

The Oregon Tobacco Quit Line **Supported by the Oregon Health Authority**

Quit Line Promotional Materials

Posters, palm cards and counter cards are available for download in English, Spanish, Russian, Vietnamese, Korean, and Chinese. Other available tools include fact sheets, sample newsletter articles, web and print ads, and web buttons. All materials online at:

www.smokefreeoregon.com/quit/quit-resources

Quit Line Data Reports

Monthly, quarterly and annual Quit Line reports are available and provide information on call volume, participant demographics, fax referral and website utilization, and much more.

Dashboard reports provide monthly updates by County. Most current reports available at

www.box.net/quitlinereports/

Recommended Resources – Health Care Systems

- **Rx for Change** This online comprehensive tobacco cessation education tool provides the knowledge and skills necessary for providers to offer tobacco cessation counseling to clients who use tobacco. www.rxforchange.ucsf.edu
- **Working with Healthcare Delivery Systems to Improve the Delivery of Tobacco-Use Treatment to Patients: An Action Guide** This evidence-based tool is for public health practitioners, healthcare providers, and others interested in increasing delivery of tobacco-use treatment in clinical settings. www.prevent.org/actionguides/Tobacco-UseTreatment.pdf
- **Making Tobacco Treatment Standard Care** This series of materials includes clinic and hospital specific manuals, designed to assist health systems to successfully integrate smoking cessation interventions for every patient who uses tobacco. www.ctri.wisc.edu/HC.Providers/healthcare.Hospital.Packet.htm
- **Destination Tobacco-Free: A Practical Tool for Hospitals and Health Systems** Clinicians and administrators from some of the nation's leading health care institutions developed this new tool. www.whf.org/DestinationTobaccoFree/

Technical Assistance

TPEP offers technical assistance on tobacco cessation programs, referral systems, and insurance benefits for cessation, to all county and tribal programs, health systems, and community partners.
