

## Action Plan for Sustainability: *Pulling it All Together*

1. My policy goal is:

2. Sustainability for my policy would look like:

3. What is 1-2 barrier(s) to sustaining this policy change?

4. What will I do to overcome this/these barrier/s?

5. 1 evaluation activity I will engage in to help support sustainable implementation:

6. How will I know I've been successful?
