

ID Tag Number Edit

On September 10, 2018, a new edit rule for the ID Tag Number field will be introduced into OVERS. The details and screen shot are below. This edit rule was added to OVERS to ensure that death records have an ID Tag Number.

ID Tag Number Edit Rule: Under Disposition Page of the decedent record, **ID Tag Number** is now required to complete the death record. Please enter the ID Tag Number. The number is found on the metal discs for burial or cremation supplied to you by the Center for Health Statistics (Oregon Vital Records). If the ID tag field is left blank, a red edit will appear upon validation, prompting you to enter the ID tag information. If you do not know the ID tag number enter the word “unknown” do not leave the field blank the Center for Health Statistics will contact you to amend the ID tag number.
