[—] Quantity is zero.

¹ Legal intervention is the intentional or unintentional death of a person resulting from the actions of a law enforcement agent. This category may not include all such deaths if the certifying medical examiner failed to note (on the death certificate) the involvement of a law enforcement agent.

² Includes Asian Indian, Chinese, Filipino, Japanese, Korean, Vietnamese, and other Asian.

³ Includes Guamanian, Hawaiian, Samoan, and other Pacific Islander.

⁴ Decedents of Hispanic ethnicity may belong to any race but have been removed from all race categories in this table.

⁵ Because the ICD-10 does not include codes for the specific types of guns involved in legal intervention deaths, all such deaths are included here. However, nearly all legal intervention gunshot deaths involve handguns.

⁶ It is the Oregon Medical Examiner's policy not to specify the type of firearm used in a homicide on the death certificate.
