What is the Oregon Medical Marijuana Online System?

The Oregon Medical Marijuana Online System (OMMOS) is a system designed to allow patients to apply for their Medical Marijuana Card online. This system is not replacing the current process of mailing your paper application in, it is in addition to that system.

Our hope is with this training and the training resources available online that we are able to streamline the application process which will decrease the waiting time to receive your cards.

Who can apply online?

The good news is: Anyone can apply online-you just need to have the following:

- Internet access
- The ability to scan/upload pictures or documents
- Ability to pay with a credit/debit card

That is all that is required to submit your application online versus through the mail.
