

2026 MASTER SHS QUESTIONNAIRE

All Oregon youth deserve to be happy, healthy and resilient.

Please help us improve the health of students by taking this survey. This is your chance to let us know what's going on in school and your life. This helps us understand where students like you are doing well and where they may be struggling and need some help to succeed.

Your answers are confidential and anonymous. We promise that no one will know how you answer.

Before you start, you should know:

This is NOT a test.

We need you to be honest. Remember, no one will know how you answer.

There are no right or wrong answers.

You don't have to take the survey if you don't want to.

You don't have to answer any question you don't want to.

If an answer doesn't fit exactly, choose the one that's closest.

Just because a question is asked doesn't mean it's assumed that you're doing it or that it's okay to do it.

Because the survey is anonymous and we don't know how you answer, we cannot follow-up with anyone. If you feel like you need help, please talk to an adult you trust, like a parent, teacher, or counselor. A list of numbers to call or text for support will also be given to you at the end of the survey.

Use only the Back and Next buttons at the bottom of the screen to go back or go to the next question.
