

Oregon Healthy Teens Survey 2006

This survey was developed to learn about risks to students' health and safety. The information you provide will be used to help schools and communities develop ways to improve student health and safety in Oregon

DO NOT WRITE YOUR NAME ON THIS SURVEY.

The answers you give will be kept private. No one will know how you answer.

This is **NOT** a test. There are no right or wrong answers, and your participation in this survey is **VOLUNTARY**. If you are not comfortable answering a question, you can leave it blank.

Please **do** answer each question you are comfortable with answering. Just because a question is asked, that **does not** mean that we believe you have engaged in a particular behavior. Each question has a response to indicate if you **did not** engage in that behavior. If you don't always find an answer that fits exactly, use the one that comes closest. If you are not sure what a question means, just leave it blank.

Please fill in only **ONE** bubble or answer, **unless** the question specifically asks you to "Select one or more responses."

**Marking instructions: Make solid marks that fill in the response bubbles.
If you make a mistake, please erase your mistake, then fill in the correct response.**
