

Appendix H: Expanded Jurisdiction Table

To be completed by the end of the 2015-2016 TPEP grant year. Complete if able, otherwise await further instructions from Oregon TPEP.

Background: During the 2014-2015 TPEP grant year, TPEP coordinators completed the first four columns of the table. For the 2015-2016 TPEP grant year, TPEP coordinators will complete the additional two columns of “% of tobacco retailers in jurisdiction” and “other factors used to determine jurisdiction and strategy to pursue”. The intent of the table is to help TPEP coordinators identify the jurisdictions present in their county and use this information to help determine which jurisdiction is the most feasible starting point to pursue the chosen retail strategy or package.
