FETAL DEATH REPORT
FACILITY WORKSHEET

Only use this form to report a Fetal Death

*Do **NOT** file a fetal death report if the delivery resulted in a live birth, regardless of duration. A fetal death is indicated by the fact that after delivery, the fetus does not breathe or show any other evidence of life. If after delivery the fetus showed any evidence of life, you are required to complete **BOTH** a certificate of live birth and death. A fetal disposition permit can only be used for a fetal death. A planned induced termination of pregnancy is **NOT** a fetal death.*
