GENERAL INFORMATION – OREGON REPORTS OF LIVE BIRTH

Births that occur outside a licensed facility create specific legal obligations and practical limitations. The attending physician, midwife, or other person as identified by statute (below) also referred to as the certifier of the birth, is required to report births that occur outside of a facility to the Center for Health Statistics within five days. This is different from births occurring in a licensed facility where the facility has the legal obligation to report the birth. In facilities, the certifier is often an employee of the facility and not the attendant at birth.

The report of live birth is submitted by facilities and birth attendants using one of two methods. The most common method is entering and certifying the birth in the Oregon Vital Events Registration System (OVERS). The second method of submitting a Report of Live Birth is completing the paper Certificate of Live Birth form and signing as certifier. These instructions are intended for use by physicians, naturopathic doctors, midwives and others responsible for reporting births that occur in Oregon when the birth is reported on a paper Certificate of Live Birth form. If the certifier is not a licensed birth attendant and is not a midwife registered with the Center for Health Statistics, additional documentation will be required before the birth is registered.

There have been two changes which are included in these instructions but not changed on the form. The first is several items on the Certificate of Live Birth form are no longer collected and do not need to be completed before submission. Those items are marked in these instructions. The second change is a change in state law and policies on recognizing marriage between persons of the same sex. If the birth mother is legally married to a same-sex spouse or a partner in an Oregon registered Domestic Partnership, all requests for ‘Father’ information on the Certificate of Live Birth should include the second parent. A ‘parent – parent’ form is available for certified copies of the record of birth.

Relevant Oregon Revised Statutes (ORS) excerpts – full content can be located at https://www.oregonlegislature.gov/bills_laws/lawsstatutes/2013ors432.html.

ORS 432.005 Definitions.
(21) “Live birth” means the complete expulsion or extraction from its mother of a product of human conception, irrespective of the duration of pregnancy, that, after such expulsion or extraction, breathes or shows any other evidence of life, such as beating of the heart, pulsation of the umbilical cord, or definite movement of voluntary muscles, whether or not the umbilical cord has been cut or the placenta is attached.

**IMPORTANT** – If an infant breathes or shows any other evidence of life after complete delivery, even though it may be only momentary, the birth must be registered as a live birth and a report of death must also be filed.

432.088 Mandatory submission and registration of reports of live birth; persons required to report; rules.

(1) A report of live birth for each live birth that occurs in this state shall be submitted to the Center for Health Statistics, or as otherwise directed by the State Registrar of the Center for Health Statistics, within five calendar days after the live birth and shall be registered if the report has been completed and filed in accordance with this section.

(5)(a) When a live birth occurs outside an institution, the information for the report of live birth shall be submitted within five calendar days of the live birth in a format adopted by the state registrar by rule in the following order of priority:

   (A) By an institution where the mother and child are examined, if examination occurs within 24 hours of the live birth;

   (B) By a physician in attendance at the live birth;

   (C) By a nurse practitioner, as defined in ORS 678.010, or direct entry midwife licensed under ORS 687.405 to 687.495 in attendance at the live birth;

   (D) By a person not described in subparagraphs (A) to (C) of this paragraph and not required by law to be licensed to practice midwifery who is registered with the Center for Health Statistics to submit reports of live birth and who was in attendance at the live birth; or

   (E) By the father, the mother or, in the absence of the father and the inability of the mother, the person in charge of the premises where the live birth occurred.

   (b) The state registrar may establish by rule the manner of submitting the information for the report of live birth by a person described in paragraph (a)(D) of this subsection or a physician, nurse practitioner or
licensed direct entry midwife who attends the birth of his or her own child, grandchild, niece or nephew.

432.075 Duty to furnish information to state registrar; immunity.
(1) A person having knowledge of the facts shall furnish all information the person may possess regarding a live birth, death, fetal death, induced termination of pregnancy, marriage, declaration of domestic partnership or dissolution of marriage or domestic partnership upon demand of the State Registrar of the Center for Health Statistics.
(2) A person required to report information under this chapter or the rules adopted under this chapter shall provide the information to the state registrar within five calendar days of receiving the information.
(3) Within five calendar days of receipt of autopsy results or other information that would provide pending or missing information or correct errors in a reported cause of death, the medical certifier or medical examiner required to report the death under ORS 432.133 shall submit an affidavit on the cause of death to amend the record.
(4) A person or institution that in good faith provides information required by this chapter or by rules adopted under this chapter shall not be subject to an action for civil damages.
(5) The state registrar may require alternative documentation from the provider of information relating to the occurrence of a vital event for the purpose of quality assurance.

Work Sheets:

Reports of live birth require many items of information and it is common practice to provide a work sheet to obtain information from the parent(s) of the child. To avoid misunderstandings on items such as names and parents’ dates of birth, the Center for Health Statistics has established a standard worksheet. Effective January 1, 2015, all birth certifiers are required to use the standard worksheet or submit alternatives to the State Registrar for approval prior to use. The worksheets include all of the information required on the Report of Live Birth.

Birth Worksheets for facilities (or attendant-certifiers) are available in English, and parents’ worksheets are available in both English and in Spanish. Worksheets are available in Microsoft Word and Adobe portable document format (PDF) on the Center for Health Statistics website:
Please note that birth worksheets are not part of the medical record. They should be stored separately, retained for no less than one year and no more than two years, then shredded as the disposal method. Under no circumstances should a copy of the completed report of live birth or birth worksheet(s) become a part of the medical record.

**A copy of the original report of live birth should never be given to the parent(s) for any reason.** If this has been your practice, you must stop immediately.

**Why is so much information collected?**

The information collected on the Report of Live Birth through the Certificate of Live Birth serves three purposes.

First, the establishment of identity and relationships. This includes not only the child’s name, date of birth, sex, and place of birth, but also the parents’ names, dates of birth, and places of birth.

Second, health and medical information is collected for public health assessment and research. Prenatal care, cigarette smoking, weight gain, complications of labor and delivery, race, previous pregnancy outcomes, and many other items are gathered to strengthen public health knowledge and practices relating to pregnancies and live births.

And third, the social security numbers of the mother and the father/second parent are collected solely for the purpose of child support in accordance with federal law. These numbers are not used for any other purpose within vital records.

All items are required to be asked and should be as fully completed as possible with information available from the medical record or from the parents’ worksheet. If you have any questions about the information collected, please contact the Center for Health Statistics.
Instructions for reporting a live birth through completing the Certificate of Live Birth

Type or print all information in permanent black or dark blue ink. All of the items on the Certificate of Live Birth are required and should be collected from the mother or other informant. If, due to unusual circumstances, some items are unknown, contact the Center for Health Statistics Registration Unit for information and guidance.

ITEM 1. CHILD’S NAME (First, Middle, Other Middle, Last, Suffix)

Type or print the child’s first, middle, other middle, and last legal names using conventional upper and lower case. Enter the full name of the child exactly as given by the parent(s). The parent(s) may choose any name they wish, including the last name. Suffixes following the last name, such as Jr. and II, are acceptable. Have the parents double check the spelling and order of names before entering the name on the report.

If the parents indicate that the child is to have only a first initial such as “E. Charles Jones,” enter the E followed by a period. If the parents indicate two initials and a last name such as “H.S. Green,” determine if these are a first and middle initial, or two first initials with no middle name or initial. Enter the initials in the appropriate spaces. Each initial should be followed by a period.

If the surname has a space or apostrophe following prefixes, such as Mac Pherson or O’Toole, enter as given with the space or apostrophe.

If more than one surname is given separated by a hyphen, enter exactly as given with the hyphen. If there is more than one last name and no hyphen, enter the two names with a space between them.

If the parent(s) do not have first or middle names selected for the child, leave this item blank. Never enter “Baby Girl”, “Infant Boy”, or any other placeholder name.
ITEM 2. SEX

Enter Female, Male or X for nonbinary. Do not abbreviate or use other symbols. If the sex cannot be determined due to a medical condition, enter “Undetermined” and attach a note to the Certificate of Live Birth stating the medical condition that caused the child’s sex to be undetermined.

ITEM 3a. DATE OF BIRTH (Month, Day, Year)

Enter the exact month, day, and four-digit year the child was born.

Enter the full name of the month – January, February, March, etc. Do not use a number or abbreviation to designate the month. The full name of the month is important here because this is the legal record of birth date.

Pay particular attention to the entry of month, day, or year when the birth occurs around midnight on December 31. A birth that occurs at midnight occurred at the beginning of the new day rather than the end of the previous day.

The infant’s date of birth must be earlier than, or the same day as, the Certificate of Live Birth is completed.

ITEM 3b. TIME OF BIRTH

Enter the exact time (hour and minute) the child was born according to local time. If daylight saving time is in effect when the birth occurs, it should be used to record the time of birth. The preferred method is to enter the time using a 24-hour (military) clock. Time may also be recorded in standard time by indicating whether the time of birth is a.m. or p.m.

An example of standard time is 10:30 a.m. or 3:25 p.m. The military time equivalent is 1030 and 1525.

Enter noon as “12 noon” in standard time or 1200 in military time. One minute after noon is entered as 12:01 p.m. in standard time or 1201 in military time.
Midnight is the start of a day. Enter midnight as “12:00 a.m.” in standard time or 0000 in military time. One minute after midnight is entered as “12:01 a.m.” in standard time or 0001 in military time.

In cases of plural births, the exact time that each child was delivered should be recorded as the hour and minute of birth for that child.

ITEM 4a. COUNTY OF BIRTH

Enter the name of the county where the birth occurred. For births occurring in a moving conveyance, enter the county where the child was first removed from the conveyance. The county must be in Oregon to report the birth through Oregon’s Certificate of Live Birth.

ITEM 4b. FACILITY OF BIRTH (If not an institution, give street and number)

Only licensed hospitals and licensed birthing centers should report a facility name. A facility name should not be entered for an out of facility birth even if occurring in a medical clinic or physician’s office that has a registered business name.

If the birth occurred at a private residence, enter the house number and street name of the place where the birth occurred.

If the birth occurred some place other than those described above, enter the number and street name of the location.

If the birth occurred in a moving conveyance that was not enroute to a facility, enter the address where the child was first removed from the conveyance as the place of birth.

ITEM 4c. CITY, TOWN, OR LOCATION OF BIRTH

Enter the name of the city, town, or location where the birth occurred. For births occurring in a moving conveyance, enter the city, town, or location where the child was first removed from the conveyance.
ITEM 5a. MOTHER’S CURRENT LEGAL NAME (First, Middle, Last Suffix)

Type or print the legal first, middle, and current last name of the mother. Only the woman who gave birth can be reported as the mother on this record.

ITEM 5b. MOTHER’S NAME PRIOR TO FIRST MARRIAGE (First, Middle, Last, Suffix)

Type or print the first, middle and last name(s) of the mother as given at birth or adoption, not a name acquired by marriage. Should complete this even if mother’s current legal name is the same.

ITEM 5c. MOTHER’S RESIDENCE – STATE

Enter the name of the state in which the mother lives. This may differ from the state in her mailing address. If the mother is not a U.S. resident, enter the name of the country and the name of the unit of government that is the nearest equivalent of a state.

ITEM 5d. COUNTY

Enter the name of the county in which the mother lives.

ITEM 5e. CITY, TOWN, OR LOCATION

Enter the name of the city, town, or location where the mother lives. This may differ from the city, town, or location in her mailing address.

ITEM 5f. STREET AND NUMBER

Enter the number and street name of the place where the mother lives. This may differ from the city, town, or location in her mailing address.

ITEM 5g. ZIP CODE

Enter the zip code of the place where the mother lives. This may differ from the zip code in her mailing address.
ITEM 6a. DATE OF BIRTH (Month, Day, Year)

Enter the exact month, day, and year that the mother was born.

ITEM 6b. BIRTHPLACE (State, Territory or Foreign Country)

If the mother was born in the United States, enter the name of the state.

If the mother was born in a foreign country or a U.S. territory, enter the name of the country or territory.

If the mother was born in Canada, enter the name of the province as the state and Canada as the country.

If the mother was born in the United States but the state is unknown, enter “U.S.-Unknown.”

If the mother was born in a foreign country but the country is unknown, enter “Foreign-Unknown”.

If no information is available regarding place of birth, enter “Unknown”. DO NOT leave this item blank.

ITEM 7. FATHER/SECOND PARENT’S CURRENT LEGAL NAME
(First, Middle, Last, Suffix)

If the mother was married, type or print the legal first, middle, current last name(s), and suffix if any, of her spouse or, if mother is a partner in an Oregon Registered Domestic Partnership, of her partner, as the second parent. If married at conception, at birth, anytime between or within 300 days of the birth, only the spouse can be named as the father/second parent. This is true even if the parents have since divorced or the father/second parent is now deceased.

The person gathering information for the report of live birth should always be careful how they ask this question. We suggest referring to ‘your spouse’ when interviewing the mother rather than use the
words “father of the child” unless you know the woman to be unmarried.
If the mother was divorced, widowed, or never married throughout the pregnancy, make no entry regarding the father/second parent’s identity in items 7a-7c, unless an acknowledgment of paternity has been signed.

The surname of the father/second parent and child are usually the same. When they are different, carefully review this information with the parent(s) to ensure that there is no mistake. Remember the parent(s) can give the child any last name they wish, regardless of whether the father/second parent is included in the report of live birth.

Refer problems not covered in these instructions to the State Vital Records office at (971) 673-1191.

ITEM 8a. DATE OF BIRTH (Month, Day, Year)

Enter the exact month, day, and year that the father/second parent was born.

ITEM 8b. BIRTHPLACE (State, Territory or Foreign Country)

If the father/second parent was born in the United States, enter the name of the state.

If the father/second parent was born in a foreign country or a U.S. territory, enter the name of the country or territory.

If the father/second parent was born in Canada, enter the name of the province as the state and Canada as the country.

If the father/second parent was born in the United States, but the State is unknown, enter “U.S.-Unknown”.

If the father/second parent was born in a foreign country, but the country is unknown, enter “Foreign-Unknown”.

12 of 32
If no information is available regarding place of birth, enter “Unknown”. DO NOT leave this item blank.

**ITEM 9a. INFORMANT’S NAME** (First, Middle, Last or Suffix)

Type or print the full name of the informant.

**ITEM 9b. INFORMANT’S RELATIONSHIP TO CHILD**

Indicate the informant’s relationship to the child. The mother of the child is the preferred informant since her relationship does not need to be otherwise documented. If the biological father is the informant, but he is not named in 7a, he cannot report his relationship as “Father” in 9b.

**ITEM 9c. INFORMANT’S SIGNATURE**

“I certify that the personal information provided on this certificate is correct to the best of my knowledge and belief.”

Obtain the signature of the parent or other person who provided the personal facts about the birth and pregnancy after the information has been entered on the certificate and reviewed by the informant. If the signature is not legible, print the name of the Informant so that it may be entered into Oregon Vital Events Birth Registration System.

DO NOT REQUIRE ANYONE TO SIGN A BLANK CERTIFICATE OF LIVE BIRTH.

**ITEM 10a. CERTIFIER’S NAME**

Type or print the full name of the person whose signature appears in item 10d.

**ITEM 10b. CERTIFIER’S TITLE**

Indicate his or her title. If not a medical attendant, identify the certifier by the title that best describes who they are (midwife, mother, father, grandmother, or etc.)
Please contact the Center for Health Statistics Registration Unit if you have any questions.

ITEM 10c. CERTIFIER’S ADDRESS (Street, City, Town, Zip)

Enter the mailing address of the person whose name appears in Item 10a.

The mailing address is used for inquiries to correct or complete items on the record.

ITEM 10d. CERTIFIER’S SIGNATURE

“I certify that this child was born alive at the place, time and date stated.”

ITEM 10e. DATE SIGNED (Month, Day, Year)

Enter the exact month, day, and year the certifier/birth attendant signed the Certificate of Live Birth.

The certification validates the accuracy of the date, time, and place of birth of the child recorded in the report of live birth.

ITEM 11a. REGISTRAR’S SIGNATURE

The State Registrar’s signature will appear as the registering official on the birth certificate. All reports of live birth in Oregon are registered at the Center for Health Statistics. The state office will complete this item after acceptance of the Certificate of Live Birth.

ITEM 11b. DATE FILED (Month, Day, Year)

All reports of live birth in Oregon are registered at the Center for Health Statistics. The state office will complete this item after acceptance of the Certificate of Live Birth.

THE LOWER PORTION OF THE CERTIFICATE OF LIVE BIRTH–INFORMATION FOR MEDICAL AND PUBLIC HEALTH USE ONLY –
The lower portion of the Certificate of Live Birth contains information that is used for public health and medical or health studies. These Items (12-59) are separated from the identifying information and are never included on certified copies of the certificate.

**ITEM 12a. WAS HOME DELIVERY PLANNED?** _Yes _ No _ Unknown

Select the answer of the response given.

**ITEM 12b. IS ADOPTION/Legal PROCEEDING EXPECTED?** ___Yes ___No ___Unknown

Select the answer of the response given.

**ITEM 13. MOTHER’S MAILING ADDRESS**

___Check if same as Mother’s residence, OR:

Enter the mother’s mailing address only if it is different from the residence address. If the mother’s mailing address is the same as her residence, check the box indicating this and skip 13a through 13d.

It is important to distinguish between the mother’s mailing address and her residence address. Because each serves a different purpose, they are not substitutes for one another.

**ITEM 13a. STATE.**

Type or print the mother’s state.

**ITEM 13b. CITY, TOWN OR LOCATION**

Type or print the mother’s city, town or location.

**ITEM 13c. STREET AND NUMBER**

Type or print the mother's mailing street and number.

**ITEM 13d. ZIP CODE**
Type or print the mother’s mailing zip code.

**ITEM 13e. RESIDENCE INSIDE CITY LIMITS?** (Check appropriate answer)  ___Yes  ___No  ___Unknown

**ITEM 13f. PRIMARY TELEPHONE NUMBER**

Type or print the mother’s primary number.

**ITEM 13g. SECONDARY TELEPHONE NUMBER**

Type or print the mother’s secondary number.

**ITEM 14a. REQUEST A SOCIAL SECURITY NUMBER FOR THIS CHILD?**  ___Yes  ___No

This question must be answered by checking “Yes” or “No”. Do not leave this item blank.

If Yes is checked, and all the information that is required by the social security office is provided, the Center for Health Statistics will provide enough information from the report of live birth to the Social Security Administration to enable them to issue a social security number for this infant. The social security card will be mailed to the parent(s) at the mailing address provided on the certificate of live birth.

The Social Security Administration requires a signed application for the issuance of a social security number. That form is part of the Center for Health Statistics’ worksheets and can be found at https://public.health.oregon.gov/BirthDeathCertificates/RegisterVitalRecords/Pages/InstructionsBirth.aspx

The Social Security Administration will not issue a social security card for a child that has not been named. If the parents have not named the child, the first and middle names may be added by completing an affidavit within the first year of the child’s life. After the names are added to the legal record, the parents can take a certified copy of the birth certificate and additional medical records or other documentation required to the Social Security Administration Office to request
that a number be issued for the child. The Enumeration of Birth program allows the parent(s) to receive a social security number for this child without having to apply and send additional documentation to the Social Security Administration at a later date.

**ITEM 14b. MOTHER’S SOCIAL SECURITY NUMBER**

Check if none ___

**ITEM 14c. FATHER/SECOND PARENT’S SOCIAL SECURITY NUMBER**

Check if none ___

The federal government has enacted a law called the “Family Support Act of 1988.” This law requires each state to obtain the social security numbers from parent(s) in the birth registration process. It also requires the parent(s) to provide this information. This new federal law became effective with births that occur after October 1, 1990.

If the parents are unmarried, ask for the social security number of the father/second parent only if a paternity acknowledgement has been signed or if the mother is in an Oregon Registered Domestic Partnership.

The following criteria are to be used in recording the social security numbers.

Enter the 9 digit social security number as provided; or
Enter “Unknown” if the informant did not know the number; or
Enter “None” if either parent does not have a number; or
Enter “Refused” if the informant will not provide the number.

Refused should be used only when the informant is uncooperative and absolutely refuses the information.

**ITEM 15a. MOTHER’S MARRIED — at conception, at delivery, or within 300 days prior to birth of the child? ____Yes  ____No**
Enter “Yes” if the mother was married. Indicate ‘ORDP’ if mother was in an Oregon Registered Domestic Partnership. Otherwise, enter “No.”
If the mother is married and chooses not to list the father/second parent of the child, enter a comment to this effect in the margin of the statistical portion of the Certificate of Live Birth below the dashed line.
A woman is legally married even if she is separated. A person is no longer legally married when the divorce is final. The court can tell the mother whether her divorce is final.

ITEM 15b. MOTHER IN OREGON REGISTERED DOMESTIC PARTNERSHIP (Not other states and not county systems) -- at conception, at delivery, or within 300 days prior to birth of the child? ___Yes ___No

ITEM 15c. PATERNITY ACKNOWLEDGMENT --- If answers to 15a and 15b are “No”, has a paternity acknowledgment been signed? ___Yes ___No

If a mother is unwed at the time of conception, delivery, all times between, and within 300 days of the child’s birth – she and the biological father of the child may establish paternity by completing and signing in front of a notary, the Voluntary Acknowledgment of Paternity Affidavit (form 45-21). If the paternity acknowledgement has been signed, check “Yes” in the appropriate box. If not, check “No”.

If this paternity form has been completed, the father’s name and information may be reported on the Certificate of Live Birth. THE PATERNITY FORM MUST BE ATTACHED TO THE CERTIFICATE OF LIVE BIRTH FORM. No fee is required if the paternity is sent to the Center for Health Statistics with the Certificate of Live Birth.

If the answer is “No,” (paternity acknowledgment has not been signed), the father’s information in items 7, 8a, and 8b, cannot be completed and there can be no reference to the father on any portion of the legal document. He cannot list himself as father nor can he identify himself as father if he signs as informant or certifier without a paternity acknowledgment.
For Court Ordered Findings of Paternity you must contact the State Vital Records Office for individual instructions.

**ITEM 16. EDUCATION** (Check the highest grade completed)

Select the category that includes the highest number of years of regular schooling completed by the mother. Report only those years of school that were completed. If the parent has no formal education, select “8th grade or less”. A person who enrolls in college but does not complete one full year should not be identified with any college education in this item.

Count formal schooling. DO NOT include beauty, barber, trade, business, technical, or other special schools when determining the highest grade completed.

**ITEM 17. HISPANIC ORIGIN** (Check all that apply)

If “Yes” is checked, enter the specific Hispanic group as obtained from the parent(s) or other informant. DO NOT leave this item blank. The entry in this item should reflect the response of the informant.

For the purposes of this item, “Hispanic” refers to those people whose origins are from Spain, Mexico, or the Spanish-speaking countries of Central or South America. Origin can be viewed as the ancestry, nationality, lineage, or country in which the person or his or her ancestors were born before their arrival in the United States.

There is no set rule as to how many generations are to be taken into account in determining Hispanic origin. A person may report Hispanic origin based on the country of origin of a parent(s), grandparent, or some far-removed ancestor. The response should reflect what the person considered himself or herself to be and is not based on percentages of ancestry. Although the prompts include the major Hispanic groups of Cuban, Mexican, and Puerto Rican, other Hispanic groups should also be identified in the space provided.
If a person indicates that he or she is of multiple Hispanic origins, enter the origins as reported (for example, check both Yes ____, Mexican and Yes ____, Puerto Rican.)

If a person indicates that he or she is Mexican-American or Cuban-American, enter the Hispanic origin as stated.

This Item is not a part of the Race Item. A person of Hispanic origin may be of any race. Each question, Race and Hispanic origin, should be asked independently.

Enter “Unknown” only if absolutely no information about ethnicity is known, or if parents refuse to specify.

ITEM 18. RACE (Check all that apply)

Enter the race(s) of the mother. The entry in this item should reflect the response of the informant. More than one race may be selected. If the informant indicates that the mother and/or father/second parent are of “mixed race,” enter all races specified.

For Asians and Pacific Islanders, enter the national origin of the mother and father/second parent, such as Chinese, Japanese, Korean, Filipino, or Hawaiian.

For any “Other” choices, enter “Not specified” if there is no specific information. Enter “Unknown” only if absolutely no information about race is known, or if parents refuse to specify.

ITEM 19. EDUCATION (Check the highest grade completed)

Select the category that includes the highest number of years of regular schooling completed by the mother and father/second parent. Report only those years of school that were completed. If the parent has no formal education, select “8th grade or less”. A person who enrolls in college but does not complete one full year should not be identified with any college education in this item.
Count formal schooling. DO NOT include beauty, barber, trade, business, technical, or other special schools when determining the highest grade completed.

ITEM 20. HISPANIC ORIGIN (Check all that apply)

If “Yes” is checked, enter the specific Hispanic group as obtained from the parent(s) or other informant. DO NOT leave this item blank. The entry in this item should reflect the response of the informant.

For the purposes of this item, “Hispanic” refers to those people whose origins are from Spain, Mexico, or the Spanish-speaking countries of Central or South America. Origin can be viewed as the ancestry, nationality, lineage, or country in which the person or his or her ancestors were born before their arrival in the United States.

There is no set rule as to how many generations are to be taken into account in determining Hispanic origin. A person may report Hispanic origin based on the country of origin of a parent(s), grandparent, or some far-removed ancestor. The response should reflect what the person considered himself or herself to be and is not based on percentages of ancestry. Although the prompts include the major Hispanic groups of Cuban, Mexican, and Puerto Rican, other Hispanic groups should also be identified in the space provided.

If a person indicates that he or she is of multiple Hispanic origins, enter the origins as reported (for example, check both Yes ___, Mexican- and Yes ___, Puerto Rican.)

If a person indicates that he or she is Mexican-American or Cuban-American, enter the Hispanic origin as stated.

This Item is not a part of the Race Item. A person of Hispanic origin may be of any race. Each question, Race and Hispanic origin, should be asked independently.

Enter “Unknown” only if absolutely no information about ethnicity is known, or if parents refuse to specify.
ITEM 21. RACE (Check all that apply)

Enter the race(s) of father/second parent as obtained from the parent(s) or other informant. The entry in this item should reflect the response of the informant. More than one race may be selected. If the informant indicates that the mother and/or father/second parent are of “mixed race,” enter all races specified.

For Asians and Pacific Islanders, enter the national origin of the mother and father/second parent, such as Chinese, Japanese, Korean, Filipino, or Hawaiian.

For any “Other” choices, enter “Not specified” if there is no specific information. Enter “Unknown” only if absolutely no information about race is known, or if parents refuse to specify.

ITEM 22. DID MOTHER GET WIC FOOD? ___Yes ___No ___Unknown

This question is trying to determine if the MOTHER was on the program during this pregnancy. When asking this question of the mother, make sure she knows we are asking only about her, not about her other children that may be enrolled with WIC.

ITEM 23. MOTHER’S HEIGHT (Feet/inches)

Indicate mother’s height in feet and inches. If the record includes height in fractions, such as 5 feet 6½ inches, truncate and enter 5 feet 6 inches. If the mother’s height is unknown, print or type “unknown”.

ITEM 24a. MOTHER’S WEIGHT (Pre-pregnancy) (pounds)

Indicate the mother’s pre-pregnancy weight in pounds. Record weight in whole pounds only; do not include fractions. If mother’s pre-pregnancy weight is less than 75 pounds or more than 400 pounds, weight should be verified. If the mother’s pre-pregnancy weight is unknown, print or type “unknown”.

ITEM 24b. MOTHER’S WEIGHT (At delivery) (pounds)
Indicate the mother’s weight at delivery in pounds. Record weight in whole pounds only; do not include fractions. If the mother’s weight at delivery is less than 75 pounds or more than 450 pounds, the mother’s weight at delivery should be verified. If the mother’s weight at delivery is unknown, print or type “unknown”.

**ITEM 25. CIGARETTE SMOKING BEFORE AND DURING PREGNANCY (# per day)**

Enter the average number of cigarettes smoked per day for each time period. If a range is given, use the higher number. If none, check ___.

Report use in number of cigarettes rather than packs whenever possible.

**ITEM 26. ALCOHOL USE DURING THIS PREGNANCY? ___ Yes ___ No**

If yes, the average number of drinks per week? If none, enter “0”.

**ITEM 27. MOTHER’S MEDICAL RECORD # (optional)**

Enter mother’s medical record number from your records if available.

**ITEM 28. MOTHER’S MEDICAID #**

Enter mother’s Medicaid number if mother is on Medicaid/OHP program.

**ITEM 29. DATE OF LAST MENSES (Month, Day, Year)**

Type or print the exact month, day and year. If day not known, month and year.

**ITEM 30. PRINCIPAL SOURCE OF PAYMENT FOR THIS DELIVERY**

(Check what applies)
This question is asking about the delivery costs only; do not include information on prenatal care costs. Only one source of payment may be selected. This item may not be left blank. Do not select “Other” if the payment source is private insurance, Medicaid, Oregon Health Plan or Self-pay. Oregon Health Plan is currently administered through Coordinated Care Organizations or “CCO”. Information about CCOs can be found on the Oregon Health Policy Board website (http://www.oregon.gov/oha/ohpb/pages/health-reform/certification/index.aspx).

Sources for payment include:

Private Insurance,
Medicaid (includes Oregon Health Plan/CCO),
Self-pay,
Champus/Tricare and Indian Health Services).
Other Government
Other

If uninsured, enter Self-pay. If the delivery cost is being paid by adoptive parent(s) directly, source of payment should be identified as a “Self-pay”.

ITEM 31a. DATE OF 1ST PRENATAL CARE VISIT (Month, Day, Year)

Enter the exact month, day, and four-digit year when the mother first received care from a physician or other health professional or attended a clinic. Prenatal care begins when a physician or other health professional first examines and/or counsels the pregnant woman.

If no prenatal care was received, check the box for “No Prenatal Care”. If for some unusual reason it is not known whether the mother had prenatal care, or if she had care but the date of the last visit is not known, write in “unknown.” DO NOT leave this item blank.

ITEM 31b. TOTAL # OF PRENATAL CARE VISITS
Enter the number of visits made for medical supervision of the pregnancy by a physician or other health care provider during the pregnancy. If no prenatal care was received, enter “0”. DO NOT leave this item blank.

**ITEM 32a. PREVIOUS LIVE BIRTHS (# now living)**

Type or print the number of live births currently living.

**ITEM 32b. PREVIOUS LIVE BIRTHS (# now dead)**

Type or print the number of live births currently not living.

**ITEM 32c. DATE OF LAST LIVE BIRTH (Month, Year)**

Enter the month and year of birth of last live-born child of the mother.

If this report is for the second birth of a twin set, enter the date of birth for the first baby of the set, if it was born alive. Similarly, for triplets or other multiple births, enter the date of birth of the previous live birth of the set. If all previously born members of a multiple set were born dead, enter the date of the mother’s last delivery that resulted in a live birth.

Enter the full name of the month – January, February, March, etc. DO NOT use a number to designate the month.

Enter “none” if the mother has not had a previous live birth. DO NOT leave this item blank.

**ITEM 33. OTHER PREGNANCY OUTCOMES (Spontaneous or induced losses or ectopic pregnancies)**

Check “None” if this is the first pregnancy for this mother or if all previous pregnancies resulted in live born infants.

**ITEM 33a. COMBINED # OF OTHER OUTCOMES**

Enter the combined number of other pregnancy outcomes
Enter the number of fetuses that were delivered dead regardless of the length of gestation. Include each loss of a product of conception, including fetal deaths, ectopic pregnancies, miscarriages, stillbirths, and induced abortions.

**ITEM 33b. DATE OF LAST OTHER PREGNANCY OUTCOME**

Enter the month and year of the last other pregnancy outcome reported in item 33a.

**ITEM 34. MOTHER TESTED FOR HIV** (Yes, No, or Unknown)

The report of live birth only collects whether mother was tested. Results of that test should not be reported on the Certificate of Live Birth.

**ITEM 35. PREGNANCY RISK FACTORS** (Check all that apply)

Check each of the medical risks that the mother experienced during this pregnancy. If the mother experienced medical risks not identified in the list, check “None of the above”. Medical risks should be identified from the medical or treatment record. If there were no medical risks for this pregnancy, check “None of the above”. If no prenatal history is available, indicate “None of the above”. DO NOT leave this item blank.

Under Hypertension, Eclampsia and either Pre-pregnancy or Gestational boxes may be checked. However, both Pre-pregnancy (Chronic) and Gestational (PIH, Preeclampsia) cannot both be checked under Hypertension.

Previous preterm births should be checked if there is a history of pregnancy(ies) terminating in a live birth of less than 37 completed weeks of gestation.

**ITEM 36. MOTHER TESTED FOR:** (Check all that apply)

Check if mother was tested for syphilis, Group B Strep or both during the pregnancy, regardless of results of test.
ITEM 37. INFECTIONS PRESENT AND OR TREATED (Check all that apply)

Gonorrhea - Syphilis - Chlamydia - Hepatitis B - Hepatitis C - COVID-19 (Confirmed or Presumed) - None Of The Above

Check appropriate boxes for infections present at the time of pregnancy diagnosis or confirmed diagnosis during the pregnancy with or without documentation of treatment. Documentation of treatment is adequate if a definitive diagnosis is not present in the available record. If the prenatal care record is not available and the information is not available from other medical records, check “None of the above.” Do not leave this item blank.

ITEM 38. OBSTETRIC PROCEDURES (Check all that apply)

If external cephalic version was used, check either “Successful” or “Failed.” Do not check both.

If the mother had none of the listed procedures or treatments, check “None of the above.” Do not leave this item blank.

ITEM 39. ONSET OF LABOR (Check all that apply)

Indicate if labor was premature, precipitous or prolonged. If none apply, check “None of the above”. Do not leave this item blank.

ITEM 40. CHARACTERISTICS OF LABOR AND DELIVERY (Check all that apply)

Check each characteristic or type of procedure that was used during this pregnancy. If a characteristic of labor or procedure was used that is not identified in the list, check “None of the above.” If no procedures were used, check “None of the above.” Do NOT leave this item blank.

ITEM 41. METHOD OF DELIVERY

Check the successful route for final delivery.

ITEM 41a. FETAL PRESENTATION AT DELIVERY (Check what applies)

Check the position at the time of delivery.
ITEM 41b. FINAL ROUTE AND METHOD OF DELIVERY

Check the successful route for final delivery. If forceps or vacuum were used successfully for a vaginal birth, indicate by checking that selection.

If a cesarean birth, you must indicate whether a trial of labor was attempted.

ITEM 42. MATERNAL MORBIDITY (Check all that apply)

☐ Maternal transfusion
☐ 3rd or 4th degree perineal laceration
☐ Ruptured uterus
☐ Unplanned hysterectomy
☐ Admission to intensive care unit
☐ Unplanned operating room procedure following delivery
☐ None of the above

Unplanned operating room procedure includes any transfer of the mother back to a surgical area for an operative procedure that was not planned prior to the admission for delivery. It excludes postpartum tubal ligations.

If no condition applies, select “None of the above”. If the data are not available, select “None of the above” or “Unknown”. Do not leave this item blank.

ITEM 43. MOTHER TRANSFERRED TO THIS FACILITY PRIOR TO DELIVERY?

As an out of facility birth, this Item should always be “No.”

ITEM 44. INFANT TRANSFERRED FROM THIS FACILITY AFTER DELIVERY?

___Yes   ___No. If “Yes”, name of the facility.

ITEM 45. INFANTS MEDICAL RECORD # (optional)
ITEM 46. BIRTH WEIGHT ________ (lbs, oz) OR

Enter the birth weight at the time of (or shortly after) delivery, preferably in grams, of the child. Report weight in pounds and ounces (lbs/oz) only if weight in grams is not available. DO NOT convert from one measure to the other. Specify the type of measure used (grams or pounds and ounces.)

If birth weight is unknown, enter “Unknown.”

ITEM 47. APGAR

___5 mins. ___10 mins.

5 MINUTES
Enter the Apgar score (0 through 10) as determined by the birth attendant 5 minute after birth.

10 MINUTES
If the 5-minute score is less than 6, enter the Apgar score (0 through 10) determined by the birth attendant 10 minutes after birth.

If Apgar was not taken, state that.

ITEM 48. OBSTETRIC ESTIMATE OF GESTATION (weeks)

Enter the length of gestation in weeks as estimated by the attendant based on the physical characteristics of the infant at delivery. DO NOT compute this information from the date of mother’s last normal menses and the date of the child’s birth.

ITEM 49. PLURALITY (Single, Twin, Triplet, etc.)

Specify the birth as single, twin, triplet, quadruplet, etc. “Reabsorbed” fetuses, those which are not “delivered” (expulsed or extracted from the mother) should not be counted.

When a plural delivery occurs, prepare and file a separate report for each live birth. Include all live births and fetal losses in determining plurality. Submit reports relating to the same plural delivery at the
same time. However, if holding the completed reports while waiting for incomplete ones would result in late filing, the completed report or reports should be filed separately.

**ITEM 50. BIRTH ORDER** (1\textsuperscript{st}, 2\textsuperscript{nd}, 3\textsuperscript{rd}, 4\textsuperscript{th}, etc.)

For multiple deliveries, print the order that this infant was delivered in the set, e.g., first, second, third, etc. Count all live births and fetal deaths delivered at any point in the pregnancy.

If this is a single delivery, leave the item blank.

**ITEM 51. NUMBER BORN ALIVE THIS DELIVERY**

As a Certificate of Live Birth, this number should at least be one.

**ITEM 52. INFANT ALIVE AT TIME OF REPORT?**

___Yes  ___No

Check “Yes” if the infant is living. Check “No” if it is known that the infant has died. If the infant was transferred, but the status is known, indicate the known status.

If this item is marked “No” the parent(s) cannot request a social security number for the infant.

**ITEM 53. INFANT BREAST-FED AT DISCHARGE?**

___Yes  ___No

Discharge will not occur since the birth did not occur in a facility, but whether the newborn will be breast-fed is important public health information. If the mother has breast-fed the child, check “Yes”. If the mother has not or does not intend to breast-feed the child, check “No”. If unknown, write “Unknown” in space.

**ITEM 54. ABNORMAL CONDITIONS OF THE NEWBORN** (Check all that applies)

Assisted ventilation immediately following birth includes manual breaths with bag and mask or bag and endotracheal tube within the first several minutes from birth for any duration. It excludes oxygen only and laryngoscopy for aspiration of meconium.
Significant birth injury includes any bony fracture or weakness or loss of sensation, but excludes fractured clavicles and transient facial nerve palsy.

If none of the listed abnormal conditions are present, check “None of the above”.

ITEM 55. CONGENITAL ANOMALIES (Check all that apply)

Check each condition associated with newborn infant. Do not include birth injuries. If more than one abnormal condition exists, check each condition. If an anomaly is present that is not identified in the list, check “None of the anomalies listed above.” DO NOT leave this item blank.

For “Down Syndrome” and “Suspected chromosomal disorder”, if karyotype status submitted but not yet known, indicate “Karyotype pending”.

ITEM 56a. WAS HEARING TEST PERFORMED? (Check what applies)

ITEM 56b. TEST DATE (Month, Day, Year)

Enter the exact month, day, and four-digit year.

ITEM 56c. TEST RESULTS --- Left ear (Check what applies)

Equipment type used (Check what applies)

ITEMS 56d. TEST RESULTS --- Right ear (Check what applies)

Equipment type used (Check what applies)

ITEM 57a. DID INFANT RECEIVE HEPATITIS B VACCINE? (Check what applies)

___Yes  ___No  ___Refused

ITEM 57b. DATE ADMINISTERED (Month, day, year)
Enter the exact month, day, and four-digit year.

ITEM 57c. MANUFACTURER (Select what applies)

ITEM 57d. LOT NUMBER

ITEM 58. MOTHER HBsAg +?

___Positive   ___Negative   ___Unknown   ___Not screened

ITEM 59a. DID INFANT RECEIVE HEPATITIS B IMMUNE GLOBULIN (HBIG)?

___Yes   ___No   ___Refused

ITEM 59b. DATE ADMINISTERED (Month, day, year)

Write or type the exact month, day and year.

ITEM 59c. MANUFACTURER (Check what applies)

ITEM 59d. LOT NUMBER
