

CD 101 - Communicable Disease Control

April 23rd, 2025 8:00 am – 2:30 pm

Sunriver, Oregon

AGENDA

Welcome, Introductions		8:00 – 8:15
Communicable Diseases: A Primer	Meagan McLafferty.....	8:15 – 9:15
List the basic components of the communicable disease process; describe two methods of disease transmission; give an example of an incubation period and a communicable period.		
Disease Reporting	Heather Hertzelt.....	9:15 – 10:00
Define what diseases/conditions are reportable, the rationale and deadlines; to include reporting laws, reporting progression, report forms, and confidentiality.		
Break.....		10:00 – 10:15
Types of Lab Tests	Sarah King.....	10:15 – 11:00
Describe different testing methodologies and what they indicate; review reading test reports		
Investigative Guidelines	Heather Hertzelt.....	11:00 – 11:45
Cite confirmed case definitions for two reportable diseases; describe two uses of the IG's for disease prevention; outline LHD response to two reportable disease special situations.		
Lunch.....		11:45 – 12:30
OSPHL Overview	Sarah King.....	12:30 – 1:20
Determine what tests are available at the Oregon State Public Health Lab (OSPHL) and how to order them; to include specimen requirements for common tests, and how to prepare specimens for transport.		
Communicable Disease Exercises	Meagan McLafferty.....	1:20 – 2:10
Wrap up, Post-test and Evaluation.....		2:10 – 2:30
