Healthy teen relationships

Overall Health: Adults Reporting Good/Excellent Health, Oregon, 2015

Emotional Health

- ≥1 day of poor mental health past 30 day
 - Adult men: 36%
 - Adult women: 48%
- 11th graders: 29% depressed mood ≥2 weeks past 30 days
- Maternal depression: 28%

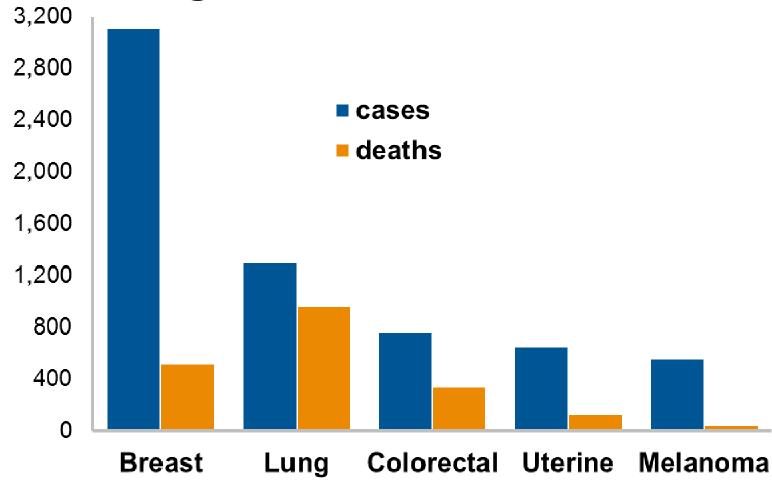

Illness & Injury

Topic	Indicator
Illness & Injury	Lung cancer
	Heart attack hospitalizations
	Diabetes prevalence
	Obesity among youth and adults
	Child obesity
	Fall injuries among older adults

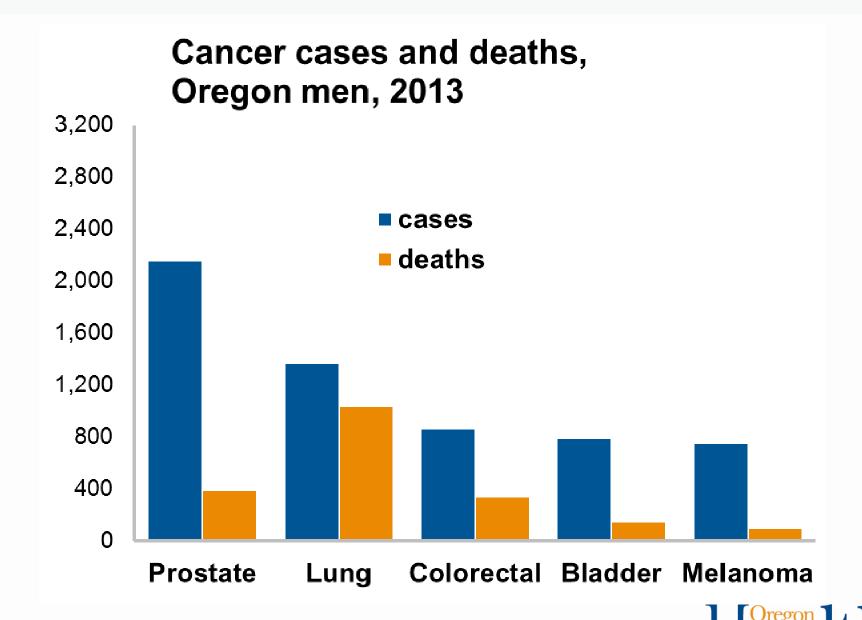

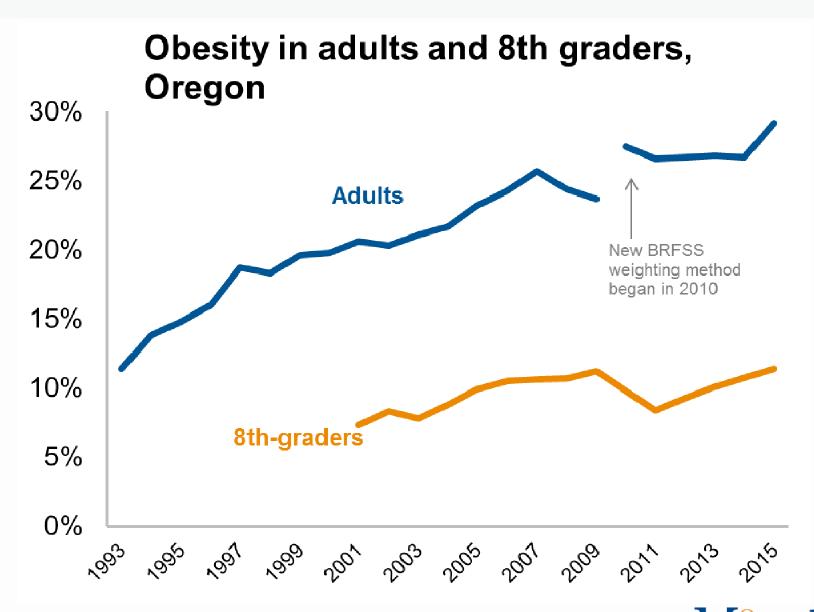

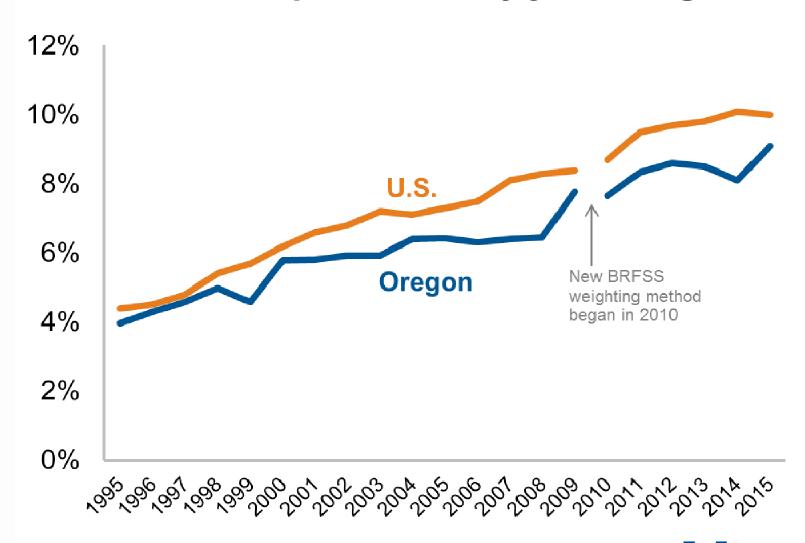

Diabetes prevalence by year, Oregon

Behaviors that Kill Oregonians

7000 **Tobacco** 1500 1400 Obesity Alcohol

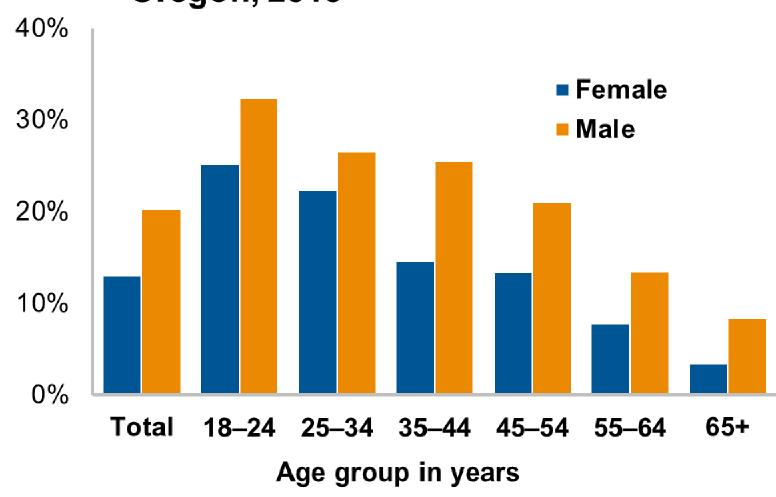

Health Behaviors

Topic	Indicator
Health Behaviors	Binge drinking
	Current cigarette smoking
	Cigarette packs sold per capita
	Marijuana use
	Marijuana related calls to the Oregon poison center
	Sugar sweetened beverage consumption
	Physical activity

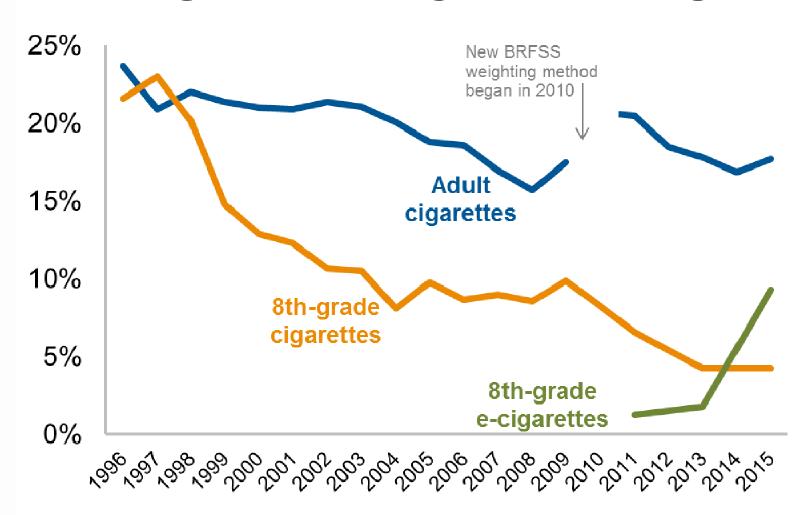

Adult Binge Drinking, Oregon, 2015

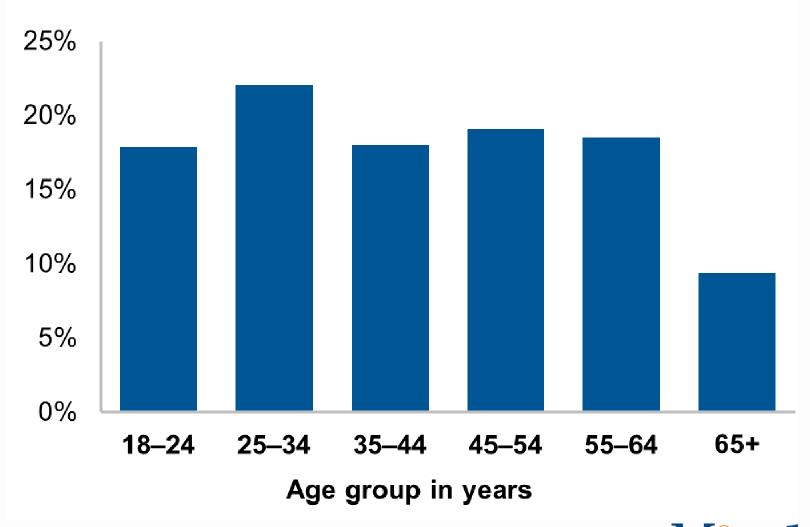

Cigarette and e-cigarette use, Oregon

Adult Smoking by Age, Oregon, 2015

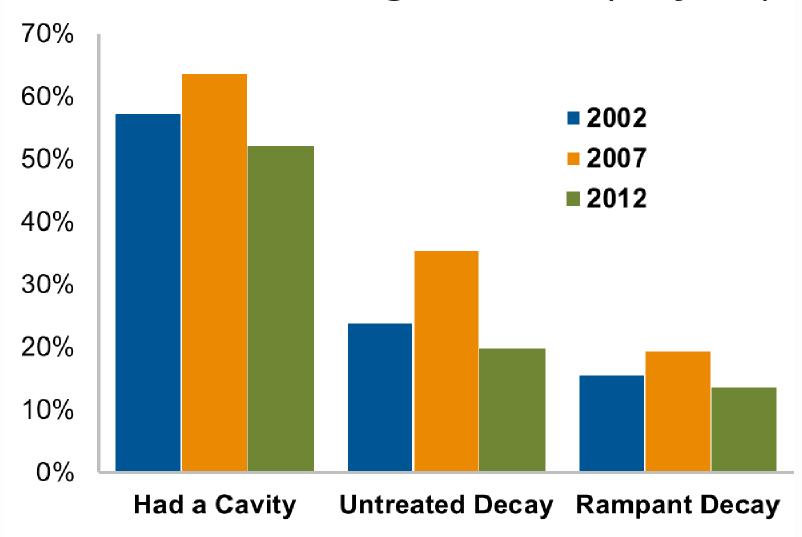

Maternal & Child Health

Topic	Indicator
Maternal & Child Health	Infant breastfeeding
	Premature births
	Tooth decay among children
	Teen pregnancy and birth

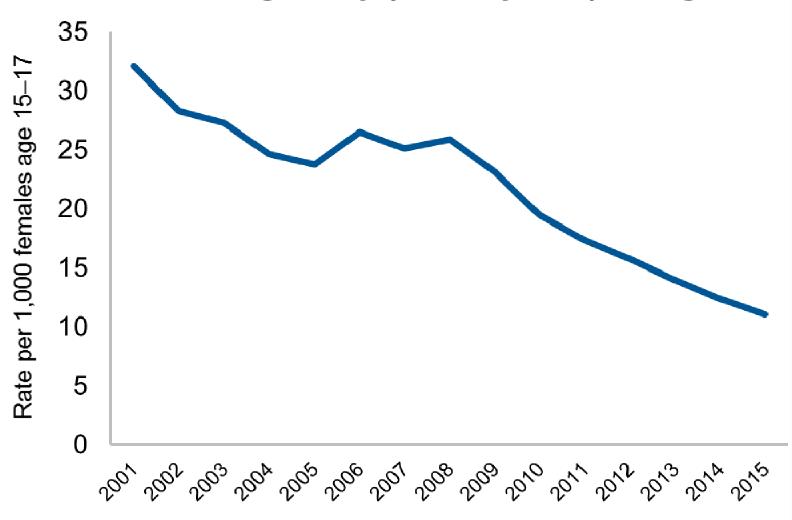

Oral Health of Oregon Children (6-9 years)

Teen Pregnancy (15-17 years), Oregon

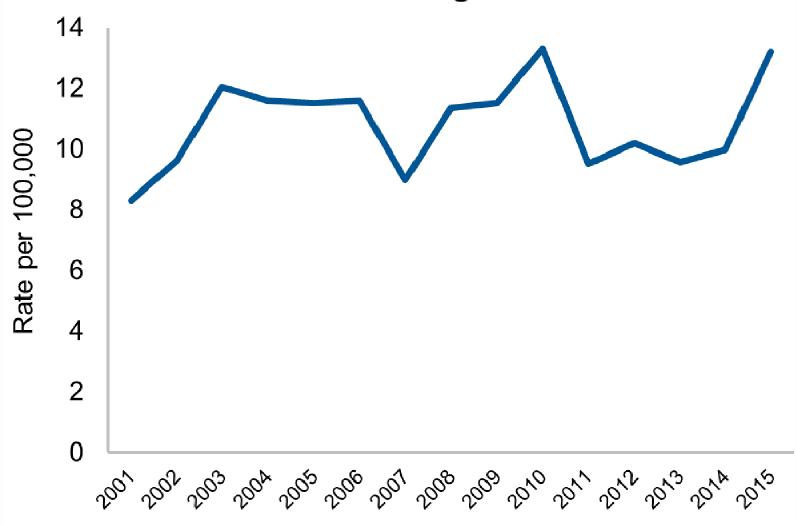

Communicable Disease

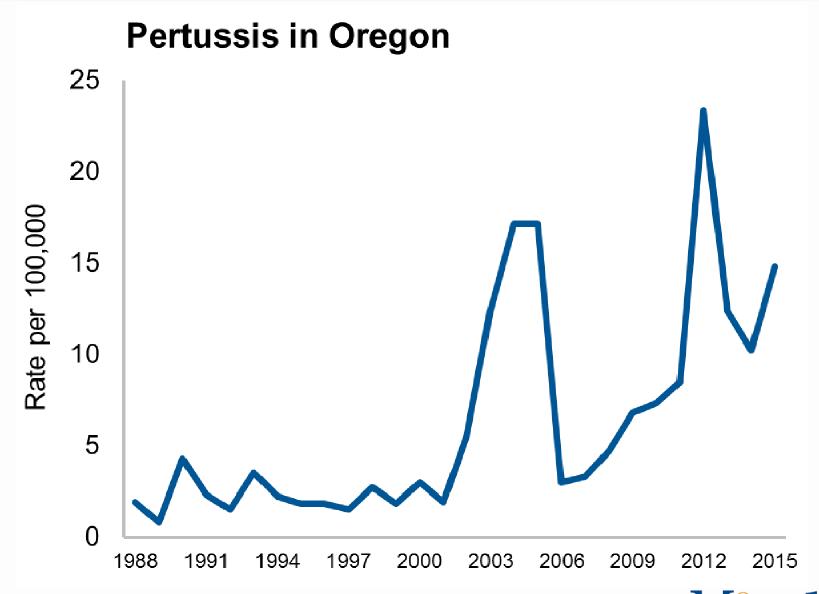

Topic	Indicator
Communicable Disease	Influenza hospitalizations
	Pertussis among infants
	Salmonella incidence
	C-diff incidence
	Norovirus outbreaks in long term care facilities
	HIV incidence
	Gonorrhea incidence
	Syphilis incidence
	TB incidence

Salmonellosis in Oregon

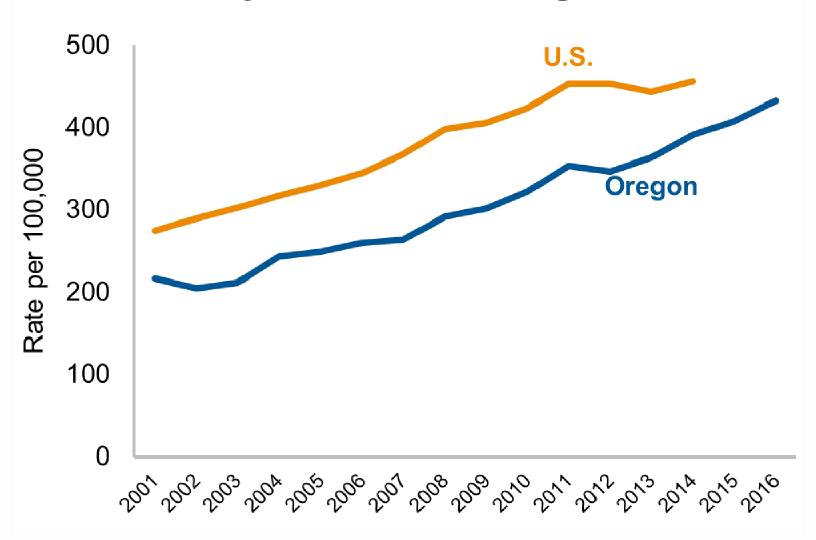

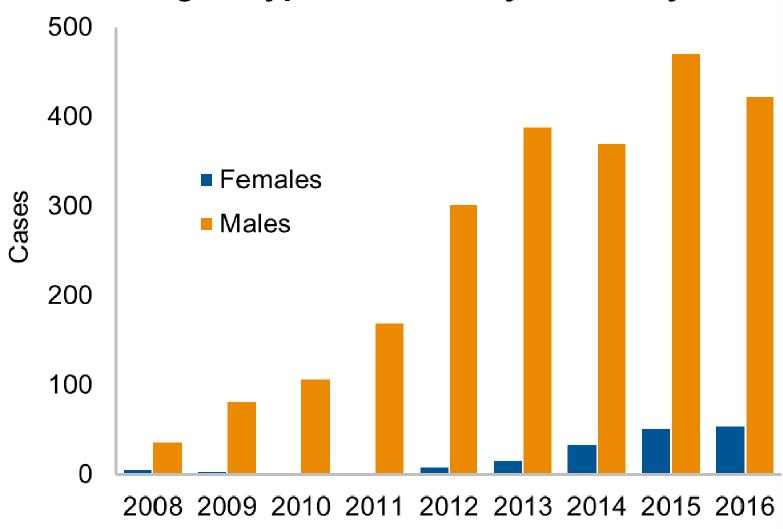

Chlamydia Incidence, Oregon & U.S.

Oregon syphilis cases by sex and year

Access to Clinical Services

Topic	Indicator	
Primary Care Services	Dental visits	
	First trimester prenatal care	
	Childhood developmental screening	
	Adolescent well care visits	
	Well woman visits	
	Effective contraception use among women at risk of unintended pregnancy	
Insurance Status	Health insurance status	
EMS Services	Out of hospital cardiac arrest	
Unmet need	need Unmet physical/emotional health care needs among adolescents	

PUBLIC HEALTH DIVISION

Office of the State Public Health Director

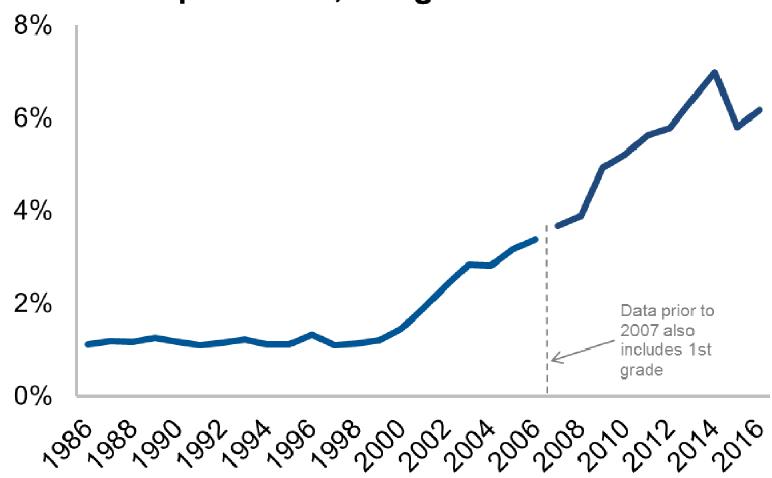

Access to Clinical Services

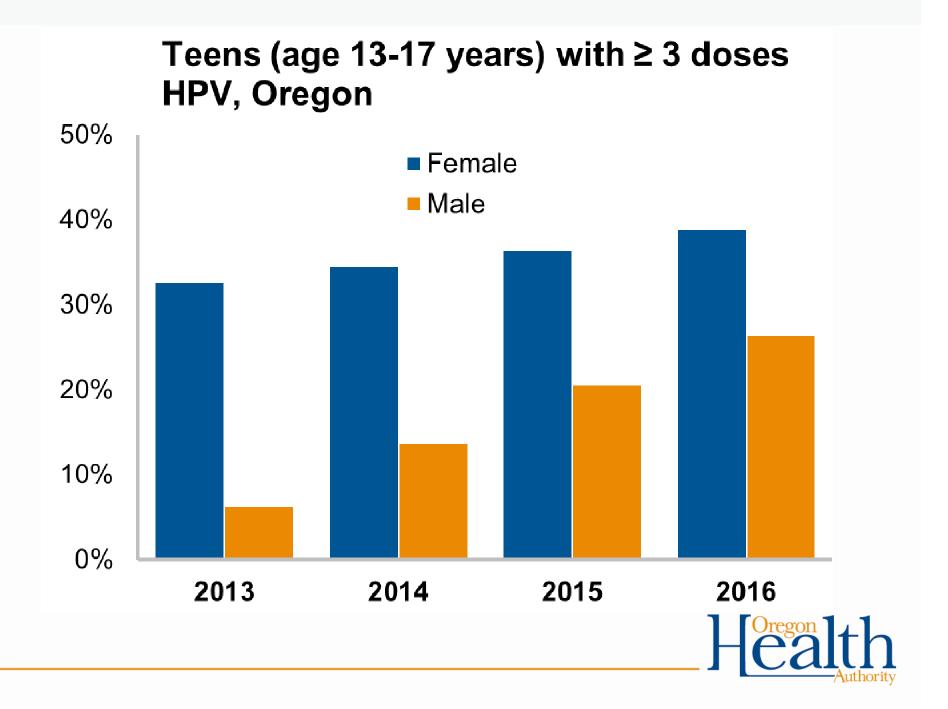

Topic	Indicator
Preventative Health Care	Dental sealants
	Influenza vaccination
	HPV vaccination in 13-17 year olds
	Colorectal cancer diagnosis and screening
	Kindergarten non-medical immunization exemptions
	Appropriate breast and cervical cancer screening

Kindergarten non-medical immunization exemption rate, Oregon

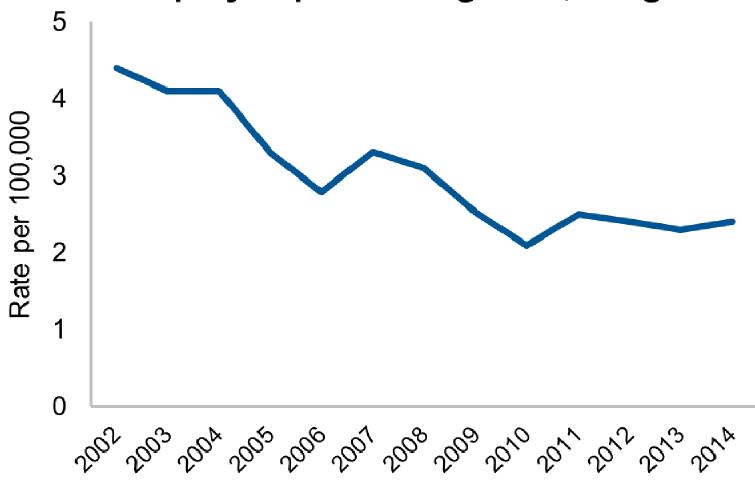

Environmental Health

Topic	Indicator	
Occupational Environment	Non fatal work related injuries & illnesses	
	Fatal work related injuries	
	Elevated blood lead levels among adults	
Natural Environment	Air quality: particulate matter concentration	
Built Environment	Household smoking rules	
	Elevated childhood blood lead levels	
	Safe drinking water	
	Water fluoridation	

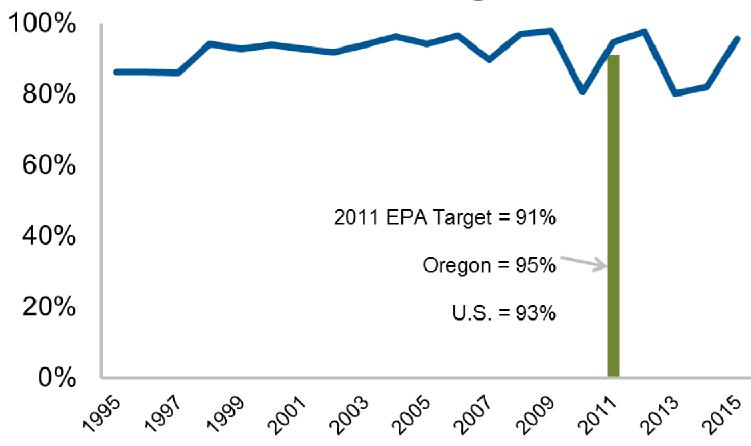

Elevated blood lead levels among employed persons age 16+, Oregon

Population served by community water systems meeting all health-based standards, Oregon

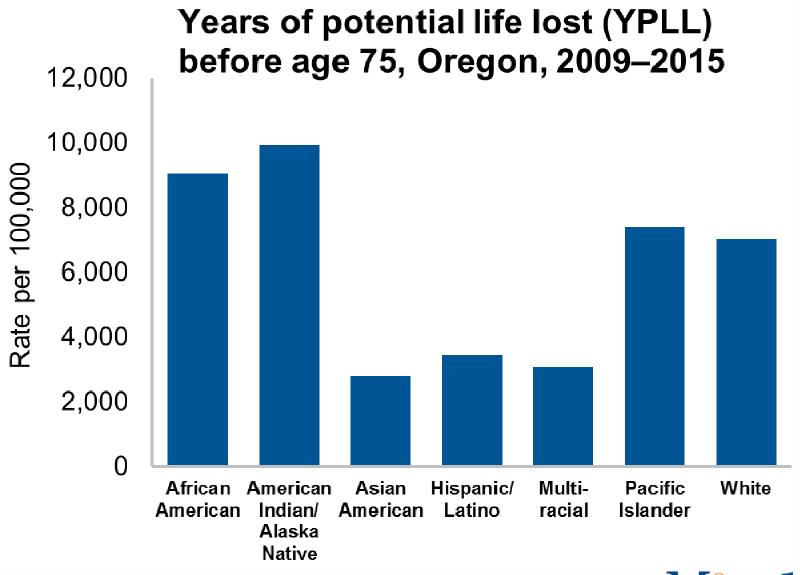

Measuring Health Inequities

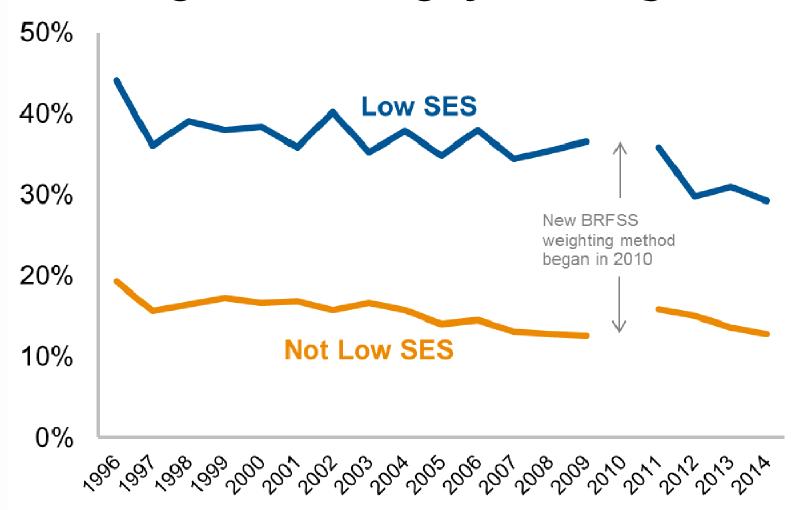

- Income
- Race
- Ethnicity
- Immigration status
- Gender
- Sexual orientation
- Education
- Age
- Employment status
- Housing status

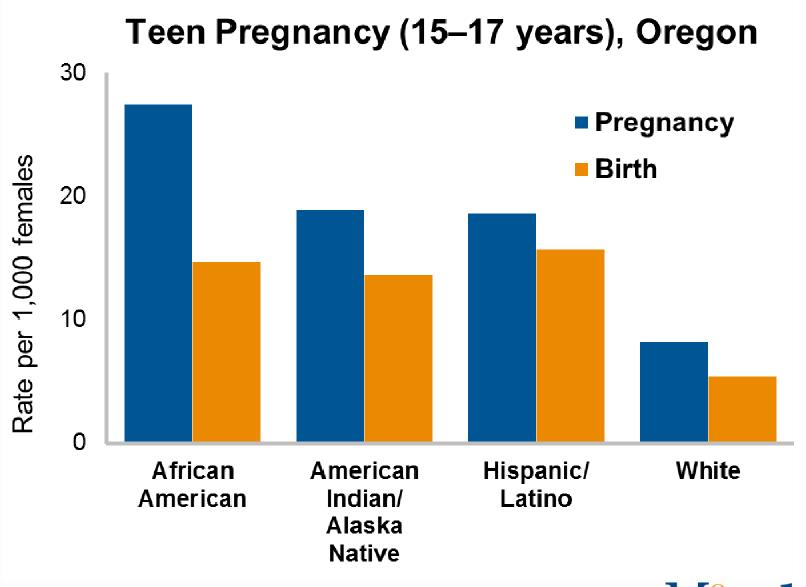

Cigarette smoking by SES, Oregon

Health Equity: Specific Populations

- Racial and ethnic populations
- Economically disadvantaged/ uninsured
- Lesbian, gay, bisexual, transgender
- Incarcerated

- Urban/ rural
- People with disabilities

What additional indicators are needed to describe the health of our state?

- Social Determinants of Health
- Communicable Disease
- Prevention and Health Promotion
- Environmental Health
- Access to Clinical Services

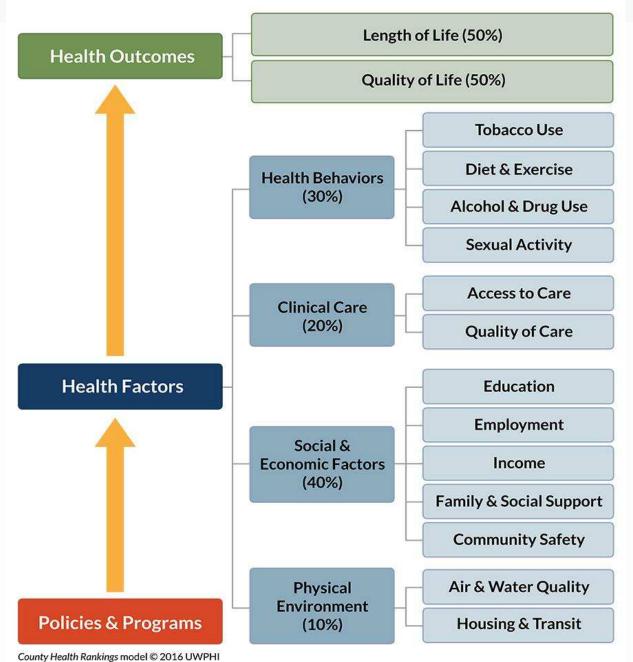

Future Framework
