

COVID-19 Response ECHO for Oregon Clinicians – Part II

Oregon clinicians are cordially invited to participate in the second cohort of the COVID-19 Response ECHO for Oregon Clinicians, sponsored by the Oregon ECHO Network.*

What Is ECHO?

ECHO is a tele-mentoring program that uses videoconferencing technology to combine brief expert presentations with interactive and practical case presentations from participants. The overall goal of ECHO programming is to build new capacity for care at the community level.

Focus of This ECHO

This 8-Session program will support clinicians, staff and other healthcare professionals during the COVID-19 pandemic. Jointly presented with the Oregon Health Authority, sessions will look at Oregon's response to the pandemic, the state of the science in treatment and prevention, and offer guidance to practices for systems change.

- Learn strategies to optimize the treatment and prevention of COVID-19 while keeping staff and others safe
- Stay current on the Oregon Health Authority's latest guidance for Oregon healthcare practices
- Receive guidance on evidence-based treatments for COVID-19
- Share and receive advice on systems change within practices.

Benefits of participation include:

- No cost to you or your facility
- No-cost continuing medical education (CME) credits**
- The opportunity to present your tough cases and receive feedback from a multidisciplinary team of specialists and your peers

How to Participate

Sessions for this cohort will occur via videoconference on the second and fourth Thursdays, noon – 1:15 p.m., June 11 through September 24, 2020.

This program is open to all Oregon clinicians, healthcare staff, and other healthcare professionals.
