

# Why the new logo?

Eating better, moving more, and living tobacco free lets Oregonians live healthier lives and do the things they love.

Yet, too many people in Oregon lack access to healthy options where they live, work, learn and play. As a result, chronic diseases like asthma, heart disease, diabetes, arthritis and cancer are on the rise.

## Together, we can ...

- **Empower individuals** to eat better, move more, and avoid tobacco
- **Increase access** to healthy options for all Oregonians, regardless of education, ethnicity or income
- **Support and serve** people with chronic diseases

# The Healthy Communities, Healthy People movement celebrates actions that increase access to **healthy options for all Oregonians.**

Community-based organizations, health departments, health providers and others are using this logo to identify our work as part of this statewide movement.

Together, we're improving health and reducing chronic diseases.

To **learn how you can join the movement,** please visit [www.xxxxxxxxxxxxxxxxxx.org](http://www.xxxxxxxxxxxxxxxxxx.org).
