YAMHILL	74.6		64.5	82.59		120	160

* Among respondents who were asked about their family histories of illnesses or health problems in general.

** S.S. = Statistical Significance: s+ indicates that the county estimate is greater than the statewide percentage; s-, less than the statewide percentage; a blank = not different from the statewide percentage.

*** % based on less than 50 respondents may not accurately reflect behavior of the entire county. Data are not reported for counties with less than 20 respondents.
