

OCC Patient Equity and Governance Frame Working Subcommittee Categories 5/29/2021

Taking the OCC Problem/Solution Worksheet that Dr. Knox put together, we divided these 'problems' into categories that could help narrow these down into larger topics. The categories help serve as a general topic of conversation and the numbered problems serve as a points of reference to address when thinking of the mini-position papers we will be writing.

The **goal** is to create mini position papers to help explain what we are trying to do and why we are taking the approach to re-writing the program the way we think.

1. Definitions and Language - 1, 2, 15, 21
2. Providers- 3, 8, 22, 25, 26, 27, 29, 35
Patients- 7, 8, 9, 10, 11, 12, 13, 15, 17, 18, 19
