

# OREGON PROJECT FIRSTLINE

## What is Oregon Project Firstline?

A partnership with the Centers for Disease and Control Prevention (CDC) that supports frontline healthcare workers and educators by providing infection prevention and control (IPC) training materials and curriculum.

## What does Oregon Project Firstline offer?

- **Recorded Lectures** covering a wide range of IPC topics.
- **Interactive Resources** to test your knowledge.
- **IPC Training Toolkits** that cater to all styles of learning.
- **Printable Materials** including posters, fact sheets, and infographics.
- **Videos and Social Media Graphics.**

## Get involved with Oregon Project Firstline!

- **Use our online Infection Prevention and Control Training Request Portal** to request training from an expert tailored to your group's size, knowledge level, and needs.
- **Bookmark our website** and stay up-to-date on what Oregon is doing to combat infectious disease threats by scanning our QR code.
- **Subscribe to our text campaign** by texting "JoinORIPC" to 59309.
- **Join our Oregon Project Firstline emailing list** by emailing us at the link below.
