1. Describe what the state health assessment and state health improvement plan are and how they are used to improve health in Oregon.
- 2 Share topline findings from quantitative and qualitative assessments of the health of people in Oregon and the public health system in order to engage participants in a dialogue about how statewide findings resonate with their local experience.

Potential meeting locations

- Portland
- Eugene
- Newport
- Medford
- Bend
- Pendleton

Agenda

Time allotted	Topic	Facilitation Detail
15 minutes	Welcome and introductions	Metropolitan Group facilitates small group icebreaker exercise; facilitators and Oregon Health Authority staff introduce themselves.
10 minutes	Purpose of the meeting	Briefly review the purpose of the meeting, objectives and agenda. Describe the state health assessment and state health improvement plan are and how they are used to improve health in Oregon. Share vision and value statements for SHA
20 minutes	The state of Oregon's health	Acknowledge that this is not the only assessment and planning process that has, is and will be conducted. Provide a summary overview of the themes from the Health Status Assessment and previous community input opportunities (from community health assessments, Oregon's State Health Improvement Plan and other OHA listening tours). Allow for opportunities

		<p>for participants to creatively engage and respond to information.</p> <p>Answer clarifying questions.</p>
45 minutes	Tell us what you need	<p>Introduce the small group activity. Ask participants to use provided worksheet to individually note:</p> <ol style="list-style-type: none"> 1. What makes you most proud of Oregon with regard to health? 2. How satisfied are you with the opportunity for everyone to be healthy? 3. What are the 2-3 most important issues that must be addressed to improve health and quality of life in Oregon? <p>Break up into 3-5 small groups of people with a facilitator and notetaker for each group. Discussion questions will be provided with a one-page summary of the state of Oregon’s health information provided earlier. Utilize ORID discussion framework:</p> <p>Objective: Facts, Data, Senses -What did you hear from the overview of the information about health in Oregon shared earlier?</p> <p>Reflective: Reactions, Heart, Feelings -How did what you hear resonate with you? -How do you feel about the health of your community?</p> <p>Interpretive: So What? -What was your key insight from the presentation? What about this discussion?</p> <p>Decision: Now What? -Based on your experience, the presentation and our conversation, what are the 2-3 most important health issues for people in Oregon? -Where do we need to prioritize our work over the next five years?</p>
20 minutes	Report back	<p>Representatives from each small group will pull out 1-2 findings from their conversation.</p> <p>Ask full group to consider full list and add any missing findings.</p>
10 minutes	Closing and evaluation	<p>Thank participants, remind them of the next step in the process to synthesize the community engagement meetings and develop the full State Health Assessment,</p>

		<p>pass out meeting evaluation form and encourage them to follow along at www.healthoregon.org/sha.</p> <p>Encourage participants to review and provide feedback via comment cards and in the future on the draft State Health Assessment.</p>
